List of Figures	x i
List of Tables	xiii
Introduction	1
Background	1
Plan of the Book	3
 I. Historical Origins of Uncertainty in Economic Theory	 7
1. Concepts of Uncertainty in Economic Literature	9
1.1. Background	9
1.2. Keynes' Epistemic View of Probability and Uncertainty	12
1.2.1. Obtaining Knowledge and Processing a Rational Belief	12
1.2.2. Uncertainty	16
1.2.3. Weight of Argument	18
1.3. Knight's Aleatory View	21
1.3.1. Three Types of Probability	21
1.3.2. Uncertainty	23
1.4. Further Concepts of Uncertainty	26
1.4.1. Davidson's True Uncertainty	26
1.4.2. Shackle's True Uncertainty	28
1.4.3. Ellsberg's Ambiguity	29
1.5. Taxonomy and Summary	31
 II. Theoretical Foundations of Monetary Policy under Uncertainty	 37
2. Effects of Uncertainty on the Policy Design	39

2.1. From Uncertainty to Uncertainty	39
2.2. Additive Uncertainty and Certainty Equivalence	45
2.2.1. The Concept of Certainty Equivalence	46
2.2.2. Additive Uncertainty: The Poole-Model	48
2.3. Parametric Uncertainty: The Brainard Example	54
2.4. Data Uncertainty: The Use of the Optimal Estimate	62
2.4.1. Data Revisions: Real-Time and Final Estimates	62
2.4.2. Imperfect Observation vs. Signal Extraction	65
2.5. A Further Note on Certainty Equivalence	69
2.5.1. Certainty Equivalence in Risk Theory	69
2.5.2. Parametric Uncertainty and Certainty Equivalence	71
2.5.3. Data Uncertainty and Certainty Equivalence	75
2.6. Interest Rate Smoothing due to Uncertainty	79
3. Implementing Uncertainty into Monetary Models	83
3.1. The Benchmark Model	83
3.1.1. Basics of the New Keynesian Benchmark Model	83
3.1.2. Optimal Policy Solutions	87
3.1.3. Uncertainty in the New Keynesian Model	97
3.2. State Space Representation	102
3.2.1. Optimal Policy	106
3.2.2. Implementing Uncertainty: A Compact Approach	110
3.3. Model Uncertainty	115
3.3.1. Measuring Misspecifications with the Concept of Entropy	116
3.3.2. Escaping Model Uncertainty by Robust Control	119
3.3.3. Comparison of Different Equilibrium Paths	126
3.3.4. Markov-Switching and Model Uncertainty	130
3.4. Summary of Chapter 2 and 3	140
III. Empirical Investigations on Uncertainty	143
4. Assessing Uncertainty in the Euro Area and the USA	145
4.1. Introduction	145
4.2. Empirical Evidence of Uncertainty Measures	147
4.2.1. Measuring Uncertainty via Surveys	147
4.2.2. Survey of Professional Forecaster Data	148
4.2.3. Measuring Uncertainty via Stock Market Volatility	154

4.2.4. Stock Market Data	155
4.3. Factor Analysis of Empirical Data	158
4.3.1. Factor Analysis of European Data	158
4.3.2. Factor Analysis of US Data	161
4.3.3. Combined Factor Analysis of US and European Data	165
4.4. Summary of Chapter 4	169
4.A. Appendix: General Introduction to the Method	170
5. Communicated Uncertainty of the ECB	177
5.1. Introduction	177
5.2. The Importance of Central Bank Communication	178
5.3. Traditional Measures of Uncertainty	180
5.4. Sentiment Analysis: Talking by Numbers	181
5.4.1. Literature	181
5.4.2. Theoretical Underpinning	183
5.5. Sentiment Analysis: Empirics	184
5.5.1. Data & Methodology	184
5.5.2. Descriptive Findings	186
5.5.3. Markov-Switch Analysis	192
5.6. Summary of Chapter 5	196
Conclusion and Outlook	199
Bibliography	205

Monetary Policy under Uncertainty
Historical Origins, Theoretical Foundations, and
Empirical Evidence

Sauter, O.

2014, XIII, 221 p. 40 illus., Softcover

ISBN: 978-3-658-04973-7
