# Contents

## Part I Introduction

- 1 Should Anesthesiologists Managing Morbidly Obese Patients Receive Special Education and Training? . . . . .** 3  
Anupama Wadhwa and Adrian O. Alvarez
- 2 How Should Obesity be Measured and How Should Anesthetic Drug Dosage be Calculated? . . . . .** 15  
Luc E. C. De Baerdemaeker, Jurgen G. M. Van Limmen  
and Yves Van Nieuwenhove

## Part II Preoperative Concerns

- 3 What are the Important Perioperative Risk Factors for Morbidly Obese Patients? . . . . .** 33  
Roman Schumann
- 4 Does Every Morbidly Obese Patient Need a Complete Preoperative Workup? . . . . .** 41  
Samuel R. Grodofsky and Ashish C. Sinha
- 5 Obesity and Metabolic Syndrome: Considerations from Anesthesiologists . . . . .** 53  
Antonino Gullo, Chiara Maria Celestre and Annalaura Paratore
- 6 Is a Full Cardiac Workup Indicated for Morbidly Obese Patients with Cardiac Disease? . . . . .** 69  
Donald P. Bernstein
