Part I Oxidative Stress in Periodontal Diseases (Basic Science)

1	Reactive Oxygen Species and Antioxidant Systems in Periodontal Disease.....	3
	Masaichi-Chang-il Lee	
2	The Role of Protein Oxidative Modification in Periodontal Diseases	15
	Ryutaro Isoda and Kenji Matsushita	
3	Association Between Oxidative Stress and Periodontal Diseases in Animal Model Studies	33
	Manabu Morita, Daisuke Ekuni, and Takaaki Tomofuji	
4	Expression of Reactive Oxygen Species in Junctional and Pocket Epithelium.....	53
	Daisuke Ekuni, James D. Firth, and Edward E. Putnins	
5	DNA Damage Caused by Oral Malodorous Compounds in Periodontal Cells In Vitro: Novel Carcinogenic Pathway.....	77
	Bogdan Calenic and Ken Yaegaki	
6	Apoptotic Pathways Triggered by Oral Malodorous Compounds in Periodontal Cells: Novel Periodontal Pathologic Cause	85
	Bogdan Calenic and Ken Yaegaki	
7	The Role of p53 in Carcinogenesis and Apoptosis in Oral Tissues	95
	Ken Yaegaki	
8	Physiological Roles of a Periodontopathic Bacterial Membrane-Bound Quinol Peroxidase.....	107
	Kiyoshi Konishi	

Part II Oxidative Stress in Periodontal Diseases (Clinical Studies)

- 9 Periodontitis and Oxidative Stress: Human Studies.....** 133
Luigi Nibali, Brian Henderson, Giovanni Li Volti,
and Nikos Donos
- 10 Effects of Periodontal Therapy on Circulating Oxidative Stress** 147
Takaaki Tomofuji, Daisuke Ekuni, and Manabu Morita
- 11 Role of HMGB1 in Periodontal Disease.....** 157
Noriko Ebe, Miki Hara-Yokoyama, and Yuichi Izumi

Part III Periodontal Diseases and Systemic Diseases (Possible Link to Other Organs)

- 12 The Inflammation as the Connecting Link
Between Systemic Diseases and Periodontal Diseases** 167
Juan Manuel Morillo-Velázquez
- 13 Periodontitis and Atherosclerosis** 183
Daisuke Ekuni, Takaaki Tomofuji, and Manabu Morita
- 14 Periodontitis and Liver Diseases.....** 197
Koichiro Irie, Daisuke Ekuni, Takaaki Tomofuji,
and Manabu Morita
- 15 Oxidative Stress and Periodontal Disease
in Down Syndrome.....** 211
Tomoko Komatsu and Masaichi-Chang-Il Lee

Part IV Future Strategies (Control of ROS, Roles of Nutrition/Antioxidants and Application to Dentistry)

- 16 New Theories and Their Clinical Relevance
to the Onset and Development of Periodontal Diseases.....** 227
Pedro Bullon
- 17 The Role of Nutrition in Periodontal Diseases** 251
José L. Quiles and Alfonso Varela-López
- 18 Effects of Antioxidants on Periodontal Disease.....** 279
Takaaki Tomofuji, Daisuke Ekuni, Shinsuke Mizutani,
and Manabu Morita

19	Role of Vitamin C and Vitamin E in Periodontal Disease.....	307
	Hideki Nagata	
20	Salivary Biomarkers of Oxidative Stress Associated with Periodontal Diseases.....	329
	Maria Greabu and Bogdan Calenic	
	About the Editors.....	345
	Index.....	347

Studies on Periodontal Disease

Ekuni, D.; Battino, M.; Tomofuji, T.; Putnins, E.E. (Eds.)

2014, XII, 370 p. 37 illus., 20 illus. in color., Hardcover

ISBN: 978-1-4614-9556-7

A product of Humana Press
