

Contents

1	Introduction	1
1.1	The Rise of Volunteered Information	1
1.2	The Fundamental Issues	2
1.2.1	Neogeography, Volunteers and Users	2
1.2.2	Users of Volunteered Information	4
1.2.3	Data Richness of Volunteered Information	5
1.2.4	Trust in Volunteered Information	6
1.3	General Aim of Book	7
	References	7
2	A Framework of Neogeography	11
2.1	Introduction	11
2.2	Background Literature	12
2.2.1	The Nature of Neogeography	12
2.2.2	Issues with Current Taxonomies	14
2.3	A Framework of Neogeography	15
2.3.1	A Terminology of Neogeography	15
2.3.2	A Framework for Neogeography	16
2.4	Discussion	18
2.5	Conclusion	20
	References	20
3	Scoping Study: User Perceptions of VGI in Neogeography	23
3.1	Introduction	23
3.2	Aims	23
3.3	Study Rationale	24
3.3.1	Selection of VGI Platforms	24
3.3.2	Investigation Overview	25
3.4	Part A: Participatory Observation	25
3.4.1	Methods	25
3.4.2	Results and Analysis	27

3.5	Part B: Interviews	29
3.5.1	Methods.	29
3.5.2	Results and Analysis	32
3.5.3	Multidimensional Value Dimensions	34
3.5.4	General User Perspectives	38
3.6	Discussion	40
3.6.1	User Value Dimensions	40
3.6.2	Spatial-Data Infrastructure (SDI) Relationships.	42
3.7	Conclusions	42
3.7.1	Relating to the Project Aims	42
3.7.2	Relating to the Research Questions	45
	References	45
4	Study Two: Understanding Design with VGI Using an Information Relevance Framework	49
4.1	Introduction	49
4.2	Aims	50
4.3	Study Rationale.	50
4.3.1	Selection of Study Community	50
4.3.2	Investigation Overview	51
4.4	Study Two A: Participatory Observation	51
4.4.1	Methods.	51
4.4.2	Results and Analysis	53
4.5	Study Two B: Focus Groups.	54
4.5.1	Methods.	54
4.6	Discussion	65
4.6.1	Impact of Information Depth and Scope in Understanding the Outdoor Environment	65
4.6.2	Influence of Information Currency	70
4.6.3	Importance of Real Time Information	71
4.6.4	Importance of Information Access.	72
4.6.5	Importance of Trust in Information	72
4.6.6	Volunteer Reporting of Activity Experiences	74
4.7	Conclusions	74
	References	76
5	Data Generation: VGI and PGI Data Sets	79
5.1	Introduction	79
5.2	Research Aims	80
5.3	Study Rational	80
5.3.1	Selection of a Study Community	80
5.3.2	Selection of a Geographic Location for Research	81
5.3.3	Selection of Travel Routes	81
5.3.4	Selection of the Mashup Base Map	81

5.4	Investigation Overview	82
5.5	Part A: VGI Data	82
5.5.1	Methods	82
5.5.2	Results and Analysis	85
5.6	Part B: PGI Data	85
5.6.1	Methods	85
5.6.2	Results and Analysis	86
5.7	Mashups	87
5.8	Discussion	89
5.8.1	Content of Collected Data	89
5.8.2	Success of Data Collection	91
	References	92
6	Study Three: Assessing the Impact of VGI	95
6.1	Introduction	95
6.2	Research Aims	96
6.3	Study Rational	96
6.4	Methodology	96
6.4.1	Overview	96
6.4.2	Experimental Variables	97
6.4.3	Experimental Design	98
6.4.4	Design of the User Judgement Survey	98
6.4.5	Design of the Website	100
6.4.6	Participant Sampling	104
6.4.7	Procedure	106
6.4.8	Statistical Analysis	107
6.5	Hypotheses	109
6.6	Results and Analysis	109
6.6.1	Two-Way MANOVA	109
6.6.2	Sample Size Estimation	111
6.6.3	Testing of Independent Variables	112
6.7	Discussion	113
6.7.1	Influence of VGI on Quality and Authority	113
6.7.2	Influence of VGI on Currency	115
6.7.3	Sample Size Estimation	116
6.8	Conclusions	117
	References	118
7	Conclusion	121
7.1	The Nature of VGI as Distinct from PGI	121
7.1.1	Data Content, Use and Contribution	121
7.1.2	Information Judgements	124
7.2	An Appraisal of the Framework of VGI	125

7.3	Unique Influences of VGI on the User	127
7.4	Limitations Of VGI from a Human Factors Perspective	128
7.5	Design Recommendations for Utilising VGI	130
	References	131
