

Contents

1	Basic and Clinical Aspects of Bradykinin Receptor Antagonists	1
	Jagdish N. Sharma	
2	The Kallikrein–Kinin Pathways in Hypertension and Diabetes	15
	Jagdish N. Sharma and Parvathy Narayanan	
3	Tissue Kallikrein-Kinin Therapy in Hypertension and Organ Damage	37
	Julie Chao, Grant Bledsoe and Lee Chao	
4	Renal (Tissue) Kallikrein-Kinin System in the Kidney and Novel Potential Drugs for Salt-Sensitive Hypertension.	59
	Makoto Katori and Masataka Majima	
5	The Kallikrein-Kinin System in Diabetic Retinopathy	111
	Menakshi Bhat, Mylène Pouliot, Réjean Couture and Elvire Vaucher	
6	Genetic Manipulation and Genetic Variation of the Kallikrein-Kinin System: Impact on Cardiovascular and Renal Diseases.	145
	Jean-Pierre Girolami, Nelly Blaes, Nadine Bouby and François Alhenc-Gelas	
	Index	197

Recent Developments in the Regulation of Kinins

Sharma, J.N. (Ed.)

2014, IX, 198 p. 17 illus., 7 illus. in color., Hardcover

ISBN: 978-3-319-06682-0
