

Contents

1 Intravenous Fluids, Blood, and Blood Products	1
Neonates (CC/kg/day)	1
Infants (CC/kg/day)	2
Electrolytes	2
Replacement Solutions	3
Blood and Blood Products Transfusion	4
2 Nutrition and Caloric Requirements for Infants and Children	5
Nutrition Requirements	5
Caloric Requirements	6
Carbohydrates	6
Fat	6
Protein	6
Electrolytes	7
Vitamins and trace elements	7
3 Venous Access in Infants and Children	9
Indications for Central Venous Access	9
Types of Vascular Access	9
Peripherally Inserted Central Catheter	9
Central Venous Tunnelled Catheter	10
Implantable Ports (Port-A-cath)	10
Intraosseous Infusion	11
Sites for Long-term Central Venous Access in Infants and Children	11
Types of Catheters	12
Catheter Care	13
Complications of Central Venous Access	13
Sepsis	13
Catheter Occlusion and Malfunction	14
Technical Complications	14
Treatment of Catheter Occlusion	14
Recommended Reading	14

4	Abdominal Wall Hernias and Hydroceles	15
	Inguinal Hernias	15
	Hydroceles	26
	Recommended Reading	27
5	Lymphangiomas	29
	Introduction	29
	Classification	30
	Lymphangioma Circumscriptum	33
	Cavernous Lymphangiomas	33
	Cystic Hygroma	33
	Sites of Lymphangiomas	34
	Treatment	34
	Recommended Reading	35
6	Hemangiomas	37
	Introduction	37
	Complications	37
	Treatment	39
	Treatment Options	39
	Prognosis	43
	Hepatic Hemangiomas	45
	Recommended Reading	45
7	Branchial Cysts, Sinuses, and Fistulae	47
	Introduction	47
	Embryology	47
	Types	48
	Clinical Features	49
	Investigations	50
	Treatment	50
	Recommended Reading	51
8	Sternomastoid Tumor of Infancy and Torticollis	53
	Introduction	53
	Etiology	53
	Diagnosis	54
	Management	54
	Recommended Reading	55
9	Infantile Fibromatosis and Myofibromatosis	57
	Introduction	57
	Histopathology	58
	Clinical Features	58
	Treatment:	60
	Prognosis	61
	Recommended Reading	61

10 Thyroglossal Cyst	63
Introduction	63
Embryology	63
Sites	63
Clinical Features	64
Treatment	64
Recommended Reading	66
11 Undescended Testes (Cryptorchidism)	67
Introduction	67
Embryology	67
Etiology	69
Diagnosis	69
Treatment	70
Prognosis	71
Fertility	71
Testicular Cancer	72
Recommended Reading	72
12 Varicocele	73
Introduction	73
Clinical Features	73
Classification	73
Etiology	74
Diagnosis	74
Treatment	75
Recommended Reading	76
13 Acute Scrotum	77
Introduction	77
Treatment	81
Intermittent Testicular Torsion	82
Torsion of the Testicular Appendix	82
Epididymitis and Epididymo-orchitis	82
Idiopathic Scrotal Edema	84
Other Causes of Acute Scrotum	85
Scrotal Trauma	85
Henoch–Schönlein Purpura	85
Inguinal Hernia	86
Hydrocele	87
Varicocele	87
Recommended Reading	87
14 Esophageal Atresia and/or Tracheoesophageal Fistula	89
Introduction	89
Embryology	89
Anatomy	89
Clinical Features	90
Diagnosis	90

Associated Anomalies	92
Treatment	94
Prognosis and Outcome	95
Recommended Reading	98
15 H-type Tracheoesophageal Fistula	101
Introduction	101
Etiology	101
Presentation and Diagnosis	101
Treatment	103
Recommended Reading	103
16 Congenital Esophageal Stenosis	105
Introduction	105
Incidence	105
Classification	105
Clinical Features	106
Diagnosis	106
Treatment	107
Recommended Reading	108
17 Achalasia	109
Introduction	109
Incidence	109
Etiology	109
Clinical Features	109
Diagnosis	110
Treatment	110
Recommended Reading	113
18 Infantile Hypertrophic Pyloric Stenosis	115
Introduction	115
Epidemiology and Etiology	115
Pathophysiology	116
Signs and Symptoms	116
Diagnosis	117
Treatment	117
Recommended Reading	120
19 Congenital Gastric Outlet Obstruction (Pyloric and Antral Atresia and Web)	121
Introduction	121
Anatomy	121
Associated Anomalies	122
Presentation	122
Clinical Examination	123
Investigation	123
Management	124
Prognosis	126
Recommended Reading	126

