

Contents

Part I Mechanisms of Brain Defense and Neuropathogenesis

1 The Blood-Brain Barrier.....	3
Victor Castro and Michal Toborek	
2 Immune Cell Trafficking in the Central Nervous System.....	29
Beena John, Christopher A. Hunter, and Tajie H. Harris	
3 General Physiology and Pathophysiology of Microglia.....	47
Alexei Verkhratsky and Mami Noda	
4 Inflammation and the Pathophysiology of Astrocytes in Neurodegenerative Diseases.....	61
Gordon P. Meares and Etty N. Benveniste	
5 Oxidative Stress, Neuroinflammation, and Neurodegeneration.....	81
Hui-Ming Gao, Hui Zhou, and Jau-Shyong Hong	
6 Peripheral Neuroimmune Interactions and Neuropathic Pain.....	105
Halina Machelska	

Part II Neurological Diseases and Inflammation

7 Innate and Adaptive Immune-Mediated Neuroinflammation and Neurodegeneration in Parkinson’s Disease.....	119
Rebecca A. Wilshusen and R. Lee Mosley	
8 Multiple Sclerosis: Impact on Functioning of the Blood–Brain Barrier.....	143
Mark R. Mizee, Gijs Kooij, and Helga E. de Vries	
9 Neuroinflammation in Alzheimer’s Disease.....	161
Veronika M. Reinisch, Daniela L. Krause, and Norbert Müller	

10	Neuroinflammation in Huntington's Disease	179
	Roland G.W. Staal and Thomas Möller	
11	Neuroinflammation and Immune Regulation in Ischemic Stroke: Identification of New Pharmacological Targets	199
	Mario Di Napoli, Craig J. Smith, Stephen J. Hopkins, Aurel Popa-Wagner, Ana Maria Buga, and Mark Slevin	

Part III Infectious Diseases

12	HIV/NeuroAIDS	247
	Kelly R. Stauch and Howard S. Fox	
13	Herpes Simplex Virus Infections of the Central Nervous System	263
	Richard J. Whitley	
14	Congenital Cytomegalovirus Disease	291
	Mark R. Schleiss	
15	Japanese Encephalitis: A Tale of Inflammation and Degeneration in the Central Nervous System	309
	Kallol Dutta and Anirban Basu	
16	The Biology and Clinical Consequence of Infection with the Human Polyomavirus JC	337
	G. von Geldern, M.J. Barhams, and E.O. Major	
17	Role of Retrovirus-Induced Transactivator Proteins in Neuroinflammatory Disease	355
	Gregory Antell, Michael R. Nonnemacher, Vanessa Pirrone, and Brian Wigdahl	
18	Immunopathogenesis of Bacterial Meningitis	387
	Uwe Koedel, Matthias Klein, and Hans-Walter Pfister	
19	Cerebral Malaria	405
	Gregory S. Park and Chandy C. John	

Part IV Drugs of Abuse and NeuroAIDS

20	HIV and Cocaine Interplay in HIV-Associated Neurocognitive Disorders	431
	Honghong Yao, Crystal Bethel-Brown, and Shilpa J. Buch	
21	Methamphetamine Neurotoxicity and Neuroinflammatory Processes	443
	Nicole A. Northrop and Bryan K. Yamamoto	

22	Drugs of Abuse and NeuroAIDS: Opiates	463
	Thomas J. Rogers	
23	Cannabinoids.....	487
	Paige S. Katz, Scott Edwards, and Patricia E. Molina	
24	Alcohol and Neurodegeneration	511
	Yuri Persidsky, Larisa Gofman, and Raghava Potula	
 Part V Novel Approaches to Therapy		
25	Cell-Based Drug Delivery for Improving Antiretroviral Therapeutic Outcomes.....	529
	JoEllyn M. McMillan and Howard E. Gendelman	
26	Immunomodulatory Therapeutics	547
	David J. Graber and William F. Hickey	
27	Therapeutic Potential of Cannabinoids	569
	Guy A. Cabral and Melissa Jamerson	
	Index.....	589

Neuroinflammation and Neurodegeneration

Peterson, P.K.; Toborek, M. (Eds.)

2014, XVII, 600 p. 48 illus., 35 illus. in color., Hardcover

ISBN: 978-1-4939-1070-0
