

Contents

Part I Fundamentals

1	Anatomy of the Carpal Ligaments	3
	V. Feipel	
2	Carpal Biomechanics: Application to Ligamentous Injuries.	19
	E. Camus	
3	Clinical Examination of Wrist Ligaments	39
	C. Rizzo, J. Garret, V. Guigal, and A. Gazarian	
4	Imaging of Traumatic Carpal Instability.	67
	J.-C. Dosch and T. Moser	
5	MRI of Normal Anatomy and Injuries of Extrinsic Ligaments	81
	M. Shahabpour, P. Ceuterick, B. Allemon, N. Pouliart, S. Provyn, and M. De Maeseneer	
6	Definition and Classification of Carpal Instability	95
	E. Camus	
7	Normal Wrist Arthroscopy	99
	G. Dautel	
8	Application of Wrist Arthroscopy to the Study of the Intrinsic Ligaments	109
	G. Dautel and F. Delétang	
9	Arthroscopic Anatomy and Lesions of the Extrinsic Ligaments.	119
	L. Van Overstraeten	
10	Dynamic Arthroscopic Testing: False Positives and False Negatives	133
	N. Dréant	

11 Arthroscopic Criteria to Date Traumas	137
L. Van Overstraeten	

Part II Treatment of Ligament Lesions

12 Management of Wrist Sprain by the General Practitioner	145
E. Camus	
13 Role of the Specialist to Sensitize First-Line Therapists	151
L. Van Overstraeten	
14 Management of Painful Constitutional Laxities	155
L. Van Overstraeten	
15 Rotatory Radiocarpal Instability	161
J.-L. Roux	
16 Vertical Instability of the Carpus – Axial Dislocation and Fracture-Dislocation: Review of the Literature.	177
J. Vogels, A.-P. Uzel, and O. Delattre	
17 Arthroscopic Debridement Pinning: Management of Recent and Unstable Perilunate Injuries.	183
L. Van Overstraeten	
18 Technique of Open Scapholunate Ligament Repair.	187
J. Garret	
19 Management of Scapholunate Instabilities Resorting to Blatt's Capsulodesis.	199
L. Van Overstraeten	
20 Management of Chronic Scapholunate Ligament Tears Before Arthritis Occurrence or to Prevent Arthritis	205
Ch. Mathoulin, E. Papadogeorgou, and A. Pagliei	
21 Berger's Capsulodesis with Dorsal Intercarpal Ligament in Chronic Scapholunate Instability.	227
N. Dréant	
22 Dorsal Scapholunate Capsulodesis: Viegas' Technique	235
E. Camus	
23 The Capsulo-Fibrosis: Horizontal Proximal Carpal Row Retightening Capsulodesis with Scapholunate 'Fibrosis' – A New Surgical Option for Scapholunate Dissociation.	243
O. Delattre, S. Joulie, J. Vogels, C. Alexieva, L. Stratan, and F. Duroux	

24	The Brunelli's Tenodesis	251
	F. Schuind and W. El Kazzi	
25	Chronic Lunotriquetral Ligament Injuries: Arthrodesis or Capsulodesis	257
	L. De Smet, I. Janssens, and W. Van De Sande	
26	Scapholunate Ligament Reconstruction Using a Bone-Ligament-Bone Autograft	261
	J. Goubau, P. Van Hoonacker, B. Berghs, and D. Kerckhove	
27	Reduction and Association of the Scaphoid and Lunate (RASL)	265
	J. Goubau, P. Van Hoonacker, B. Berghs, and D. Kerckhove	
28	Results of the Modified Brunelli Technique for Chronic Static Scapholunate Instability	269
	L. De Smet, P. Van Hoonacker, and S. Goeminne	
29	Scaphocapitate Arthrodesis	275
	F. Delétang	
30	Medicolegal Aspects of Traumatic Wrist Ligament Injuries	289
	L. Van Overstraeten	
31	Socioeconomic Aspects of Traumatic Wrist Ligament Injuries	295
	L. Van Overstraeten
