

Contents

1	Characteristics of Symplasmic Transport	1
	Paweł Sowiński	
2	Developmental Control of Plasmodesmata Frequency, Structure, and Function	41
	Katrin Ehlers and Maike Große Westerloh	
3	Regulation of Intercellular Transport Through Plasmodesmata Under Abiotic Stresses.....	83
	Anna Bil ska	
4	Symplasmic Transport in Wood: The Importance of Living Xylem Cells.....	101
	Katarzyna Sokołowska	
5	Symplasmic Transport in Phloem Loading and Unloading.....	133
	Johannes Liesche and Alexander Schulz	
6	Mechanism of Long-Distance Solute Transport in Phloem Elements.....	165
	Craig A. Atkins	
7	Plasmodesmata and Phloem-Based Trafficking of Macromolecules	183
	Dhinesh Kumar, Ritesh Kumar, Tae Kyung Hyun, and Jae-Yean Kim	
8	Plasmodesmata: New Perspectives on Old Questions	217
	Robyn L. Overall, Danny Y.T. Liu, and Deborah A. Barton	
	Index.....	245
