

Contents

1 On the Discovery of the Nicotinic Acetylcholine Receptor Channel.....	1
Richard Martindale and Robin A.J. Lester	
2 Molecular Structure, Gating, and Regulation.....	17
Steen E. Pedersen	
3 Molecular Underpinnings of Neuronal Nicotinic Acetylcholine Receptor Expression	39
Michael D. Scofield and Paul D. Gardner	
4 Presynaptic Nicotinic Acetylcholine Receptors: Subtypes and Functions.....	61
Michael J. Marks, Sharon R. Grady, Tristan D. McClure-Begley, Heidi C. O'Neill, and Cristian A. Zambrano	
5 Functional Distribution and Regulation of Neuronal Nicotinic ACh Receptors in the Mammalian Brain	93
Jerrel L. Yakel	
6 Nicotinic Signaling in Development.....	115
Catarina C. Fernandes, Adrian F. Lozada, and Darwin K. Berg	
7 Presynaptic Nicotinic Acetylcholine Receptors and the Modulation of Circuit Excitability	137
Chongbo Zhong, Gretchen Y. Lopez-Hernandez, David A. Talmage, and Lorna W. Role	
8 Autonomic Nervous System Transmission.....	169
Peter B. Sargent	
9 Nicotinic Receptors in the Spinal Cord.....	185
Boris Lamotte d'Incamps and Philippe Ascher	

10	Slow Synaptic Transmission in the Central Nervous System.....	201
	A. Rory McQuiston	
11	The Effects of Nicotine on Learning and Memory	217
	Thomas J. Gould	
12	Nicotinic Receptors as Targets for Novel Analgesics and Anti-inflammatory Drugs	239
	M. Imad Damaj, Kelen Freitas, Deniz Bagdas, and Pamela Flood	
13	Nicotinic Acetylcholine Receptors and the Roles of the Alpha7 Subunit	255
	Michael Paolini, Mariella De Biasi, and John A. Dani	
14	Role of Central Serotonin Receptors in Nicotine Addiction	279
	Massimo Pierucci, Stephanie Chambers, Lucy Partridge, Philippe De Deurwaerdère, and Giuseppe Di Giovanni	
15	Neuronal Nicotinic Acetylcholine Receptors in Reward and Addiction	307
	Linzy M. Hendrickson and Andrew R. Tapper	
16	Genetic Contributions of the $\alpha 5$ Nicotinic Receptor Subunit to Smoking Behavior.....	327
	Laura J. Bierut and Jerry A. Stitzel	
17	Smoking-Related Genes and Functional Consequences.....	341
	Ines Ibañez-Tallon and Jessica L. Ables	
18	Nicotinic Acetylcholine Receptors Along the Habenulo-Interpeduncular Pathway: Roles in Nicotine Withdrawal and Other Aversive Aspects.....	363
	Dang Q. Dao, Ramiro Salas, and Mariella De Biasi	
19	Nicotinic Acetylcholine Receptors in Alzheimer's and Parkinson's Disease	383
	Kelly T. Dineley	
20	Nicotinic Receptors and Mental Illness.....	417
	Sherry Leonard	
21	Current and Future Trends in Drug Discovery and Development Related to Nicotinic Receptors	435
	Stephen P. Arneric and Emanuele Sher
