

Contents

1	Introduction	1
	Seppo Kellomäki, Antti Kilpeläinen and Ashraful Alam	
Part I Forest Management for Bioenergy Production		
2	Tree Species, Genetics and Regeneration for Bioenergy Feedstock in Northern Europe	7
	Lars Rytter, Karin Johansson, Bo Karlsson and Lars-Göran Stener	
3	Short-rotation Forestry for Supplying Biomass for Energy Production	39
	Hardi Tullus, Arvo Tullus and Lars Rytter	
4	Integrated Production of Timber and Energy Biomass in Forestry ...	57
	Johanna Routa, Piritta Pyörälä, Ashraful Alam, Antti Kilpeläinen, Heli Peltola and Seppo Kellomäki	
5	Nutrient Management for Sustainable Production of Energy Biomass in Boreal Forests	81
	Heljä-Sisko Helmisaari and Lilli Kaarakka	
6	Fertilization in Boreal and Temperate Forests and the Potential for Biomass Production	95
	Per-Ola Hedwall and Johan Bergh	
7	Integration of Management Measures for Bioenergy Production from Spatial and Temporal Perspectives in a Forest Region— the Case of Finland	111
	Antti Kilpeläinen and Mitch Baker	

Part II Mitigation and Carbon Sequestration

- 8 Effects of Bioenergy Production on Carbon Sequestration in Forest Ecosystems** 125
Seppo Kellomäki, Antti Kilpeläinen and Ashraful Alam
- 9 Stump Harvesting, Bioenergy Feedstock and Sequestration of Carbon in Soil** 159
Ashraful Alam, Seppo Kellomäki and Antti Kilpeläinen
- 10 Life Cycle Carbon Assessment of Bioenergy Production** 171
Antti Kilpeläinen
- 11 Time Dynamics and Radiative Forcing of Forest Bioenergy Systems** 185
Roger Sathre, Leif Gustavsson and Sylvia Haus

Part III Adaptation

- 12 Climate Change and Forest Management: Implications for Energy Biomass Production in Boreal Forest Ecosystems** 209
Ashraful Alam
- 13 Risk and Uncertainty in Adaptive Forest Management Under Climate Change** 223
Rasoul Yousefpour and Bo Jellesmark Thorsen
- 14 Economic Competitiveness of Forest Biomass Energy** 239
Sepul K. Barua and Renato Bonilha

Part IV Future Direction/Conclusions

- 15 Conclusions** 255
Seppo Kellomäki, Antti Kilpeläinen and Ashraful Alam
- Annex** 259
- Index** 263

Forest BioEnergy Production

Management, Carbon sequestration and Adaptation

Kellomäki, S.; Kilpeläinen, A.; Alam, A. (Eds.)

2013, XI, 268 p. 99 illus., 26 illus. in color., Hardcover

ISBN: 978-1-4614-8390-8
