List of abbreviations	XIX

I Introduction: *What is this dissertation about?* 1

1 Innovation communities and social capital theory.....	8
2 The research gap: Limited knowledge on antecedents of social capital.....	11
3 Overview of studies	12

II Theoretical background: *Open innovation, communities, and social capital* 17

1 Structure of part II.....	19
2 The paradigm of open innovation.....	21
3 The central characteristics of corporate innovation communities	27
4 The relevance of social capital in innovation processes	33
4.1 Social capital: Definition and relevance.....	34
4.2 The three dimensions of social capital.....	39
4.2.1 The structural dimension of social capital.....	40
4.2.2 The relational dimension of social capital.....	43
4.2.3 The cognitive dimension of social capital.....	44
4.3 Social capital – a multilevel concept	45
4.3.1 Individual level studies.....	47
4.3.2 Group level studies	48
4.3.3 Organizational level studies	49
4.3.4 Cross-level studies	50
5 Derivation of research gap and research question.....	52

III Antecedents of social capital in corporate innovation

communities on three levels: <i>A case study approach</i>.....	55
1 Structure of part III.....	57
2 General methodological issues	60
3 Case selection.....	63
3.1 Pilot Case A: Temporary employment.....	64
3.2 Four follow up cases	65
3.2.1 Case B: Automobile.....	65
3.2.2 Case C: Toy manufacturing	66
3.2.3 Case D: Automation	67
3.2.4 Case E: Conglomerate	68
4 Data collection and analysis	70
4.1 Data collection: Case A	70
4.2 Data collection: Case B-E.....	73
4.2.1 Data collection: Case B.....	73
4.2.2 Data collection: Case C-E.....	74
4.3 Data analysis	77
5 Findings on antecedents of corporate innovation community social capital.....	79
5.1 The self-reinforcing nature of innovation community social capital	81
5.2 Individual level antecedents of innovation community social capital.....	89
5.2.1 Personality traits	90
5.2.2 Intrinsic and extrinsic motivations	96
5.3 Organizational level antecedents of innovation community social capital.....	99
5.3.1 Corporate culture	100
5.3.2 Formal and informal organization.....	104
5.4 Community level antecedents of innovation community social capital.....	110
5.4.1 Creative task design	110
5.4.2 Community leadership.....	112
5.4.3 Workshop and platform design	115
6 Discussion	123
6.1 Community social capital as a multidimensional phenomenon.....	123
6.2 Community social capital antecedents on multiple levels.....	124
6.3 Differences to extant studies on antecedents of social capital	125
6.4 Limitations and avenues for future research	127

IV Individual level antecedents of social capital in corporate innovation communities: A SEM approach.....	129
1 Structure of part IV	131
2 Theoretical foundations	136
2.1 Personality traits	136
2.1.1 The Five Factor Model of personality	138
2.1.1.1 Openness to experience	140
2.1.1.2 Agreeableness	142
2.1.1.3 Emotional stability	145
2.1.1.4 Introversion	147
2.1.1.5 Conscientiousness	149
2.2 Motivations of innovation community members	151
2.2.1 Extrinsic motivation.....	152
2.2.1.1 Usage of better products and services.....	153
2.2.1.2 Reputation and career perspectives.....	153
2.2.1.3 Financial rewards.....	154
2.2.1.4 Learning.....	155
2.2.2 Intrinsic motivation	157
2.2.2.1 Fun and enjoyment	157
2.2.2.2 Identification with the community	159
2.2.2.3 Increased knowledge self-efficacy	160
2.2.2.4 Positive emotions related to helping	160
3 Model development.....	161
3.1 Self-reinforcing relationships between structural, cognitive, and relational social capital in corporate innovation communities.....	163
3.1.1 Network size and shared visions, tie strength as well as trust	164
3.1.2 Shared visions and trust as well as tie strength.....	166
3.1.3 Tie strength and trust	167
3.2 The “Big 5” personality traits as antecedents of corporate innovation community social capital	168
3.2.1 Openness to experience and innovation community social capital	168
3.2.2 Agreeableness and innovation community social capital.....	169
3.2.3 Emotional stability and innovation community social capital.....	169
3.2.4 Introversion and innovation community social capital	170
3.2.5 Conscientiousness and innovation community social capital.....	171
3.3 Extrinsic and intrinsic motivations as antecedents of corporate innovation community social capital	172
3.3.1 Extrinsic motivation and innovation community social capital	173

3.3.2	Intrinsic motivation and innovation community social capital.....	173
4	Empirical field.....	175
4.1	WIN Innovation Community	175
4.2	Data collection approach.....	178
5	Data analysis approach	181
5.1	SEM and its use in this study	181
5.1.1	Exploratory factor analysis	183
5.1.2	Confirmatory factor analysis	184
5.1.3	Evaluation of model fit	185
6	Measures and measurement validity	190
6.1	Measurement of the FFM.....	190
6.2	Measurement of extrinsic and intrinsic motivations	191
6.3	Measurement of social capital	192
6.3.1	Measurement of the structural dimension of social capital	192
6.3.2	Measurement of the cognitive dimension of social capital	194
6.3.3	Measurement of the relational dimension of social capital.....	194
6.3.3.1	Trust	194
6.3.3.2	Tie strength.....	195
6.4	Measurement model validity	195
6.4.1	EFA based on the whole data set	197
6.4.2	EFA, CFA, and model fit on construct level	199
6.4.2.1	Validity of the measurement of the FFM.....	199
6.4.2.2	Validity of the measurement of intrinsic and extrinsic motivations	203
6.4.2.3	Validity of the measurement of social capital.....	204
7	Hypotheses testing	208
8	Discussion	212
8.1	Theoretical implications.....	214
8.2	Limitations and avenues for future research	215

V Discussion and conclusion: *Reflections on research presented in this dissertation* 217

1 Summary of studies219

1.1 Summary of the study presented in part III 219

1.2 Summary of the study presented in part IV 221

2 Theoretical implications..... 223

3 Managerial implications 227

4 Limitations and avenues for future research 236

5 Conclusion 239

References 240

Annexes..... 265

Annex 1: Related publications and data collection.....266

Annex 2: German wording of items used in part IV.....268

Annex 3: Evaluation of the measurement of trust in part IV 271

Annex 4: Covariance matrix of items used in part IV 273

Establishing Corporate Innovation Communities

A Social Capital Perspective

Dumbach, M.

2014, XIX, 275 p. 27 illus., Softcover
