

---

# Contents

## Part I History

- 1 Osteonecrosis: Historical Perspective** ..... 3  
Marvin E. Steinberg and David R. Steinberg

## Part II Anatomy and Blood Flow

- 2 Vascular Anatomy and Blood Supply to the Femoral Head** ..... 19  
Marcin Zlotorowicz and Jaroslaw Czubak
- 3 Ischemia and Reperfusion Injury in Bone**..... 27  
Howard Winet

## Part III Epidemiology

- 4 The Prevalence of Osteonecrosis in Different Parts of the World** ..... 35  
A.C. Gosling-Gardeniers, W.H.C. Rijnen,  
and J.W.M. Gardeniers
- 5 Epidemiology of Osteonecrosis in the USA** ..... 39  
Sameer M. Naranje and Edward Y. Cheng
- 6 The Epidemiology of Osteonecrosis in Japan**..... 47  
Takuaki Yamamoto, Ryosuke Yamaguchi, and Yukihide Iwamoto
- 7 Epidemiology of Osteonecrosis of the Femoral Head in South Korea** ..... 51  
Joon Soon Kang and Kee Hyung Rhyu
- 8 Current Trends of Osteonecrosis of the Femoral Head  
in Taiwan and China**..... 55  
Fang-Tsai Lee, Tso-Chiang Ma, and Mel S. Lee

## Part IV Etiology

- 9 Genetic Studies in Osteonecrosis of the Femoral Head**..... 61  
Shin-Yoon Kim and Tae-Ho Kim
- 10 Osteonecrosis and Intravascular Coagulation Revisited**..... 71  
Lynne C. Jones and Deborah McK. Ciombor
- 11 Glucocorticoids (as an Etiologic Factor)**..... 81  
Eun Young Lee and Yun Jong Lee
- 12 Corticosteroid Usage and Osteonecrosis of the Hip**..... 91  
Jeffrey J. Cherian, Bhaveen H. Kapadia, Samik Banerjee,  
Julio J. Jauregui, and Michael A. Mont

<b>13 Alcohol .....</b>	<b>95</b>
Wakaba Fukushima and Yoshio Hirota	
<b>14 Traumatic Avascular Necrosis of the Femoral Head .....</b>	<b>101</b>
Simon Damian Steppacher, Pascal Cyrill Haefeli, Helen Anwander, Klaus Arno Siebenrock, and Moritz Tannast	
<b>15 Posttraumatic Osteonecrosis of the Femoral Head.....</b>	<b>113</b>
Taek Rim Yoon and Ha Sung Kim	
<b>16 Osteonecrosis in Sickle-Cell Disease.....</b>	<b>125</b>
Philippe Hernigou and Gildasio Daltro	
<b>17 Autoimmune Disease (SLE, Antiphospholipid Syndrome), Posttransplantation (Kidney, Liver, Heart, Bone Marrow), and Other Risk Factors (Chemotherapy, Caisson Disease, Radiation, Pancreatitis, Gaucher's Disease).....</b>	<b>133</b>
Jeong Joon Yoo	
<b>Part V Pathology</b>	
<b>18 Pathophysiology of Ischemic Diseases of the Hip: Osteonecrosis, Borderline Necrosis, and Bone Marrow Edema Syndrome .....</b>	<b>143</b>
Kyung-Hoi Koo, Young-Kyun Lee, and Yun Jong Lee	
<b>19 The Pathology of Osteonecrosis of the Femoral Head.....</b>	<b>151</b>
Takuaki Yamamoto	
<b>Part VI Clinical Manifestation</b>	
<b>20 Natural History of Osteonecrosis.....</b>	<b>161</b>
Samik Banerjee, Bhaveen H. Kapadia, Julio J. Jauregui, Jeffrey J. Cherian, and Michael A. Mont	
<b>21 Causes of Pain in Early and Advanced Stage Osteonecrosis .....</b>	<b>165</b>
Vivek S. Jagadale and Edward Y. Cheng	
<b>22 Accumulation of Necrotic Fatty Marrow in Osteonecrotic Hips Mimicking Septic Arthritis .....</b>	<b>173</b>
Tae-Young Kim, Kyung-Hoi Koo, and Javad Parvizi	
<b>Part VII Imaging Diagnosis</b>	
<b>23 Radiography, MRI, CT, Bone Scan, and PET-CT .....</b>	<b>179</b>
Kyung Nam Ryu, Wook Jin, and Ji Seon Park	
<b>Part VIII Staging and Classification</b>	
<b>24 Ficat Staging System.....</b>	<b>199</b>
Kyung-Hoi Koo	
<b>25 The University of Pennsylvania Classification of Osteonecrosis.....</b>	<b>201</b>
David R. Steinberg and Marvin E. Steinberg	

