

Contents

<i>Dictyostelium discoideum</i> as a Model in Biomedical Research	1
Sandra Muñoz-Braceras, Ana Mesquita and Ricardo Escalante	
Genome Analysis of Social Amoebae	35
Gernot Glöckner	
Signalling During Dictyostelium Development	49
Cornelis J. Weijer	
The Chemotactic Compass.	71
Dawit Jowhar and Chris Janetopoulos	
Transcriptional Regulators: Dynamic Drivers of Multicellular Formation, Cell Differentiation and Development	89
Rafael D. Rosengarten, Balaji Santhanam and Mariko Katoh-Kurasawa	
Non-coding RNAs in <i>Dictyostelium discoideum</i> and Other Dictyostelid Social Amoebae	109
Lotta Avesson, Andrea Hinas and Fredrik Söderbom	
Sex in Dictyostelia	129
Gareth Bloomfield	
A Global Overview of Dictyostelid Ecology with Special Emphasis in North American Forest	149
James C. Cavender	
Evolution of Dictyostelid Social Amoebas Inferred from the Use of Molecular Tools	167
Maria Romeralo and Omar Fiz-Palacios	
The Evolution of the Cellular Slime Molds.	183
John Tyler Bonner	

Social Selection in the Cellular Slime Moulds 193
Vidyanand Nanjundiah and Santosh Sathe

The Non-dictyostelid Sorocarpic Amoebae 219
Matthew W. Brown and Jeffrey D. Silberman

Index 243

Dictyostelids

Evolution, Genomics and Cell Biology

Romeralo, M.; Baldauf, S.; Escalante, R. (Eds.)

2013, VIII, 255 p., Hardcover

ISBN: 978-3-642-38486-8
