

Contents

1	Radiation Safety	1
	Suggested Reading	5
2	The Videofluoroscopic Swallow Study Technique and Protocol.....	7
	Suggested Reading	12
3	The Videofluoroscopic Esophagram Technique and Protocol	15
	ES Technique.....	16
	Comprehensive VFE Technique.....	18
	Suggested Reading.....	21
4	Normal Oral and Pharyngeal Phase Fluoroscopy	23
	Normal Fluoroscopic Anatomy	23
	Normal Fluoroscopic Physiology.....	25
	Suggested Reading.....	29
5	Normal Pharyngoesophageal Segment Fluoroscopy	31
	Normal PES Opening.....	31
	Airway Protection	40
	Suggested Reading.....	42
6	Normal Esophageal Fluoroscopy.....	43
	Suggested Reading.....	49
7	Objective Measures on Videofluoroscopic Swallow Studies	51
	Timing Measures.....	53
	Bolus Transit Times.....	53
	Anatomic Structure Movement Times.....	54
	Displacement Measures	55
	Area Measurement	56
	Suggested Reading.....	58

8 Fluoroscopy and Dysphagia Outcome Measures	59
Eating Assessment Tool (EAT-10)	59
Functional Oral Intake Scale (FOIS).....	59
Penetration Aspiration Scale (PAS).....	60
NIH Swallowing Safety Scale (NIH-SSS).....	61
MBS Impairment Tool (MBSImp).....	63
Davis Score	64
Suggested Reading.....	68
9 Abnormal Oral and Pharyngeal Phase Fluoroscopy	69
Abnormal Oral Fluoroscopy	69
Abnormal Pharyngeal Fluoroscopy.....	72
Abnormal Velopharyngeal Fluoroscopy.....	77
Suggested Reading.....	78
10 Abnormal Pharyngoesophageal Segment Fluoroscopy	79
Evaluation of PES Fluoroscopic Anatomy.....	79
Evaluation of Laryngohyoid Elevation	79
Evaluation of Pharyngeal Contractility.....	80
Evaluation of PES Opening	81
Evaluation of the PC Region.....	83
Evaluation of the Posterior Hypopharyngeal Wall Region	84
Evaluation of Esophageal Function	93
Suggested Reading.....	93
11 Abnormal Esophageal Fluoroscopy	95
Evaluation of Pharyngoesophageal Segment (PES) Transit	
Abnormalities	95
Evaluation of Esophageal Mucosal Pathology.....	96
Evaluation of Esophageal Motility.....	98
Evaluation of Obstructing Esophageal Pathology.....	106
Evaluation of Diverticuli.....	112
Evaluation of Hiatal Hernia	117
Evaluation of Gastroesophageal Reflux.....	122
Suggested Reading.....	123
Index.....	125

The Clinician's Guide to Swallowing Fluoroscopy

Belafsky, P.C.; Kuhn, M.

2014, VI, 126 p. 140 illus., 40 illus. in color., Hardcover

ISBN: 978-1-4939-1108-0
