

Contents

1 Introduction: Towards a Shared Language: Semantic Exchanges and Cross-disciplinary Interaction	1
Laurence Le Dû-Blayo and Olivier Musard	
2 Underwater Seascapes in the Eye of the Diver	17
Olivier Musard	
Part I Exploring the Diversity of Underwater Seascape Representations and Frameworks	
3 Landscape Emerging: A Developing Object of Study	27
Olivier Musard, Laurence Le Dû-Blayo, Camille Parrain and Christine Clément	
4 Underwater Landscape Put to the Test of Law	41
Jean-Pierre Beurier	
5 Underwater Landscapes and Implicit Geology. Marseilles and the National Calanques Park	53
Jacques Collina-Girard	
6 Boreal Submerged Black Sea Landscapes	73
Gilles Lericolais	
7 Gaze into the Landscape: Can Sensory Immersion, Landscape Reading and Design, and Landscaping Methods be Adapted to the Underwater Landscape?	89
Charles Ronzani and Alain Freytet	
8 Underwater Landscapes in Comic Books	119
Laurence Le Dû-Blayo	
9 The Underwater Landscape: A Vernacular Term? Reflections Through the Eyes and Experiences of Divers	135
Eva Bigando	

Part II Towards Landscape Ecology Applied to the Marine Area

- 10 The Concept of Marine Landscapes Within the French Information System on Nature and Landscapes (SINP)** 153
Amelia Curd and Alain Pibot
- 11 Management of Infralittoral Habitats: Towards a Seascap Scale Approach** 161
Adrien Cheminée, Eric Feunteun, Samuel Clerici, Bertrand Cousin and Patrice Francour
- 12 How 3D Complexity of Macrophyte-Formed Habitats Affect the Processes Structuring Fish Assemblages Within Coastal Temperate Seascapes?** 185
Pierre Thiriet, Adrien Cheminée, Luisa Mangialajo and Patrice Francour
- 13 Can We use a Landscape Approach to Assess Natural and Anthropogenic Perturbations of the Rocky Shore Ecosystems? . . .** 201
Christian Hily and Maud Bernard

Part III Tools, Methods and Instruments for Monitoring and Modelling Underwater Seascapes

- 14 Underwater Multimodal Survey: Merging Optical and Acoustic Data** 221
Pierre Drap, Djamal Merad, Jean-Marc Boï, Amine Mahiddine, Daniela Peloso, Bertrand Chemisky, Emmanuelle Seguin, Frederic Alcala and Olivier Bianchimani
- 15 Application of the Multi-sensor Fusion Method for Underwater Landscape Modeling** 239
Claire Noël Christophe Viala, Michel Coquet, Simon Marchetti and Eric Bauer
- 16 Reefscape Ecology Within the South Pacific: Confluence of the Polynesia Mana Network and Very High Resolution Satellite Remote Sensing** 245
Antoine Collin, Yannick Chancerelle and Robin Pouteau
- 17 Seascap Integrity Assessment: A Proposed Index for the Mediterranean Coast** 263
Sébastien Thorin, Pascaline Bodilis, Thibault Schwartz, Eric Dutrieux and Patrice Francour
- 18 The Seascap as an Indicator of Environmental Interest and Quality of the Mediterranean Benthos: The *in Situ* Development of a Description Index: The LIMA** 277
Sylvie Gobert, Aurélia Chéry, Alexandre Volpon, Corinne Pelaprat and Pierre Lejeune

Underwater Seascapes

From geographical to ecological perspectives

Musard, O.; Le Dû-Blayo, L.; Francour, P.; Beurier, J.-P.;

Feunteun, E.; Talassinios, L. (Eds.)

2014, XVII, 291 p. 110 illus., 90 illus. in color.,

Hardcover

ISBN: 978-3-319-03439-3
