

Contents

Part I Anatomy, Physiology, Congenital Defects, and Disease

1 The Anatomy and Function of the Atrioventricular Valves.....	3
Michael G. Bateman, Jason L. Quill, Alexander J. Hill, and Paul A. Iaizzo	
2 The Anatomy and Function of the Semilunar Valves.....	27
Michael G. Bateman, Jason L. Quill, Alexander J. Hill, and Paul A. Iaizzo	
3 Congenital Heart Defects That Include Cardiac Valve Abnormalities.....	45
Roosevelt Bryant III	
4 Acquired Valve Disease and Processes.....	73
Cindy M. Martin	

Part II Valve Repair and Replacement

5 History of Heart Valve Repair	85
Lauren B. Kwasny, Richard W. Bianco, and Luis H. Toledo-Pereyra	
6 Heart Valve Disease.....	121
Ranjit John and Kenneth Liao	
7 Advanced 3D Imaging and Transcatheter Valve Repair/Implantation	159
Paul Schoenhagen and Andrew C.Y. To	
8 Transcatheter Mitral Repair and Replacement.....	187
Jason L. Quill, Ana R. Menk, and Gilbert H.L. Tang	

9	Percutaneous Pulmonary Valve Implantation: The First Transcatheter Valve	211
	Silvia Schievano, Andrew M. Taylor, and Philipp Bonhoeffer	
10	Transcatheter Aortic Valve Implantation	227
	Nicolo Piazza, Darren Mylotte, and Giuseppe Martucci	
11	Tissue-Engineered Heart Valves	261
	Jillian B. Schmidt and Robert T. Tranquillo	
 Part III Testing and Regulatory Issues		
12	In Vitro Testing of Heart Valve Substitutes	283
	Timothy A. Kelley, Sal Marquez, and Carl F. Popelar	
13	Numerical Methods for Design and Evaluation of Prosthetic Heart Valves	321
	Michael J. Schendel and Carl F. Popelar	
14	Animal Models for Cardiac Valve Research.....	343
	Sarah E. Ahlberg, Michael G. Bateman, Michael D. Eggen, Jason L. Quill, Eric S. Richardson, and Paul A. Iaizzo	
15	The Use of Isolated Heart Models and Anatomic Specimens as Means to Enhance the Design and Testing of Cardiac Valve Therapies	359
	Michael G. Bateman, Alexander J. Hill, Jason L. Quill, Michael D. Eggen, Christopher D. Rolfes, and Paul A. Iaizzo	
16	Successful Development and Regulatory Approval of Replacement Cardiac Valves	381
	Stephen A. Howard, Michael G. Bateman, Timothy G. Laske, and Paul A. Iaizzo	
17	Clinical Trial Requirements for Cardiac Valves	403
	Jenna C. Iaizzo and Anna T.F. Lovas	
	Index.....	421

Heart Valves

From Design to Clinical Implantation

Iaizzo, P.A.; Bianco, R.W.; Hill, A.J.; St. Louis, J.D. (Eds.)

2013, XI, 429 p. 165 illus., 103 illus. in color., Hardcover

ISBN: 978-1-4614-6143-2
