

Contents

1 General

1	Embryology of the Urogenital System and Intersexual Disorders	3
	J.N. Buy	
1.1	Embryology of the Urogenital System.....	3
1.2	Intersexual Disorders.....	10
1.3	Congenital Abnormalities Related or Not to Intersexual Disorders.....	16
2	Anatomy and Radioanatomy of the Pelvis and the Perineum and Anatomical Locations of Pelvic and Perineal Masses	17
	J.N. Buy	
2.1	Anatomy and Radioanatomy of the Pelvis and the Perineum.....	17
2.2	Anatomical Locations of Pelvic Masses.....	31
3	Ovarian and Adrenal Hormonal Synthesis	47
	J.N. Buy	
3.1	Ovarian Hormonal Synthesis.....	48
3.2	Adrenal Gland Hormonal Synthesis.....	49
4	Methods of Examination and Methods of Analysis of a Pelvic Mass or Process	51
	J.N. Buy	
4.1	Bases of Diagnosis.....	51
4.2	Methods of Examination.....	52
4.3	Methods of Analysis.....	52

2 Ovary

5	Embryology, Anatomy, and Histology	57
	J.N. Buy	
5.1	Embryology.....	57
5.2	Anatomy.....	57
5.3	Histology.....	59
6	Congenital Lesions	67
	J.N. Buy	
6.1	Absent Ovary.....	67
6.2	Lobulated, Accessory, and Supernumerary Ovary.....	67
6.3	Adrenal Cortical Rests.....	68
6.4	Uterus-Like Ovarian Mass.....	68
6.5	Splenic-Gonadal Fusion.....	68

7	Functional Lesions of the Ovary	71
	M. Ghossain and P. Rousset	
7.1	Introduction	71
7.2	Functional Lesions in Nonpregnant Women During the Reproductive Age Group	71
7.3	Functional Lesions in Postmenopausal (and in Perimenopausal) Women	90
7.4	Pregnancy	94
7.5	In Young Girls	98
7.6	Others	98
8	Ovarian Infertility	101
	J.N. Buy and C. Sciôt	
8.1	Evaluation of Ovarian Reserve	102
8.2	Causes of Ovarian Infertility	102
9	Surface Epithelial-Stromal Tumors of the Ovary	107
	J.N. Buy	
9.1	Introduction	108
9.2	Principles of Imaging Characterization	112
9.3	Serous Tumors	114
9.4	Mucinous Tumors	159
9.5	Endometrioid Tumor	193
9.6	Clear Cell Tumors	201
9.7	Transitional Cell Tumor: Brenner Tumor	207
9.8	Other Epithelial and Mixed Tumors	214
9.9	Particular Presentations	222
9.10	Extension	226
9.11	Tumoral Markers	239
9.12	Follow-Up and Recurrence	240
10	Germ Cell Tumors	249
	J.N. Buy and D. Vadrot	
10.1	Introduction	249
10.2	Classification and Frequency	250
10.3	Mature Cystic Teratoma (MCT)	251
10.4	Other Teratomas	298
10.5	Primitive Germ Cell Tumors	314
10.6	Germ Cell-Sex Cord-Stromal Cell Tumors	324
11	Sex Cord-Stromal Tumors	329
	J.N. Buy	
11.1	Introduction	329
11.2	Embryology	329
11.3	Definitions	330
11.4	Frequency	330
11.5	Biology of the Normal Ovary	331
11.6	Classification and General Features	331
11.7	Radiologic Findings	331

