

# Contents

<b>1 Trends and Prospects of Microbial Diversity in Rhizosphere.....</b>	<b>1</b>
Dinesh Kumar Maheshwari, Mohit Agarwal and Shrivardhan Dheeman	
<b>2 Diversity Utility and Potential of Actinobacteria in the Agro-Ecosystem.....</b>	<b>23</b>
Govindan Selvakumar, Periyasamy Panneerselvam and Arakalgud Nanjundaiah Ganeshamurthy	
<b>3 Diversity of Plant Associated Actinobacteria .....</b>	<b>41</b>
Brahim Bouizgarne and A. Ait Ben Aouamar	
<b>4 Root-Nodule Bacteria of Legumes Growing in Semi-Arid African Soils and Other Areas of the World.....</b>	<b>101</b>
Flora Pule-Meulenberg	
<b>5 Genetic Diversity of Soybean Root Nodulating Bacteria .....</b>	<b>131</b>
David L. Biate, Lakkineni Vithal Kumar, D. Ramadoss, Annu Kumari, Satish Naik, Kiran K. Reddy and Kannepalli Annapurna	
<b>6 Diversity and Function of Bacterial Assemblages in Savanna Vegetation Soils .....</b>	<b>147</b>
Elisa Caldeira Pires Catão, Fabyano Alvares Cardoso Lopes, Maria Regina Silveira Sartori da Silva, Renata Henrique Santana, Mercedes Maria da Cunha Bustamante and Ricardo Henrique Krüger	
<b>7 Diversity of Plant-Growth-Promoting Rhizobacteria Associated with Maize (<i>Zea mays</i> L.) .....</b>	<b>167</b>
Leticia Arruda, Anelise Beneduzzi, Bruno Lisboa, Luciane Passaglia and Luciano K Vargas	
<b>8 Transgenic Cotton and Its Impact on Microbial Diversity .....</b>	<b>191</b>
Kulandaivelu Velmourougane and D. Blaise	

<b>9 Microbial and Functional Diversity of Vermicompost Bacteria.....</b>	<b>205</b>
Jayakumar Pathma and Natarajan Sakthivel	
<b>10 Diversity of Cold Tolerant Phosphate Solubilizing Microorganisms from North Western Himalayas.....</b>	<b>227</b>
Piyush Joshi, Gopal Krishna Joshi, Tanuja, Pankaj Kumar Mishra, Jaideep Kumar Bisht and Jagdish Chandra Bhatt	
<b>11 Osmotolerant Microbial Resources of Saline Ecologies of India: Dynamics and Potential.....</b>	<b>265</b>
Jayashree Rath and T. K. Dangar	
<b>12 Culture Independent Diversity Analysis of Soil Microbial Community and their Significance.....</b>	<b>305</b>
Bidisha Sharma, Diganta Narzary and Dhruva Kumar Jha	
<b>13 The Importance and Application of Bacterial Diversity in Sustainable Agricultural Crop Production Ecosystems .....</b>	<b>341</b>
Noah Rosenzweig	
<b>Index.....</b>	<b>369</b>

Bacterial Diversity in Sustainable Agriculture

Maheshwari, D.K. (Ed.)

2014, XI, 376 p. 30 illus., 10 illus. in color., Hardcover

ISBN: 978-3-319-05935-8