<b>26 Natural Course and the JIC Classification of Osteonecrosis of the Femoral Head .....</b>	<b>207</b>
Nobuhiko Sugano and Kenji Ohzono	
<b>27 Modified Kerboul Classification System of Necrotic Extent Using MRI.....</b>	<b>211</b>
Yong-Chan Ha, Young-Kyun Lee, and Kyung-Hoi Koo	
<b>28 The ARCO Staging System: Generation and Evolution Since 1991 .....</b>	<b>215</b>
J.W.M. Gardeniers, A.C. Gosling-Gardeniers, and W.H.C. Rijnen	
<b>Part IX Differential Diagnosis</b>	
<b>29 Subchondral Stress Fracture of the Femoral Head .....</b>	<b>221</b>
Hee Joong Kim, Jeong Joon Yoo, and Pil Whan Yoon	
<b>30 Bone Marrow Edema Syndrome of the Hip .....</b>	<b>231</b>
Young-Kyun Lee and Kyung-Hoi Koo	
<b>31 Distinguishing Bone Marrow Edema Syndrome from Osteonecrosis.....</b>	<b>235</b>
Marc W. Hungerford and Kyung-Hoi Koo	
<b>Part X Non-surgical Treatments</b>	
<b>32 Treatment of Osteonecrosis of the Hip and Knee with Enoxaparin.....</b>	<b>241</b>
Charles J. Glueck, Richard A. Freiberg, and Ping Wang	
<b>33 The Role of Coagulopathy in the Pathogenesis and Prevention of Corticosteroid-Induced Osteonecrosis.....</b>	<b>249</b>
Takuaki Yamamoto, Goro Motomura, Ryosuke Yamaguchi, and Yukihide Iwamoto	
<b>34 Lipid-Lowering Agents and Their Effects on Osteonecrosis: Pros and Cons.....</b>	<b>255</b>
Abdurrahman Kandil and Quanjun Cui	
<b>35 Is There a Role for BMPs in the Treatment of Osteonecrosis?.....</b>	<b>261</b>
Philipp Leucht and Stuart B. Goodman	
<b>36 Alendronate in the Prevention of Collapse of the Femoral Head in Nontraumatic Osteonecrosis.....</b>	<b>265</b>
Chung-Hwan Chen and Gwo-Jaw Wang	
<b>37 New Therapies of Bone Necrosis.....</b>	<b>273</b>
Wolf Drescher, Matthias Knobe, Wolfgang Wagner, and Thomas Pufe	
<b>Part XI Surgical Treatments</b>	
<b>38 Principles of Core Decompression for Osteonecrosis of the Hip .....</b>	<b>279</b>
Bhaveen H. Kapadia, Samik Banerjee, Jeffrey J. Cherian, Julio J. Jauregui and Michael A. Mont	
<b>39 Stem Cells in Osteonecrosis: Cons.....</b>	<b>285</b>
Anjan P. Kaushik, Anusuya Das, and Quanjun Cui	

