

Contents

1	Introduction	1
2	Diamonds Used for HPHT Treatment.	5
2.1	Types of Diamond	5
2.1.1	Type I Diamonds	6
2.1.2	Type II Diamonds	8
2.1.3	Natural Occurrence of Diamond Types	9
2.1.4	Recognition of Diamond Types	10
2.2	Colors of Natural Diamonds	12
2.2.1	Brown	13
2.2.2	Yellow	16
2.2.3	Blue to Violet	18
2.2.4	Green	19
2.2.5	Pink and Red	21
2.2.6	Gray	23
2.3	Color of Diamonds Used for HPHT Treatment	24
3	Parameters of HPHT Treatment	27
3.1	Temperature	28
3.2	Pressure	30
3.3	Time	32
3.4	Comparing HPHT Treatment and Natural HPHT Annealing	35
4	HPHT-Induced Transformations	39
4.1	Nitrogen Aggregation	39
4.2	Dissociation of Nitrogen Complexes	46
4.3	Ultimate HPHT Treatment	52
4.4	Multi-Process Treatment	53
4.5	Color Transformations	54
4.5.1	Removal of Brown Color and Decoloration	56
4.5.2	Fancy Colors	63
4.6	Typical Defect Transformations During Commercial HPHT Treatment	82

4.6.1	Initially Brown Type IIa Diamonds	82
4.6.2	Initially Colorless Type IaAB Diamonds	83
4.6.3	Initially Brown Type Ia Diamonds	84
4.6.4	Initially Brown Low-Nitrogen Type IaB Diamonds	85
5	Structural Features of HPHT-Treated Diamonds	87
5.1	Fractures and Cracks	87
5.2	Inclusions	89
5.3	Graining	92
5.4	Surface Modification	93
5.5	Internal Stress	94
5.6	Dislocations	96
6	Spectroscopic Features of HPHT-Treated Diamonds	99
6.1	Optical Centers in UV-Vis-NIR Spectral Range	100
6.2	Optical Centers in IR Spectral Range	169
6.3	Optical Continua	191
6.3.1	The Secondary Absorption	191
6.3.2	The Brown Absorption Continuum	192
6.3.3	The C Defect Absorption Continuum	194
6.3.4	The Boron Absorption Continuum	195
6.4	Combinations of Optical Centers and Continua	197
7	Visual Luminescence and Luminescence Imaging	201
7.1	Blue Fluorescence	203
7.2	Green/Yellow Fluorescence	204
7.3	Orange/Red Fluorescence	206
7.4	Fluorescence Cage	208
7.5	Fluorescence of Macrodefects	211
8	Technology and Business of HPHT Treatment	215
8.1	Basics of HPHT Treatment Technology	215
8.2	Selection and Preparation of Diamonds for HPHT Treatment	217
8.2.1	Selection and Pre-Shaping	218
8.2.2	Cleaning of Pre-Shaped Diamonds	218
8.2.3	Characterization of Pre-Shaped Diamonds	220
8.3	HPHT Annealing	220
8.4	Commercial Aspects of HPHT Treatment	226
8.4.1	Price of HPHT-Treated Diamond	226
8.4.2	Market of HPHT-Treated Diamonds	228
9	Concluding Remarks	231
9.1	Commercial Danger of HPHT Treatment	231
9.2	Fidelity of Identification of HPHT-Treated Diamond	234

9.2.1	Identification Features	234
9.2.2	Non-uniformity of Natural Diamond	237
9.2.3	Similarity of Natural and Artificial HPHT	237
9.2.4	Identification Techniques	239
9.3	Status of HPHT-Treated Diamond	240
