
Contents

Part I

1 Graft and Patient Survival	3
Machaiah M. Madhira, Karl L. Womer, and Bruce Kaplan	
2 Immunological Assessment of the Transplant Patient	23
Rowena Delos Santos, Eric D. Langewisch, and Douglas J. Norman	
3 Recipient Evaluation	35
Eliyahu V. Khankin and Didier A. Mandelbrot	
4 Wait List Management	41
John J. Friedewald, Darshika Chhabra, and Baris Ata	
5 Approach to the Highly Sensitized Patient	49
Nadia Chaudhri and Joseph M. Nogueira	

Part II

6 Simultaneous Paired Kidney Exchange	63
Jennifer E. Verbesey and Matthew Cooper	
7 Ethical Issues and Transplant Tourism	69
Dominique E. Martin and Francis L. Delmonico	
8 Live Donor Transplantation	75
Scott Reule, Arthur Matas, and Hassan N. Ibrahim	
9 Extended Criteria Donors in Renal Transplantation	85
Todd E. Pesavento	
10 Preoperative Cardiovascular Evaluation and Management	93
Krista L. Lentine, Todd C. Villines, Kevin C. Abbott, and Salvatore P. Costa	

Part III

11 Surgical Issues in the Transplant Recipient	113
Sunil S. Karhadkar and David B. Leeser	
12 Mechanisms of Immunosuppressive Drugs	127
Adam Weltz, Joseph Scalea, Mihaela Popescu, Jiangnan Xu, and Jonathan S. Bromberg	
13 Delayed Graft Function and Kidney Transplantation	143
Sunita K. Singh, Edward H. Cole, and S. Joseph Kim	

14	Evaluation and Initial Management of Graft Dysfunction	153
	Alexander C. Wiseman and James E. Cooper	
15	Recurrent and De Novo Diseases After Renal Transplantation.....	159
	Geoffrey K. Dube and David J. Cohen	
16	Psychosocial Issues in Renal Transplantation	173
	Charles Cangro	
17	Risks of Pregnancy in Renal Transplant Recipients	183
	Dianne B. McKay and Michelle A. Josephson	
18	The Prevention and Treatment of Coronary Artery Disease in Kidney Transplant Recipients	189
	Deborah B. Adey	
19	Dyslipidemia After Kidney Transplantation	199
	Darshika Chhabra, Anil Vamsi Doppalapudi, Anurag Kumbham, and Edgar V. Lerma	
20	Hypertension in the Kidney Transplant Recipient	205
	Hani M. Wadei and Stephen C. Textor	
21	Evaluation and Management of Transplant-Associated Hyperglycemia	225
	Roy D. Bloom and Charles Moussallem	
22	Hematologic Complications of Transplantation.....	235
	Marissa M. Brokhof, David R. Hager, Arjang Djamali, and Vijay Vidyasagar	
23	Liver Disease in Renal Transplant Recipients.....	247
	Andres F. Carrion, Fabrizio Fabrizi, and Paul Martin	
24	Management of Transplantation Renal Bone Disease: Interplay of Bone Mineral Density and Decisions Regarding Bisphosphonate Use	257
	Hala M. Alshayeb, Stuart M. Sprague, and Michelle A. Josephson	
25	Malignancies After Transplantation and Posttransplant Lymphoproliferative Disorder	269
	Ahmed I. Kamal and Roslyn B. Mannon	
26	Antibody-Mediated Rejection in Kidney Transplantation.....	281
	Richard Ugarte, Boonsong Kiangkitiwan, and Abdolreza Haririan	
27	Prevention and Management of Infectious Complications in Kidney Transplant Recipients	301
	Rowena Delos Santos and Daniel C. Brennan	
28	Human Polyomavirus (HPyV) and Organ Transplantation	319
	Sabine Karam and Ravinder Wali	
29	Post-transplant Proteinuria: Differential Diagnosis and Management	335
	Ayub Akbari and Greg A. Knoll	
30	Urologic Issues in the Renal Transplant Patient	341
	Michael Phelan, Andrew Kramer, and Richard Bryson	
31	Practical Renal Allograft Pathology.....	355
	Cynthia B. Drachenberg and John C. Papadimitriou	

32	Imaging of the Renal Transplant Recipient.....	377
	Maria Manning and Jade Wong-You-Cheong	
33	Kidney and Pancreas Transplantation.....	401
	David K. Klassen	
34	Drug Interactions in Solid Organ Transplant Recipients	411
	Wana Manitpisitkul, Nikita S. Wilson, Sabrina Lee, and Matthew R. Weir	
	Index.....	427

Kidney Transplantation

Practical Guide to Management

Weir, M.R.; Lerma, E.V. (Eds.)

2014, XVI, 438 p. 121 illus., 81 illus. in color., Hardcover

ISBN: 978-1-4939-0341-2
