

Contents

Part I Section A: Sustainable Horticultural Systems

Sustainable Vegetable Production: Caribbean Perspective	3
Velta Napoleon-Fanis and Dilip Nandwani	
Horticulture Based Production Systems in Indian Arid Regions	19
D. C. Bhandari, P. R. Meghwal and S. Lodha	
Principles and Practices of Sustainable Vegetable Production Systems.....	51
Ajay Nair, Dana Jokela and Jennifer Tillman	
A Small-Scale Integrated Farm System in a Tropical Insular Environment of Guam: A Case Study	79
Mari Marutani and John Brown	
Impacts of Vulnerabilities and Climate Change on Sustainable Agriculture for Caribbean Small Island Developing States (CSIDS)	95
Rohanie Maharaj and Dimple Singh-Ackbarali	

Part II Section B: Biodiversity in Sustainable Horticultural Systems

Agroforestry in the Caribbean, Traditional Systems, both Sustainable and Biodiverse	129
Michael Morgan and Thomas W. Zimmerman	
Role of Horticulture in Biodiversity Conservation	143
Ashwani Kumar	
Avocado History, Biodiversity and Production	157
Tomas Ayala Silva and Noris Ledesma	

Orchid Fruit Diversity at Puebla Mexico: A New Insight into the Biodiversity of a Fragmented Ecosystem with Need for Conservation and Potential for Horticultural Exploitations in Future	207
William Cetzal-Ix, Raúl Alvarez-Mora, Saikat Kumar Basu, Jaqueline Cosme-Pérez and Eliana Noguera-Savelli	
 Part III Section C: Breeding and Improvement in Sustainable Horticultural Systems	
Advances in Microbial Insect Control in Horticultural Ecosystem	223
Shaohui Wu, Gadi V.P. Reddy and Stefan T. Jaronski	
Plant Breeding: A Tool for Achieving Food Sufficiency	253
M. K. Osei, M. D. Asante, A. Agyeman, M. A. Adebayo and H. Adu-Dapaah	
Transcriptome Analysis of <i>Musa</i> and its Applications in Banana Improvement	275
S Backiyarani, S Uma, M. S. Saraswathi and A Chandrasekar	
<i>Commiphora wightii</i> (Arnott.) Bhandari in the Indian Desert: Biology, Distribution and Threat Status	301
R. N. Kulloli and Suresh Kumar	
Risk Assessments and Management Practices for the Major Invasive Plants Recorded in the Horticultural Ecosystem of the Western Pacific	315
Gadi V. P. Reddy	
Genetic Resources of Vegetable Crops: Indian Perspective	329
Anjula Pandey	
Plant Disease Prevention and Management in Sustainable Agricultural Systems	353
Koon-Hui Wang and Janice Uchida	
Index	385

Sustainable Horticultural Systems

Issues, Technology and Innovation

Nandwani, D. (Ed.)

2014, XX, 395 p. 42 illus., 31 illus. in color., Hardcover

ISBN: 978-3-319-06903-6
