

Part I: Design of the Handbook of Ecological Concepts

1. Why Write a Handbook of Ecological Concepts?

A. Schwarz, K. Jax

2. *Structure of the Handbook*

K. Jax, A. Schwarz

3. *History of Concepts for Ecology*

A. Schwarz

Part II: The Foundations of Ecology: Philosophical and Historical Perspectives

4. *Multifaceted Ecology Between Organicism, Emergentism and Reductionism*

D. Bergandi

5. *The Classical Holism-Reductionism Debate in Ecology*

L. Trepl, A. Voigt

Part III: About the Inner Structure of Ecology – Some Theses

6. *Conceptualizing the Heterogeneity, Embeddedness, and Ongoing Restructuring That Make Ecological Complexity ‘Unruly’.*

P. Taylor

7. *A Few Theses Regarding the Inner Structure of Ecology.*

G. Wiegand

8. *Dynamics in the Formation of Ecological Knowledge.*

A. Schwarz

Part IV: Main Phases of the History of the Concept “Ecology”

9. *Etymology and Original Sources of the Term “Ecology”*

A. Schwarz, K. Jax

10. *The Early Period of Word and Concept Formation*

K. Jax, A. Schwarz

11. *Competing Terms*

K. Jax, A. Schwarz

12. *Stabilizing a Concept*

K. Jax

13. *Formation of Scientific Societies*

K. Jax

14. The Fundamental Subdivisions of Ecology

K. Jax, A. Schwarz

Part V: “Ecology”, Society and the Systems View in the Twentieth and Twenty-first Century

15. The Rise of Systems Theory in Ecology

A. Voigt

16. Ecology and the Environmental Movement

A. Jamison

17. Ecology and Biodiversity at the Beginning of the Twenty-first Century: Towards a New Paradigm?

P. Blandin

18. An Ecosystem View into the Twenty-first Century

W. Haber

Part VI: Local Conditions of Early Ecology

19. Early Ecology in the German-Speaking World Through WWII.

A. Schwarz, K. Jax

20. *The History of Early British and US-American Ecology to 1950*

R. McIntosh

21. *The French Tradition in Ecology: 1820–1950*

P. Matagne

22. *Early History of Ecology in Spain, 1868–1936*

S. Casado

23. *Plant Community, Plantesamfund*

P. Anker

24. *Looking at Russian Ecology through the Biosphere Theory*

G.S. Levit

Part VII: Border Zones of Scientific Ecology and Other Fields

25. *Geography as Ecology*

G. Hard

26. *Border Zones of Ecology and the Applied Sciences*

Y. Haila

27. Border Zones of Ecology and Systems Theory

E. Becker, B. Breckling

28. Economy, Ecology and Sustainability

J.M. Gowdy
