
Contents

1	Introduction to Dissection	1
1.1	Prologue	1
1.2	Releasing a Corpse for Research Purposes	4
1.3	Instrumentarium	8
	References	10
2	General Anatomic Layout	11
2.1	Anatomic Layout	11
2.2	Neck Boundaries	11
2.3	Structure	12
2.4	Cervical Fasciae	13
2.5	Lymph Node Stations	14
2.6	Before Beginning the Dissection	15
	References	17
3	Superficial Dissection	19
3.1	Anatomic Layout	19
3.2	Cutaneous Flap	19
3.3	Anatomical Triangles	22
3.4	Robbins Levels	23
	References	26
4	Parotid Region	27
4.1	Anatomic Layout	27
4.2	Superficial Fascial Plane	28
4.3	Superficial Parotid Pedicles	30
4.4	Parotidectomy	31
4.5	In the Search of Facial Nerve	32
4.6	Deep Parotid Pedicles	34
4.7	Deep Parotid Lobe	38
	References	41
5	Submandibular–Submental Region (Robbins Level I)	43
5.1	Anatomic Layout	43
5.2	Cervical Fascia and Distal Facial Pedicle	44

5.3	Gland Dissection	47
5.4	Plane of Hyoglossal Muscle	50
	Reference	54
6	Laterocervical Region (Supraclavicular Region: Robbins Level V)	55
6.1	Anatomic Layout	55
6.2	Superficial Cervical Fascia and Spinal Accessory Nerve.	57
6.3	Cervical Plexus and Transverse Pedicle	60
6.4	Scalene Muscles Plane and Brachial Plexus.	63
6.5	Phrenic Nerve	65
6.6	Subclavian Artery	66
	References	67
7	Laterocervical Region (Sternocleidomastoid Region: Robbins Levels II, III, and IV)	69
7.1	Anatomic Layout	69
7.2	Spinal Nerve and Robbins Level IIB	70
7.3	Sternocleidomastoid Muscle	73
7.4	Cervical Plexus	74
7.5	Cervical Vasculonervous Bundle (Upper Part).	75
7.6	External Carotid Artery and Hypoglossal Nerve	78
7.7	Farabeuf's Triangle.	80
7.8	Cervical Vasculonervous Bundle (Lower Part)	82
7.9	Subclavian Artery Region.	84
	References	88
8	Anterior Region (Robbins Level VI: Inferior Part)	89
8.1	Anatomic Layout	89
8.2	Fascial Plane and Infrahyoid Muscles	91
8.3	Thyroid Gland	93
8.4	Recurrent Region	98
8.5	Base of the Neck.	103
8.6	Tracheostomy	105
8.7	Oesophagus.	106
	References	109
9	Anterior Region (Robbins Level VI: Superior Part)	111
9.1	Anatomic Layout	111
9.2	Hyoid Area	112
9.3	Larynx.	114
9.4	Hypopharynx	120
9.5	Laryngectomy.	120
9.6	Inside the Larynx	127
	References	133

10 Prevertebral Region	135
10.1 Anatomic Layout	135
10.2 Cervical Sympathetic Chain	135
10.3 Vertebral Artery	138
10.4 Prevertebral Plane	139
10.5 Epilogue	140
References	141
11 Microscopic Anatomy of the Larynx	143
11.1 Anatomical Layout	143
11.1.1 Elastic Skeleton	144
11.1.2 Fibrocartilaginous Skeleton	144
11.1.3 Ossification of the Cartilages	146
11.2 Larynx Mucosa	147
11.3 Larynx Submucosa	148
11.3.1 Preepiglottic Space	148
11.3.2 Paraglottic Spaces	150
11.4 Sites and Subsites	153
11.4.1 Arytenoid Cartilage: Glottis or Supraglottis?	154
11.4.2 Definition of the Anterior Commissure	154
11.4.3 Boundary Between Glottis and Subglottis	154
References	155
12 Pattern of Spreading of Larynx Cancer	157
12.1 Laryngeal Structure and Neoplastic Spreading	157
12.1.1 Infiltration of the Cartilages	157
12.2 Supraglottic Carcinoma	158
12.2.1 Median Supraglottic Carcinoma with Symmetrical Development	158
12.2.2 Median Supraglottic Carcinoma with Asymmetrical Development	161
12.2.3 Lateral Supraglottic Carcinoma	162
12.2.4 Marginal Supraglottic Carcinoma	164
12.3 Glottic Carcinoma	165
12.3.1 Glottic Carcinomas Limited to the Glottic Site	166
12.3.2 Glottic Carcinoma with Subglottic Extension	169
12.3.3 Glottic Carcinoma with Supraglottic Extension	171
12.3.4 Transglottic Carcinoma	173
12.4 Subglottic Carcinoma	173
12.5 External Laryngeal Carcinomas	174
12.5.1 Hypopharynx Carcinoma	174
12.5.2 Glossoepiglottic Region Carcinoma	176
References	184

13 Concerning Endoscopy, Imaging, and Surgical Options in Larynx Cancer	187
13.1 Topographic Anatomy of the Endolarynx	187
13.2 Oncological Staging	193
13.3 What are the Surgical Options?	194
13.4 Choice of Surgery Based on the Assessment of the Critical Areas	195
References	209
14 Notes on Laryngeal Surgical Technique	211
14.1 Laser Cordectomy (Type II)	211
14.2 Supraglottic Horizontal Laryngectomy	216
14.3 Supracricoid Laryngectomy	225
14.4 Glottic–Subglottic Laryngectomy	237
14.5 Total Laryngectomy	241
14.6 Modified Radical Neck Dissection	252
References	263
Index	265

Practical Guide to Neck Dissection

Focusing on the Larynx

Lucioni, M.

2013, XXII, 268 p., Hardcover

ISBN: 978-3-642-33976-9
