

Table of Contents

Chapter 1. Introduction 1

Chapter 2. Business Networking: Possible Positive and Negative Impacts on Innovation and Excellence 5

2.1 Introduction 5

2.2 Possible Impacts of Business Networking on the Organization’s Efficiency 7

2.3 Possible Impacts of Business Networking on the Organization’s Effectiveness 8

2.4 Possible Impacts of Business Networking on the Organization’s Innovation Capabilities 8

2.5 Possible Impact of Business Networking on the Organization’s Social Role 10

2.6 Possible Impacts of Business Networking on the Organization’s Financial Strength 10

2.7 Measuring Business Network Impact..... 11

2.7.1 Organization’s Innovational Success (IS)..... 12

2.7.2 Organization’s Social Excellence (SE) 13

2.7.3 Organization’s Competitive Excellence (CE)..... 13

Chapter 3. Sustainable Altruism for Business Networking: The Costs of Fairness and Cooperation 17

3.1 Introduction 17

3.2 What Is Altruism and Why Does It Exist? 18

3.2.1 Altruism-Related Concepts 18

3.2.2 Altruism in Game Theories 20

3.2.3 Altruism in Systems Theories 21

3.2.4 Altruism in Evolutionary Studies 23

3.2.5 Different Forms of Altruism in Integrated Evolutionary-System-Game Theories 24

3.3	What Is the Role of Altruism in Inter-Organizational Business Interactions?	25
3.3.1	<i>Altruism in the Theory of the Population Ecology of Organization</i>	26
3.3.2	<i>Altruism in the Resource Dependence Theory</i>	27
3.3.3	<i>Altruism in the Resource Based / Relational View of the Firm</i>	28
3.3.4	<i>Altruism in the Collaborative Network Theory</i>	30
3.3.5	<i>Altruism in the Institutional Theory</i>	31
3.4	Under What Conditions Are Altruistic Behaviors Sustainable?	32
3.5	Measuring Business Network Strength	32
3.5.1	<i>Business Network Strength (NS)</i>	33
	References	35
Chapter 4.	Ecology of Innovation in Organizational Settings	37
4.1	Introduction	37
4.2	Literature Search Method	39
4.3	Literature Survey	40
4.3.1	<i>What Is Creativity in Organizational Settings?</i>	40
4.3.2	<i>What Are the Antecedents of Creativity in Organizational Settings?</i>	42
4.3.3	<i>What Are the Possible Relationships Between Creativity and Innovation in Organizational Settings?</i>	46
4.3.4	<i>How Can We Consistently Explain Creativity and Successful Innovation in Organizational Settings?</i>	46
4.4	An Evolutionary Approach to Creativity and Innovation	47
4.4.1	<i>The Main Evolutionary Problem with (Creative) Innovation: Irreversibility</i>	48
4.4.2	<i>The Homeostatic Mechanisms and the Tacking Nature of Innovation</i>	49
4.5	Measuring Organizational Innovation	51
4.5.1	<i>Strategic Support to Innovation (SS)</i>	53
4.5.2	<i>Organization's Innovation Capabilities (IC)</i>	54
	References	56

Chapter 5. Motivations for Business Networking	59
5.1 Introduction	59
5.2 How Can Long-Term Business Relationships Discourage or Hinder Successful Innovation?	60
5.3 How Can Actors' Motivations to Business Networking Influence Innovation Performances throughout the Network?	62
5.4 Three Cases of Network Failure	64
5.4.1 <i>First Case: Resistances to the Introduction of ERP Systems in Supply Chains</i>	64
5.4.2 <i>Second Case: the Breakdown of the Textile District of Prato, Italy</i>	65
5.4.3 <i>Third Case: the Destruction of Landscape Resources in Alpine Tourism Destinations</i>	67
5.5 Measuring the Motivations for Business Networking	68
5.5.1 <i>Importance of Reliability/Predictability as a Motivation for Business Networking (NM-R)</i>	69
5.5.2 <i>Importance of Information Exchange as a Motivation for Business Networking (NM-I)</i>	69
5.5.3 <i>Importance of Control of Network Resources as a Motivation for Business Networking (NM-C)</i>	70
5.5.4 <i>Importance of Power on External Resources and Decisions as a Motivation for Business Networking (NM-P)</i>	71
5.5.5 <i>Importance of Project / Change Co-Management as a Motivation for Business Networking (NM-M)</i>	71
5.5.6 <i>Importance of Legitimacy as a Motivation for Business Networking (NM-L)</i>	72
References	73
Chapter 6. Innovational Effectiveness of Different Network Types: Theory Building and Testable Models	75
6.1 Introduction	75
6.2 Reliability / Predictability Networks	77
6.3 Information Exchange Networks	78
6.4 Control Oriented Networks	78
6.5 Power Oriented Networks	79
6.6 Project / Change Co-Management Networks	79

6.7 Legitimacy Networks 80

6.8 Limitations and Further Research 94

Innovation Processes in Business Networks
Managing Inter-Organizational Relationships for
Innovational Excellence

Ricciardi, F.
