

Contents

Part I High Altitude Prosimian Primates

Effects of Altitude on the Conservation Biogeography of Lemurs in SouthEast Madagascar	3
Shawn M. Lehman	
Hibernation Patterns of Dwarf Lemurs in the High Altitude Forest of Eastern Madagascar	23
Marina B. Blanco and Laurie R. Godfrey	
Altitudinal Distribution and Ranging Patterns of Pygmy Tarsiers (<i>Tarsius pumilus</i>)	43
Nanda B. Grow	

Part II High Altitude Monkeys

Biogeography and Conservation of Andean Primates in Peru	63
Sam Shane, Noga Shane, Nicola Campbell and Nestor Allgas	
Population Density and Ecological Traits of Highland Woolly Monkeys at Cueva de los Guacharos National Park, Colombia	85
Sergio A. Vargas, Julián León, Mónica Ramírez, Nelson Galvis, Edgar Cifuentes and Pablo R. Stevenson	
Seed Dispersal by Woolly Monkeys in Cueva de los Guacharos National Park (Colombia): An Amazonian Primate Dispersing Montane Plants	103
Mónica A. Ramírez, Nelson F. Galvis, Sergio A. Vargas, José Julián León, Edgar F. Cifuentes and Pablo R. Stevenson	

Distribution and Ecology of the Most Tropical of the High-Elevation Montane Colobines: The Ebony Langur on Java	115
Vincent Nijman	
Snow Tolerance of Japanese Macaques Inhabiting High-Latitude Mountainous Forests of Japan	133
Hiroto Enari	
Seasonal and Altitudinal Migration of Japanese Macaques in the Northern Japan Alps	153
Shigeyuki Izumiyama	
<i>Rhinopithecus bieti</i> at Xiaochangdu, Tibet: Adaptations to a Marginal Environment	183
Zuofu Xiang	
Nutritional Implications of the High-Elevation Lifestyle of <i>Rhinopithecus bieti</i>.	199
Heidi Bissell	
Variation in Primate Abundance Along an Elevational Gradient in the Udzungwa Mountains of Tanzania	211
Claudia Barelli, Juan F. Gallardo Palacios and Francesco Rovero	
Deriving Conservation Status for a High Altitude Population: Golden Monkeys of Mgahinga Gorilla National Park, Uganda	227
Dennis Twinomugisha, Michael D. Wasserman and Colin A. Chapman	
Part III High Altitude Apes	
High Altitude Diets: Implications for the Feeding and Nutritional Ecology of Mountain Gorillas	247
Jessica M. Rothman, John Bosco Nkurunungi, Bianca F. Shannon and Margaret A. H. Bryer	
Preliminary Data on the Highland Sumatran Orangutans (<i>Pongo abelii</i>) of Batang Toru	265
S. A. Wich, G. Usher, H. H. Peters, Mokhamad Faesal Rakhman Khakim, M. G. Nowak and G. M. Fredriksson	

**Modern Human Biological Adaptations to High-Altitude
Environments in the Andean Archaeological Record 285**
Karen J. Weinstein

**High Altitude Primates, Extreme Primates, and Anthropological
Primates: Or, There is More to Human Evolution than
Tool Use, Culture, or African Apes 325**
Ken Sayers
