

Contents

Part I General Aspects of the Trematodes

1 Form and Function in the Digenea	3
Robert C. Peoples and Bernard Fried	
2 The Systematics of the Trematoda.....	21
Aneta Kostadinova and Ana Pérez-del-Olmo	

Part II Trematodes of Interest in Human Health

3 Schistosomiasis	47
Fred A. Lewis and Matthew S. Tucker	
4 Fascioliasis	77
Santiago Mas-Coma, M. Adela Valero, and M. Dolores Bargues	
5 Paragonimiasis	115
David Blair	
6 Liver Flukes: <i>Clonorchis</i> and <i>Opisthorchis</i>	153
Weerachai Saijuntha, Paiboon Sithithaworn, Nadda Kaitsopit, Ross H. Andrews, and Trevor N. Petney	
7 Intestinal Trematode Infections	201
Rafael Toledo, Carla Muñoz-Antoli, and J. Guillermo Esteban	
8 Epidemiology of Trematode Infections	241
Jong-Yil Chai	
9 Diagnosis of Human Trematode Infections.....	293
J. Guillermo Esteban, Carla Muñoz-Antoli, Rafael Toledo, and Lawrence R. Ash	

Part III Trematodes of Interest in Veterinary and Wildlife Disease

10 Schistosomatoidea and Diplostomoidea	331
Petr Horák, Libuše Kolářová, and Libor Mikeš	
11 Amphistomes	365
Veena Tandon, Bishnupada Roy, Jollin Andrea Shylla, and Sudeep Ghatani	
12 Dicrocoeliidae Family: Major Species Causing Veterinary Diseases	393
M. Yolanda Manga-González and M. Carmen Ferreras	
13 Selected Wildlife Trematodiasis	429
Jane E. Huffman	
Index	457

Digenetic Trematodes

Toledo, R.; Fried, B. (Eds.)
