

Contents

- 1 Introduction 1**
- 2 Preliminaries 5**
- 3 Some State Space Properties 13**
- 4 State Differentiability Properties in Input–Output Systems 23**
- 5 Summary and Conclusions 39**
- A Boundedness and Continuity of the Natural State 41**
- B Proof of Proposition 20 45**
- C On Shift Differentiability of Time Functions 63**
- D On Shift Differentiability of System Trajectories 67**
- References 71**
