Part I Research on Cardiac Surgery and Right Cardiac Catheterization Before the Advent of Cardiopulmonary Bypass

1	The Discovery of Blood Circulation.	3
	Yves Glock	
2	The History of Surgical Research	11
	Marco Picichè	
3	The Ignored Birth of Cardiac Surgery: The History of the Surgical Treatment of Heart Wounds and Pericardial Effusions	19
	Vladimir Saplacan, Fabio Cuttone and Massimo Massetti	
4	The History of Pulmonary Embolectomy Before the Advent of CPB	29
	Marco Vola and Jean-Francois Fuzellier	
5	Right Cardiac Catheterization Before the Advent of Cardiopulmonary Bypass	35
	Achille Gaspardone and Giulio G. Stefanini	
6	The History of Mitral and Tricuspid Valve Surgery Before the Advent of Cardiopulmonary Bypass	45
	Luigi Chiariello, Paolo Nardi and Giovanni Alfonso Chiariello	
7	Surgery of the Aortic Valve Before the Era of Cardiopulmonary Bypass	55
	Yves Glock	

8	The History of Myocardial Revascularization Before the Advent of Cardiopulmonary Bypass	65
	Marco Picichè	
9	The History of Experimental Heterotopic and Orthotopic Heart Transplantation Before Cardiopulmonary Bypass	79
	Tyson A. Fricke and Igor E. Konstantinov	
10	The History of Pediatric Cardiac Surgery Before the Introduction of Extracorporeal Circulation	85
	Alessandro Frigiola	

Part II Research on the Cardiopulmonary Bypass Machine

11	On the Path to Cardiopulmonary Bypass: From Le Gallois' Experiments to Brukhonenko's Machine	105
	Matthew S. Yong, Stephen B. Horton and Igor E. Konstantinov	
12	Research on Cardiopulmonary Bypass in North America.	115
	Manon Caouette	
13	From Research on Hibernation and Hypothermia to Recent Advances in Cardiopulmonary Bypass.	127
	Isabelle Plamondon and Edoardo Gasparotto	
14	Cardiac Anaesthesia	135
	Fabio Guarracino and Rubia Baldassarri	

Part III Research on Interventional Cardiology and Cardiac Surgery After the Advent of Cardiopulmonary Bypass

15	The History of Research on Coronary Angiography and Coronary Angioplasty	145
	Luigi La Vecchia	
16	Right Cardiac Catheterization After the Advent of CPB	163
	Achille Gaspardone and Giulio G. Stefanini	
17	The History of Research on Coronary Stenting	167
	Fabrizio Tomai and Leonardo De Luca	

18	The History of Percutaneous Valvuloplasty	181
	Alessandro Fontanelli	
19	Percutaneous Closure of Atrial and Ventricular Septal Defects.	189
	Achille Gaspardone and Giulio G. Stefanini	
20	Evolution of Homografts and Prosthetic Heart Valves	197
	Marco Picichè	
21	The History of Research on Mitral, Tricuspid, and Aortic Valve Repair After the Advent of Cardiopulmonary Bypass	205
	Ruggero De Paulis, Andrea Salica, Raffaele Scaffa and Luca Weltert	
22	History of Research on Myocardial Protection	215
	Victor S. Costache, Cristian Martu, Nicolas Chavanis, Jean Philippe Friehe and Serban Stoica	
23	Supra-Diaphragmatic Aortic Surgery: Evolution of Material, Techniques and Brain Protection	225
	François Dagenais	
24	Surgical Treatment of Atrial Fibrillation.	233
	Gino Gerosa, Carlo Dal Lin and Vincenzo Tarzia	
25	Catheter Ablation of Atrial Fibrillation.	241
	Alessio Marinelli and Domenico Corrado	
26	The History of Cardiac Pacemakers and Defibrillators	253
	Serge Boveda, Stéphane Garrigue and Philippe Ritter	
27	The History of Surgery for Ischemic Heart Disease and Mechanical Complications of Myocardial Infarction After the Advent of CPB	265
	Roland G. Demaria and Mohammed Al Yamani	
28	Progress and Milestones in the Treatment of Deep Sternal Wound Infections	273
	Richard Baillot and Daniel Cloutier	
29	Engineering for IABP and ECMO	285
	Roberto Lorusso, Attilio Renzulli and Sandro Gelsomino	

30	The History of Research on Ventricular Assist Devices and Total Artificial Heart	295
	Luc M. Jacquet	
31	The History of Research on Adult and Paediatric Heart Transplantation	303
	Johann U. Brink and Yves d’Udekem	
32	The History of Pediatric Cardiac Surgery After the Advent of Cardiopulmonary Bypass	313
	Jean E. Rubay	
33	Minimally Invasive and Robotic Cardiac Surgery	325
	Loris Salvador	
34	The History of Research on Percutaneous, Transapical, and Sutureless Aortic Valve Replacement	339
	Thierry Aymard and Thierry Carrel	
	Index	351

Dawn and Evolution of Cardiac Procedures
Research Avenues in Cardiac Surgery and
Interventional Cardiology

Picichè, M. (Ed.)

2013, XXII, 353 p., Hardcover