12	Metastatic Tumors of the Ovary and Lymphomas	377
	J.N. Buy	
12.1	General Features	377
12.2	Metastatic Tumors	378
12.3	Malignant Lymphomas	394
13	Tumors with Functioning Stroma	399
	J.N. Buy	
13.1	Definition	399
13.2	Frequency and Distribution	399
13.3	Mechanism of Hormone Secretion	400
13.4	Microscopy Findings and Histochemical Investigations	400
13.5	Types of Tumors with Functioning Stroma	400
13.6	Imaging Findings	400
14	Hyperandrogenism	403
	J.N. Buy	
14.1	Biosynthesis of Adrenal and Ovarian Androgens	403
14.2	Clinical and Biological Findings	404
14.3	Etiology	404
14.4	Methods of Examination	404
14.5	Functional Lesions of the Ovary	404
14.6	Androgen-Producing Ovarian Tumors	406
14.7	Ovarian Gonadoblastoma	408
14.8	Tumors with Functioning Stroma	408
15	Nonspecific Tumors of the Ovary Including Mesenchymal Tumors	409
	J.N. Buy and C. Sciôt	
15.1	Tumors of Fibrous Tissue Origin	409
15.2	Tumors of Muscle Origin	409
15.3	Tumors of Vascular and Lymphatic Origin	411
15.4	Tumors of Cartilage Origin	411
15.5	Tumors of Bone Origin	411
15.6	Tumors of Neural Tissue Origin	411
15.7	Tumors of Adipose Tissue Origin	411
15.8	Tumors of Mesothelial Origin	411
15.9	Ovarian Tumors of Probable Wolffian Origin	412
15.10	Rete Cysts and Tumors	412
15.11	Hamartomas	412
3	Peritoneum	
16	Diseases of the Peritoneum	417
	J.N. Buy and K. Hassen	
16.1	Inflammatory Lesions	417
16.2	Tumor-Like Lesions	421

16.3	Mesothelial Neoplasms	427
16.4	Metastatic Tumors	431
16.5	Other Diseases of the Peritoneum	431

4 Secondary Mullerian System

17	Secondary Mullerian System	439
	C. Sciote and J.N. Buy	
17.1	Endometriosis	439
17.2	Endosalpingiosis	502
17.3	Endocervicosis	503
17.4	Extra-Ovarian Serous and Mucinous Tumors	503
17.5	Leiomyomatosis	503

5 Muller Duct

18	Introduction	509
	J.N. Buy	
18.1	Embryology	509
18.2	Different Types of Lesions Along the Mullerian Duct According to Histology	511
19	Congenital Abnormalities of the Mullerian Ducts	513
	J.N. Buy and M. Ghossain	
19.1	Three Main Types	513
19.2	Associated Lesions	522
19.3	Other Abnormalities	524
20	Diseases of the Fallopian Tube	531
	J.N. Buy	
20.1	Anatomy and Histology	531
20.2	Non-Tumoral Tubal Lesions	534
20.3	Benign Tubal Neoplasms	535
20.4	Malignant Tubal Neoplasms	536
21	Anatomy, Histology, and Normal Imaging of the Endometrium	543
	J.N. Buy	
21.1	Vascular Anatomy	543
21.2	Morphology and Physiology of the Normal Endometrium	544
21.3	Morphology of the Gestational Endometrium	545
21.4	Morphology of Inactive and Atrophic Endometrium	545
21.5	Normal Imaging	545
22	Benign and Malignant Endometrium	549
	J.N. Buy and M. Ghossain	
22.1	Atrophy	549
22.2	Polyps	550
22.3	Endometrial Hyperplasia	558

