Contents

Part I Space Law

1 The Legal Framework Regulating International Outer Space Activities 3
Sources of Outer Space Law. 3
The Evolution of International Space Law 4
UNCOPUOS Activities 5
Stage 1. 6
Stage 2. 6
Stage 3. 6
Stage 4. 7
Legal Instruments Negotiated Within the UNCOPUOS Framework . . . 7
The 1967 Outer Space Treaty 8
The 1968 Rescue and Return Agreement 9
The 1972 Liability Convention 10
The 1975 Registration Convention. 11
The 1979 Moon Agreement 13
Non-binding Instruments 14
Resolution 37/92 on Direct Broadcasting by Satellite. 15
Resolution 41/65 on Remote Sensing of the Earth from Outer Space 15
Resolution 47/68 on Principles Relevant to the Use of Nuclear Power Sources (NPS) in Space 16
Resolution 51/112 on Space Benefits. 16
UNCOPUOS Developments in the Early Twentieth Century. 17
Legal Developments Outside of the UNCOPUOS Framework. 18
Preliminary Considerations 18
Bilateral and Multilateral Arrangements 19
Regulation of the Issues of Space Debris, Financing of Space Assets and Space Traffic Management. 20
Space Debris. 20
The Financing of Space Assets 23
Space Traffic Management 23

2 National Space Legislation 25
Overview 25
Enacting National Space Legislation: The Issues 26
Authorization and Supervision of National Space Activities 26
The Registration Convention 27
The Liability Convention 28
Selected National Space Legislative Actions 29
The United States 29
The Russian Federation 30
France 31
Belgium and The Netherlands 32
Export Control 33
The U. S. Approach 33
The European Export Control Regulation 34

3 Global Administration of Outer Space 37
Overview 37
The Role of the United Nations and Its Specialized Agencies 37
The U. N. Committee on the Peaceful Uses of Outer Space 37
Agencies Within the United Nations 39
International Space-Related Organizations Outside of U. N. Systems 41
The Role of Non-Governmental Organizations 43
International Association of the Advancement of Space Safety 44
International Space Safety Foundation 45
Space Law Institutions 45

4 Dispute Settlement in Outer Space 47
Overview 47
Assessment of Existing Procedures 48
The Outer Space Treaty 48
The 1972 Liability Convention 49
International Inter-governmental Organizations and Bilateral Agreements 51
Recent Developments 52
The 1998 ILA Draft Convention 52
The PCA Rules 53
Evolution of the PCA Rules 54
Overview of the PCA Outer Space Optional Rules 55

Part II Space Policy

5 Space Policy: The Political and Strategic Impact of Space Activities 61
Overview 61
The Economic Dimension of Space Activities. 62
Overview of Global Space Economy 63
The Political Dimension of Space Activities 64
The Cold War Times 65
Post Cold War Era to the Present 65

6 Strategic, Economic and Political Space Policies and Issues 67
National Space Policies: A Few Examples 67
The United States 67
Europe 68
The Russian Federation 69
Japan 69
China 69
Other National Space Policies 70
Space Security 70
Regulating Military Activities in Outer Space 71
Prevention of Weaponization of Outer Space 72
The Commercialization of Outer Space 72
Launch Services 73
Suborbital Space Tourism. 77
The Dual Nature of Satellites and the Commercialization of Outer Space 79

7 The Future Challenges of Space Law and Policy 81
International Regulation of Space Debris 81
Harmonization of National Space Legislation 82
Wider Ratification of the U. N. Space Treaties 83
Regulation of Suborbital Space Tourism 83
Sustainability of Space Activities 83

Conclusion 85

End Notes 89
