

# Contents

<b>Biomining: Metal Recovery from Ores with Microorganisms</b> . . . . .	1
Axel Schippers, Sabrina Hedrich, Jürgen Vasters, Malte Drobe, Wolfgang Sand and Sabine Willscher	
<b>Metal-Containing Residues from Industry and in the Environment: Geobiotechnological Urban Mining</b> . . . . .	49
Franz Glombitza and Susan Reichel	
<b>Bioremediation of Mine Water</b> . . . . .	109
Robert Klein, Judith S. Tischler, Martin Mühling and Michael Schlömann	
<b>Biosorption: A Mechanistic Approach</b> . . . . .	173
Marios Tsezos	
<b>Microbially Supported Phytoremediation of Heavy Metal Contaminated Soils: Strategies and Applications</b> . . . . .	211
René Phieler, Annkatrin Voit and Erika Kothe	
<b>Index</b> . . . . .	237