22.4	Primitive Malignant Tumors.....	562
22.5	Endometritis	579
22.6	Effects of Therapy	579
23	Anatomy and Histology of the Uterus Body	589
	J.N. Buy	
23.1	Anatomy.....	589
23.2	Structure of the Myometrium.....	590
23.3	Vascular Supply and Lymphatic Drainage	592
23.4	Histology	593
23.5	Radioanatomy of the Myometrium	593
24	Benign and Malignant Mesenchymal Tumors of the Uterus	597
	J.N. Buy	
24.1	Introduction	597
24.2	Classification.....	598
24.3	Smooth Muscle Tumors.....	598
24.4	Endometrial Stromal Tumors.....	620
24.5	Miscellaneous Mesenchymal Tumors.....	624
24.6	Adenomyosis, Adenomyoma, and Adenomyotic Cyst.....	626
25	Mixed Epithelial Mesenchymal Tumors	639
	J.N. Buy	
25.1	Definition.....	639
25.2	Adenofibroma	639
25.3	Adenosarcoma.....	640
25.4	Malignant Mesodermal Mixed Tumor (MMMT) or Carcinosarcoma	642
26	Embryology, Anatomy and Histology of the Cervix	649
	J.N. Buy	
26.1	Embryology.....	649
26.2	Anatomy.....	649
26.3	Histology	651
27	Benign Diseases of the Cervix	653
	J.N. Buy	
27.1	Inflammatory Diseases	653
27.2	Metaplasia-Hyperplasia	653
27.3	Cysts.....	654
27.4	Benign Tumors.....	656
28	Carcinoma and Other Tumors of the Cervix	663
	J.N. Buy	
28.1	Squamous Cell Carcinoma	663
28.2	Adenocarcinoma.....	673
28.3	Other Epithelial Tumors	680
28.4	Malignant Mesenchymal Tumors.....	681
28.5	Mixed Epithelial and Mesenchymatous Tumors.....	681

28.6	Miscellaneous.....	681
28.7	Secondary Tumors	681
29	Embryology, Anatomy, and Histology of the Vagina	685
	J.N. Buy	
29.1	Embryology.....	685
29.2	Anatomy.....	685
29.3	Histology	688
30	Diseases of the Vagina	691
	J.N. Buy	
30.1	Cysts.....	691
30.2	Benign Neoplasms	694
30.3	Malignant Neoplasms	695
30.4	Other Pathologies.....	706
30.5	Recurrence and Follow-Up.....	707

6 Broad Ligament

31	Embryology Anatomy, Histology and Diseases of the Broad Ligament	713
	J.N. Buy	
31.1	Embryology, Anatomy, and Histology	713
31.2	WHO Classification of Tumors of the Broad Ligament and Other Uterine Ligaments.....	713
31.3	Imaging Findings	714

7 Complications of Adnexal Masses

32	Complications of Adnexal Masses	725
	M. Ghossain	
32.1	Intracystic Hemorrhage	725
32.2	Hemorrhage in a Solid Portion of a Tumor.....	726
32.3	Rupture or Leakage	726
32.4	Adnexal Torsion	732
32.5	Necrosis	752
32.6	Infection.....	753
32.7	Fistula	754
32.8	Hernia	755

8 Pelvic Inflammatory Disease (PID)

33	Pelvic Inflammatory Disease	759
	J.N. Buy and C. Sciôt	
33.1	Anatomy and Histology of the Tube.....	759
33.2	General Features	759
33.3	Acute Manifestations of PID	760

33.4	Chronic Manifestations of PID	777
33.5	Chronic with Acute Inflammatory Response.....	782
33.6	PID Related to Uncommon Infections	782

9 Vulva

34	Vulva or Pudendum Embryology, Anatomy, and Histology	787
	J.N. Buy	
34.1	Definitions.....	787
34.2	Embryology.....	789
34.3	Anatomy.....	790
34.4	Histology	792
34.5	Normal MR Imaging	792
35	Benign Diseases of the Vulva	795
	J.N. Buy and J.P. Akakpo	
35.1	Cysts.....	795
35.2	Inflammatory Diseases	797
35.3	Benign Tumors.....	797
35.4	Endometriosis of the Vulva	798
35.5	Congenital Abnormalities	798
36	Premalignant and Malignant Tumors of the Vulva	801
	J.P. Akakpo and J.N. Buy	
36.1	Introduction	801
36.2	Squamous Tumors	801
36.3	Glandular Tumors	806
36.4	Mesenchymal Tumors	807
36.5	Other Malignant Vulvar Tumors.....	807

10 Pathology of the Pelvic Floor

37	Pelvic Floor Dysfunction	811
	P. Rousset and B. Deval	
37.1	Introduction	811
37.2	Definitions.....	812
37.3	Clinical Findings.....	813
37.4	Anatomy of Pelvic Floor Structures and Physiopathology	815
37.5	Imaging	821
37.6	Conclusion.....	837
	Index	841
