

Contents

Section A Overviews

1 Fructose, High Fructose Corn Syrup, Sucrose, and Health: Modern Scientific Understandings	3
James M. Rippe	
2 Sucrose, HFCS, and Fructose: History, Manufacture, Composition, Applications, and Production	13
John S. White	
3 Metabolism of Nutritive Sweeteners in Humans.....	35
Luc Tappy, Leonie Egli, and Christel Tran	
4 Solid Versus Liquid Calories: Current Scientific Understandings.....	51
Joshua B. Jones, Janice Lee, and Richard D. Mattes	
5 Non-nutritive Sweeteners	63
John D. Fernstrom	

Section B Global Perspectives

6 Worldwide Consumption of Sweeteners and Recent Trends.....	87
Bernadette P. Marriott, Christopher J. Fink, and Terri Krakower	
7 Added Sugars and Health: Evidence from Prospective Cohort Studies and Controlled Dietary Trials	113
John L. Sievenpiper	
8 Crystalizing Global Sugar Policy: Public Health Promise or Perception.....	125
Roger Clemens and Yanni Papanikolaou	
9 Evolution of High Fructose Corn Syrup Within the Sweeteners Industry	137
John W. Bode, Mark W. Empie, and Kyd D. Brenner	

Section C Functional Effects

10 Sweeteners and Dietary Quality	151
Rosanne Rust	

11 The Effects of Sweeteners on Energy Regulating Hormones.....	169
James M. Rippe	
12 Sweeteners and the Brain.....	187
Athylia Paremski and Miguel Alonso-Alonso	
13 Are Sugars Addictive? Perspectives for Practitioners.....	199
Rebecca L.W. Corwin and John E. Hayes	
Section D Sweeteners in Healthy Populations	
14 Sugar Intake in Children and Adolescents and Its Effects on Health.....	219
Craig A. Johnston and John P. Foreyt	
15 Flavored Milk, Dietary Quality, and Childhood Nutrition.....	229
Kristine Clark and James M. Rippe	
16 Childhood Obesity and the Consumption of 100 % Fruit Juice: Where Are the Evidence-Based Findings?.....	247
Carol E. O'Neil and Theresa A. Nicklas	
17 Sugar-Sweetened Beverages and Hydration.....	277
Matthew S. Ganio and Matthew A. Tucker	
18 Sugar, Sports Drinks, and Performance.....	293
Robert Murray	
Section E Sweeteners in Chronic Disease	
19 Sweeteners and Diabetes.....	309
Adrian I. Cozma, Vanessa Ha, Viranda H. Jayalath, Russell J. de Souza, and John L. Sievenpiper	
20 Fructose, High Fructose Corn Syrup, Sucrose, and Nonalcoholic Fatty Liver Disease.....	325
Mei Chung and Alice H. Lichtenstein	
21 Sugars and Cardiovascular Disease.....	341
James M. Rippe	
Appendix A Relevant Articles 2004–2013.....	357
Appendix B Relevant Symposia and Abstracts Devoted to Fructose, High Fructose Corn Syrup, Sucrose and Health Implications [2007–2014] and Relevant Publications from These Symposia or Conferences.....	365
Appendix C Relevant Scientific Statements.....	369
Appendix D Relevant Websites/Videos.....	371
Index.....	373

Fructose, High Fructose Corn Syrup, Sucrose and
Health

Rippe, J.M. (Ed.)

2014, XXXI, 379 p. 57 illus., 33 illus. in color., Hardcover

ISBN: 978-1-4899-8076-2
