<b>1</b>	<b>Introduction</b>	<b>1</b>
1.1	Ethnobotany and Ethnomedicine	1
1.2	Purpose and Scope of Research	1
1.3	Research Questions	2
1.4	Hypotheses	2
1.5	Background	2
1.5.1	Natural and Cultural History of Study Site	2
1.6	Traditional Medicine in Belize	8
1.6.1	Belizean “Bush Medicine”	8
1.6.2	Traditional Healing in the Belizean Q’eqchi’ Community	9
1.6.3	Belize Indigenous Training Institute	12
1.6.4	Maya Spirituality	13
1.6.5	Culture-Bound Illnesses in Belize	15
1.6.6	Hot–Cold Duality in Maya Medicine	17
1.6.7	Maya Diagnostics	20
1.6.8	Traditional Q’eqchi’ Healing Modalities	21
1.6.9	Medicinal Plant Harvest and Use	21
	Conclusions	24
	References	24
<b>2</b>	<b>Traditional Q’eqchi’ Maya Reproductive Ethnomedicine</b>	<b>27</b>
2.1	Methodology	28
2.1.1	Study Site and Timeline	28
2.1.2	Research Ethics	28
2.1.3	Interviews	29
2.1.4	Plant Collection and Identification	30
2.2	Results and Discussion	30
2.2.1	Disorders of the Womb	31
2.2.2	Menstruation	34
2.2.3	Fertility, Infertility, and Fertility Regulation	40
2.2.4	Conception and Pregnancy	47

2.2.5	Birth and the Postpartum Period.....	51
2.2.6	Breastfeeding and Weaning .....	59
2.2.7	Menopause.....	61
2.2.8	Men's Reproductive Health.....	63
2.2.9	Infant Health.....	64
2.2.10	Culturally Specific Infant Conditions.....	66
	Conclusions.....	68
	References.....	69
<b>3</b>	<b>Use of Phytoestrogens in Q'eqchi' Maya Ethnomedicine.....</b>	<b>71</b>
3.1	Traditional Maya Medicine.....	71
3.2	Ethnomedically Directed Bioactivity Investigation.....	71
3.3	Phytoestrogens and Their Therapeutic Importance.....	72
3.4	Hormone Replacement Therapy (HRT) and the Women's Health Initiative.....	72
3.5	Q'eqchi' Maya Reproductive Ethnomedicine.....	73
3.6	Methodology.....	74
3.6.1	Belize Indigenous Training Institute .....	74
3.6.2	Ethnobotanical Research .....	74
3.6.3	Species Selection and Plant Collection .....	74
3.6.4	Memorandum of Agreement for Laboratory Research.....	75
3.6.5	Medicinal Plant Extraction.....	75
3.6.6	UIC/NIH Center for Botanical Dietary Supplements Research .....	75
3.6.7	Bioassay Materials.....	76
3.6.8	Cell Culture .....	76
3.6.9	Transient Transfections and Reporter Gene Assays .....	76
3.6.10	Cell Proliferation Assay.....	77
3.7	Results and Discussion.....	77
3.7.1	Cytotoxicity Results .....	77
3.7.2	Estrogenic and Antiestrogenic Activities.....	77
3.7.3	Fabaceae: Mimosoideae .....	77
3.7.4	Gesneriaceae.....	78
3.7.5	Melastomataceae .....	79
3.7.6	Piperaceae.....	81
3.7.7	Rhamnaceae.....	83
3.7.8	Rubiaceae .....	83
	Conclusion.....	84
	References.....	85
<b>4</b>	<b>Q'eqchi' Women's Lives, Healthcare and Cultural Loss .....</b>	<b>87</b>
4.1	Q'eqchi' Maya Women's Lives in Belize.....	87
4.2	Access and Choices in Reproductive Healthcare.....	90
4.3	Women's Healing Traditions.....	91
4.4	Methodology .....	92

4.4.1	Research Objectives .....	92
4.4.2	Interviews with Q'eqchi' Women .....	93
4.4.3	Interviews with Midwives, Herbalists and Healers .....	93
4.5	Results and Discussion .....	93
4.5.1	Q'eqchi' Women of a Toledo Village .....	93
4.5.2	Q'eqchi' Women's Health Perspectives .....	94
4.5.3	Q'eqchi' Choices and Perceptions of Pregnancy and Birth .....	95
4.5.4	Q'eqchi' Women's Traditions .....	97
4.5.5	Gender Differences in Healing and Plant Use .....	101
4.5.6	Q'eqchi' Midwives and Healers in Belize .....	102
4.5.7	Loss of Female Healers in the Belizean Q'eqchi Community .....	103
4.5.8	Q'eqchi' Migration .....	107
	Conclusions .....	109
	References .....	110
<b>5</b>	<b>Conclusions</b> .....	113
5.1	Q'eqchi' Reproductive Ethnomedicine .....	113
5.2	Estrogenic Plant Use in Q'eqchi' Reproductive Ethnomedicine .....	117
5.3	Q'eqchi' Women's Healing Traditions in Belize .....	118
	References .....	121