20 Gastric Volvulus	127
Introduction	127
Classification	127
Treatment	130
Recommended Reading	131
21 Congenital Duodenal Obstruction	133
Introduction	133
Anatomy	133
Presentation	133
Examination	134
Associated Anomalies	134
Diagnosis	134
Preoperative Preparation	135
Operative Management	135
Postoperative Care	137
Complications	138
Recommended Reading	138
22 Neonatal Intestinal Obstruction	139
Introduction	139
Differential Diagnosis	139
Presentation	139
Examination	141
Investigations	141
Imaging Studies	142
Contrast Studies	145
Important Things to Remember While Doing the Contrast Study	146
Treatment	147
23 Congenital Intestinal Stenosis and Atresia	149
Jejunioileal Stenosis and Atresia	149
Introduction	149
Etiology	149
Classification	150
Pathophysiology	153
Clinical Features	154
Diagnosis	155
Treatment	157
Outcome and Prognosis	161
Atresia and Stenosis of the Colon	162
Introduction	162
Etiology	162
Associated Anomalies	163
Clinical Features	163
Classification	163
Investigations	164
Management	164
Recommended Reading	165

24 Intussusception	167
Introduction	167
Etiology	167
Types of Intussusceptions According to Etiology	167
Types of Intussusception According to Site	168
Symptoms and Signs	168
Diagnosis	169
Management	170
Recommended Reading	172
25 Intestinal Malrotation	173
Introduction	173
Embryology	173
Clinical Features	175
Investigations	177
Management	178
Complications	180
Recommended Reading	180
26 Meckel's Diverticulum	181
Introduction	181
Embryology	182
Symptoms	183
Volvolus	184
Diagnosis	186
Treatment	187
Recommended Reading	188
27 Meconium Ileus	189
Introduction	189
Etiology	189
Clinical Presentation	190
Differential Diagnosis	190
Investigations	191
Treatment and Outcome	191
Recommended Reading	194
28 Meconium Plug Syndrome	195
Introduction	195
Etiology	195
Associated Conditions	195
Clinical Features	196
Differential Diagnosis	196
Diagnosis, Treatment, and Outcome	196
Recommended Reading	197
29 Small Left Colon Syndrome	199
Introduction	199
Etiology	199

Clinical Features	200
Investigations	201
Treatment	201
Recommended Reading	202
30 Congenital Rectal Stenosis and Atresia	203
Introduction	203
Classification	203
Clinical Features	204
Diagnosis	204
Treatment	205
Recommended Reading	207
31 Necrotizing Enterocolitis	209
Introduction	209
Incidence	209
Etiology	209
Clinical Features	210
Diagnosis	212
Treatment	214
Indications for Surgery	215
Long-term Complications	217
Recommended Reading	217
32 Hirschsprung's Disease (Congenital Aganglionic Megacolon)	219
Introduction	219
Incidence	219
Pathophysiology	219
Etiology	220
Symptoms and Signs	220
Enterocolitis	222
Associated Anomalies	222
Diagnosis	223
Treatment	225
Laparoscopic Approach to the Surgical Treatment of Hirschsprung's Disease	226
Transanal Pull-through	226
Anorectal Myomectomy	227
Long-segment Hirschsprung's Disease	227
Neuronal Intestinal Dysplasia	228
Complications and Outcome	228
Recommended Reading	229
33 Congenital Segmental Dilatation of the Intestines	231
Introduction	231
Etiology	231
Sites	233
Diagnosis	234
Recommended Reading	235

34 Megacystis Microcolon Intestinal Hypoperistalsis Syndrome	237
Introduction	237
Etiology	237
Clinical Features	239
Treatment	240
Recommended Reading	240
35 Perianal Abscess and Fistula-in-Ano	241
Introduction	241
Classification	241
Etiology	242
Clinical features	244
Treatment	244
Recommended Reading	245
36 Gastroschisis	247
Introduction	247
Etiology	247
Diagnosis	248
Examination	248
Associated Anomalies	249
Management and Outcome	249
Recommended Reading	252
37 Omphalocele	253
Introduction	253
Etiology	253
Diagnosis	254
Associated Anomalies	255
Management and Outcome	256
Surgical Management	257
Hernia of the Umbilical Cord	259
Recommended Reading	259
38 The Spleen	261
Introduction	261
Embryology	261
Functions of the Spleen	261
Other Functions of the Spleen	262
Splenectomy is Associated with	262
Pathological Conditions of the Spleen	262
Splenomegaly	262
Massive Splenomegaly	263
Splenic Rupture	264
Splenosis	264
Accessory Spleen	264
Asplenia (Congenital Absence of Spleen)	265
Hepatolienal Fusion	265
Polysplenia	265

