

Contents

Production and Action of Type I Interferons in Host Defense	1
Paul J. Hertzog	
Induction and Consequences of the Type I IFN Response to <i>Listeria monocytogenes</i>	17
Emily M. Eshleman and Laurel L. Lenz	
Innate Immune and Type I IFN Responses During <i>Legionella</i> <i>pneumophila</i> Infection	33
Jan Naujoks and Bastian Opitz	
Type I Interferons in Immune Defense Against Streptococci	43
Pavel Kovarik, Virginia Castiglia, and Marton Janos	
Activation of Type I IFN Signaling by <i>Staphylococcus aureus</i>	61
Dane Parker	
Contribution of Interferon Signaling to Host Defense Against <i>Pseudomonas aeruginosa</i>	71
Taylor S. Cohen and Alice Prince	
The Detrimental Role of Type I Interferon Signaling During Infection with <i>Salmonella typhimurium</i>	79
Bojan Shutinoski and Subash Sad	
<i>Yersinia</i> Activation of Type I Interferon	87
Miqdad O. Dhariwala and Deborah M. Anderson	
Induction and Function of Type I IFNs During Chlamydial Infection.....	97
Uma M. Nagarajan	
Regulation of Host Response to Mycobacteria by Type I Interferons	109
Sebastian A. Stifter, Mikaela C. Coleman, and Carl G. Feng	
Index.....	125