<b>40</b>	<b>Cement Techniques in Hip Osteonecrosis with Collapse: From Traditional Methyl Methacrylate to Bone Substitutes and Stem Cells.....</b>	<b>291</b>
	Philippe Hernigou and Gildasio Daltro	
<b>41</b>	<b>Impaction Bone Grafting .....</b>	<b>297</b>
	Seung-Hoon Baek and Shin-Yoon Kim	
<b>42</b>	<b>Principles of Bone Grafting for Osteonecrosis of the Hip .....</b>	<b>307</b>
	Julio J. Jauregui, Samik Banerjee, Bhavleen H. Kapadia, Jeffrey J. Cherian, Kimona Issa, and Michael A. Mont	
<b>43</b>	<b>Vascularized Pedicle Iliac Bone Grafting for Osteonecrosis of the Femoral Head .....</b>	<b>315</b>
	Mel S. Lee	
<b>44</b>	<b>The Vascularized Fibular Graft in the Treatment of Osteonecrosis: Data, Dogma, and Controversies .....</b>	<b>321</b>
	Will Eward	
<b>45</b>	<b>Transtrochanteric Rotational Osteotomy for Femoral Head Osteonecrosis .....</b>	<b>325</b>
	Yong-Chan Ha, Jae-Hwi Nho, and Kyung-Hoi Koo	
<b>46</b>	<b>Posterior Rotational Osteotomy for Severe Femoral Head Osteonecrosis .....</b>	<b>331</b>
	Takashi Atsumi	
<b>47</b>	<b>Transtrochanteric Curved Varus Osteotomy for the Treatment of Osteonecrosis of the Femoral Head.....</b>	<b>339</b>
	Takuaki Yamamoto, Satoshi Ikemura, and Yukihide Iwamoto	
<b>48</b>	<b>Total Hip Arthroplasty Using Ceramic-on-Ceramic Articulation .....</b>	<b>345</b>
	Young-Kyun Lee, Ki-Choul Kim, Bun Jung Kang, and Kyung-Hoi Koo	
<b>49</b>	<b>Highly Crosslinked Polyethylene Liners in Patients with Osteonecrosis of the Femoral Head in the United States and Europe .....</b>	<b>349</b>
	Patrick O'Toole and Javad Parvizi	
<b>50</b>	<b>Alumina Ceramic-on-Highly Cross-Linked Polyethylene Bearing in Cementless Total Hip Arthroplasty in Young Patients with Osteonecrosis of Femoral Head.....</b>	<b>355</b>
	Young-Hoo Kim	
<b>51</b>	<b>Hip Arthroplasty for Osteonecrosis of the Femoral Head .....</b>	<b>363</b>
	Harlan C. Amstutz, Michel J. Le Duff, and Mariam Al-Hamad	
<b>52</b>	<b>Resurfacing Arthroplasty for Osteonecrosis of the Femoral Head .....</b>	<b>375</b>
	Bernard N. Stulberg and Jayson D. Zadzilka	
<b>Part XII Osteonecrosis in Bones Other than the Hip</b>		
<b>53</b>	<b>Multifocal Osteonecrosis .....</b>	<b>383</b>
	Samik Banerjee, Bhavleen H. Kapadia, Jeffrey J. Cherian, Julio J. Jauregui, and Michael A. Mont	
<b>54</b>	<b>Osteonecrosis of the Humeral Head.....</b>	<b>389</b>
	Nobuhiko Sugano	
<b>55</b>	<b>Knee Osteonecrosis .....</b>	<b>395</b>
	Karthik E. Ponnusamy, Savyasachi Thakkar, and Harpal S. Khanuja	

<b>56 Osteonecrosis of the Talus .....</b>	<b>403</b>
Kyoung Min Lee, Sung Hun Won, and Moon Seok Park	
<b>57 Kienböck's Disease of the Lunate .....</b>	<b>411</b>
Dawn M. LaPorte and Thomas J. Kim	
<b>Part XIII Legg-Calvé-Perthes Disease</b>	
<b>58 The Epidemiology and Etiology of Perthes' Disease.....</b>	<b>419</b>
Daniel C. Perry	
<b>59 Legg-Calvé-Perthes Disease: Pathology, Pathophysiology, and Pathogenesis of Deformity .....</b>	<b>427</b>
Harry K.W. Kim	
<b>60 Legg-Calvé-Perthes Disease: Diagnosis, Imaging, and Classifications .....</b>	<b>437</b>
Benjamin Shore and Harry K.W. Kim	
<b>61 Legg-Calvé-Perthes Disease: Treatments .....</b>	<b>451</b>
Benjamin D. Martin and Harry K.W. Kim	
<b>62 Developing Medical Therapy for Legg-Calvé-Perthes' Disease .....</b>	<b>469</b>
Harry K.W. Kim and David G. Little	
<b>63 Corticosteroid-Associated Osteonecrosis in Children .....</b>	<b>479</b>
Scott Rosenfeld and Harry K.W. Kim	
<b>Part XIV Animal Models</b>	
<b>64 Animal Models of Corticosteroid-Associated Bone Diseases .....</b>	<b>493</b>
Lynne C. Jones, Michelle A. Tucci, Azeb Haile, and Dongqing Wang	
<b>65 Animal Models of Bone Necrosis: An Overview .....</b>	<b>507</b>
Wagner Drescher, Matthias Knobe, Wolfgang Wagner, and Thomas Pufe	
<b>Index .....</b>	<b>511</b>

Osteonecrosis

Koo, K.-H.; Mont, M.A.; Gordon, M. (Eds.)

2014, XVIII, 514 p. 183 illus., 63 illus. in color.,

Hardcover