Splenogonadal Fusion	266
Splenorenal Fusion	266
Wandering Spleen	266
Splenic Cysts	267
Splenic Abscess	268
Massive Splenic Infarction	268
Congestive Splenomegaly	270
Immunizations and Splenectomy	270
Partial Splenectomy	270
Recommended Reading	271
39 Splenogonadal Fusion	273
Introduction	273
Classification	273
Etiology	274
Clinical Features	274
Associated Anomalies	274
Treatment	275
Recommended Reading	275
40 Cholelithiasis and Choledocholithiasis	277
Introduction	277
Etiology	278
Complications	279
Investigations	279
Treatment	280
Recommended Reading	281
41 Choledochal Cyst	283
Introduction	283
Etiology	283
Classification	283
Clinical Features	285
Diagnosis	285
Treatment	286
Recommended Reading	289
42 Biliary Atresia	291
Introduction	291
Etiology	291
Classification	292
Associated Anomalies	293
Clinical Features	293
Differential Diagnosis	294
Investigations	294
Treatment	295
Postoperative Care	296
Postoperative Complications and Outcome	296
Recommended Reading	297

43 Pancreatitis and Pancreatic Pseudocyst in Children	299
Introduction	299
Etiology	299
Acute Pancreatitis	300
Clinical Features	300
Diagnosis	301
Medical Management	302
Surgical Management	302
Pancreatic Pseudocyst	303
Clinical Features	303
Diagnosis	304
Treatment	305
Recommended Reading	307
44 Congenital Pancreatic Cysts	309
Introduction	309
Embryology	310
Clinical Features	310
Diagnosis	311
Treatment	312
Recommended Reading	313
45 Intestinal Polyps and Polyposis Syndromes	315
Introduction	315
Classification	316
Juvenile Polyps	316
Familial Juvenile Polyposis Syndrome	318
Peutz–Jeghers Syndrome	319
Familial Adenomatous Polyposis	320
Gardner Syndrome	321
Turcot Syndrome	322
MYH-associated Polyposis	323
Cowden Syndrome	323
Bannayan–Zonana Syndrome	324
Cronkhite–Canada Syndrome	325
Hereditary-mixed Polyposis Syndrome	326
Gorlin Syndrome	326
Lymphoid Polyposis	326
Ruvalcaba–Myhre–Smith Syndrome	327
Recommended Reading	327
46 Congenital Diaphragmatic Hernia	329
Introduction	329
Embryology	333
Pathophysiology	335
Clinical Features	335
Associated Anomalies	336
Diagnosis and Management	337
Surgical Repair	341
Long-Term Outcomes and Prognosis	342
Recommended Reading	344

47 Eventration of the Diaphragm	345
Introduction	345
Classification	346
Pathophysiology	347
Clinical Features	347
Diagnosis	347
Treatment	348
Recommended Reading	349
48 Morgagni's Hernia	351
Introduction	351
Presentation	352
Associated Anomalies	353
Diagnosis	353
Management	355
Recommended Reading	356
49 Congenital Paraesophageal Hernia	357
Introduction	357
Etiology	357
Classification	358
Sliding Hiatal Hernia	358
Paraesophageal Hernia	359
Clinical Features	359
Treatment	359
Recommended Reading	363
50 Congenital Lobar Emphysema	365
Introduction	365
Sites	365
Pathogenesis	366
Associated Malformations	367
Clinical Features	367
Diagnosis	367
Treatment and Outcome	370
Recommended Reading	372
51 Congenital Cystic Adenomatoid Malformation	373
Introduction	373
Classification	373
Presentation	376
Differential Diagnosis	377
Investigations	377
Treatment and Outcome	380
Recommended Reading	383
52 Bronchogenic Cyst	385
Introduction	385
Embryology	385
Sites and Pathology of Bronchogenic Cysts	386
Clinical Presentation	388

Investigations	389
Treatment	391
Recommended Reading	392
53 Pulmonary Sequestration	393
Introduction	393
Embryology	394
Classification	395
Intralobar Sequestration	395
Extralobar Sequestration (Figs. 53.2 and 53.3):	395
Diagnosis	396
Ultrasonography	396
Chest Radiography	397
Chest Computed Tomography	397
Arteriography	398
Magnetic Resonance Imaging	398
Treatment	398
Recommended Reading	399
54 Anorectal Malformations	401
Introduction	401
Associated Anomalies	401
Clinical Features	402
Investigations	403
Classification	406
Treatment	406
Diagnosis and Early Treatment	407
Postoperative Functional Disorders	415
Prognosis	415
Recommended Reading	416
55 Cloacal Anomalies	417
Introduction	417
Clinical Features	417
Associated Anomalies	419
Investigations	420
Classification	421
Management	421
Recommended Reading	424
56 Cloacal Extrophy	425
Introduction	425
Embryology	425
Associated Anomalies	427
Clinical Features and Management	427
Recommended Reading	430
57 Hepatoblastoma	431
Introduction	431
Etiology	431
Clinical Features	432

Investigations	432
Staging	434
Pathology	435
Histological Classification of Hepatoblastoma	437
Treatment and Prognosis	438
Recommended Reading	440
58 Hodgkin's and Non-Hodgkin's Lymphoma	443
Introduction	443
Classification	443
Staging	444
Clinical Features	445
Etiology	446
Diagnosis	446
Treatment	447
Recommended Reading	450
59 Neuroblastoma	451
Introduction	451
Sites of Origin	452
Etiology	452
Clinical Features	452
Investigations and Diagnosis	454
Staging	456
Treatment and Outcome	457
Recommended Reading	460
60 Ovarian Cysts and Tumors	461
Introduction	461
Germ Cell Tumors	461
Ovarian Teratoma	462
Malignant Germ Cell Tumor	463
Benign Cystic Teratomas (Dermoid Cysts)	463
Dysgerminoma	464
Rhabdomyosarcoma	464
Ovarian Carcinomas	465
Ovarian Cysts	465
Recommended Reading	468
61 Pediatric Liver Tumors	469
Introduction	469
Investigations	469
Classification	470
Benign Tumors	470
Malignant Tumors	470
Hepatic Hemangiomas	470
Mesenchymal Hamartomas	472
Focal Nodular Hyperplasia and Hepatic Adenomas	473
Hepatocellular Carcinoma	475
Hepatic Metastases	476
Recommended Reading	478

62 Renal Tumors: Wilms Tumor (Nephroblastoma)	479
Introduction	479
Epidemiology	479
Clinical Features	479
Investigations	481
Pathology	482
Treatment	485
Prognosis	486
Clear Cell Sarcoma of the Kidney	486
Malignant Rhabdoid Tumor of the Kidney	487
Mesoblastic Nephroma	489
Recommended Reading	490
63 Teratoma	491
Introduction	491
Sacroccygeal Teratomas	492
Treatment	494
Ovarian Teratoma	496
Mature Teratoma	497
Immature Teratoma	497
Monodermal Teratoma	498
Staging of Malignant Teratoma	498
Complications	499
Presentations	499
Treatment	499
Testicular Teratoma	500
Mediastinal Teratoma	500
Intraperitoneal Teratoma	500
Cervical Teratoma	501
Recommended Reading	503
64 Testicular Tumors	505
Introduction	505
Sertoli Cell Tumors	506
Leydig Cell Tumors	506
Juvenile Granulosa Cell Tumors	506
Gonadoblastoma	507
Paratesticular Tumors	507
Clinical Features and Investigations	507
Classification	508
Staging	509
Treatment	510
Recommended Reading	511
65 Thyroid Tumors	513
Introduction	513
Classification	513
Clinical Features	514
Diagnosis	515

Staging	516
Treatment	516
Prognosis	517
Recommended Reading	517
66 Disorders of Sex Development	519
Introduction	519
Embryology	520
Classification	523
Etiology	524
Pathophysiology	526
Evaluation of a Newborn with DSD	526
Management of Patients with DSD	530
The More Common Causes of DSD	530
Sex Assignment and Therapy	537
CAH	537
Recommended Reading	539
67 Persistent Müllerian Duct Syndrome	541
Introduction	541
Embryology	541
Clinical Features	541
Management	542
Follow-Up	543
Recommended Reading	544
68 Hypospadias	545
Introduction	545
Embryology	546
Classification	548
Etiology	549
Associated Anomalies	550
Treatment	551
Postoperative Complications	553
Recommended Reading	557
69 Pelviureteric Junction Obstruction	559
Introduction	559
Etiology	560
Clinical Features	561
Investigations	561
Treatment	563
Recommended Reading	566
70 Posterior Urethral Valve	569
Introduction	569
Clinical Features	570
Classification	570
Glassberg's Classification of Ureters	571

Investigations	571
Secondary effects of PUV:	572
Pathophysiology	574
Management	575
Medical Management	577
Prognosis	578
Recommended Reading	579
71 Vesicoureteral Reflux	581
Introduction	581
Etiology	582
Classification	583
Pathophysiology	584
Clinical Features	585
Investigations and Diagnosis	585
Treatment	586
Recommended Reading	590
72 The Exstrophy–Epispadias Complex	591
Introduction	591
Embryology	591
Clinical Features	592
Isolated Epispadias	594
Introduction	594
Embryology	594
Classification	594
Classic Bladder Exstrophy	595
Introduction	595
Management	596
Recommended Reading	599
