

## Table of Contents

Acknowledgements .....	V
Abstract .....	VII
List of Abbreviations .....	XIII
List of Illustrations .....	XV
List of Tables .....	XVII
 Chapter 1: Introduction .....	 1
1.1 Chapter Objectives .....	1
1.2 Research Introduction .....	1
1.3 Research Aims and Objectives .....	2
1.4 Initial Hypotheses .....	2
1.5 Research Questions and Gaps in Knowledge .....	3
1.6 Rationale for Industry and Location Focus .....	4
1.7 Stakeholder Analysis .....	6
1.8 Thesis Structure .....	9
1.9 Chapter Conclusion .....	10
 Chapter 2: Background .....	 11
2.1 Chapter Objectives .....	11
2.2 ADAS Technology .....	11
2.3 Advantages of ADAS Technology .....	14
2.4 Risks Associated with ADAS Technology .....	14
2.5 Market Situation of ADAS in Europe .....	16
2.6 The Importance of ADAS for the German Automobile Industry .....	19
2.7 Chapter Conclusion .....	25
 Chapter 3: Literature Review .....	 27
3.1 Chapter Objectives .....	27
3.2 Literature Review Design .....	27
3.3 Defining Innovation .....	29
3.4 Defining Acceptance, Adoption, Resistance and Diffusion .....	33
3.5 History of Acceptance Research .....	36
3.6 The Diffusion Paradigm .....	37
3.7 Criticism of the Diffusion Paradigm .....	41
3.8 The Theory of Reasoned Action .....	41
3.9 Criticism of the Theory of Reasoned Action .....	46
3.10 The Technology Acceptance Model .....	48
3.11 Criticism of the Technology Acceptance Model .....	50
3.12 Current Trends in Innovation Acceptance Research .....	50

3.13	Review of Empirical Innovation Acceptance Studies .....	54
3.14	Main Findings and Implications of Reviewed Studies .....	62
3.15	Review of Commercial Innovation Acceptance Studies .....	72
3.16	Implications from the Literature Review .....	75
3.17	Chapter Conclusion .....	78
Chapter 4: Research Approach .....		79
4.1	Chapter Objectives .....	79
4.2	Understanding Epistemological and Ontological Considerations .....	79
4.3	Major Philosophical Paradigms in Social Research .....	80
4.4	Justification of Postpositivistic Research Approach .....	83
4.5	Methodological Considerations .....	84
4.6	Quantitative Research in Social Science .....	84
4.7	Qualitative Research in Social Science .....	85
4.8	Mixed Methods Approaches .....	86
4.9	Defining a Research Design .....	89
4.10	Chapter Conclusion .....	92
Chapter 5: Qualitative Research Approach .....		93
5.1	Chapter Objectives .....	93
5.2	Interview Types .....	93
5.3	Decision on Interview Type .....	95
5.4	Interview Design .....	96
5.5	Development of the Interviewer Questions .....	98
5.6	Development of the Interviewer Guide .....	100
5.7	Defining a Recording Concept .....	103
5.8	Defining a Sample Size .....	103
5.9	Interview Participants .....	104
5.10	Transcription .....	106
5.11	Qualitative Data Analysis .....	108
5.12	Content Analysis of the Interview Transcripts .....	110
5.13	Content Analysis Results .....	114
5.14	Quality Criteria of Qualitative Research .....	116
5.15	Implications from Qualitative Research .....	119
5.16	Summary of Results .....	124
5.17	Visualisation of Results .....	127
5.18	Comparison of Results with Previous Empirical Studies .....	129
5.19	Integrating Behavioural Models .....	133
5.20	Hypothesis Refinement .....	135
5.21	Chapter Conclusion .....	138

Chapter 6: Quantitative Research Approach .....	141
6.1 Chapter Objectives .....	141
6.2 Survey Types .....	141
6.3 Questionnaire Design .....	144
6.4 Questionnaire Contents .....	146
6.5 Developing Scales .....	148
6.6 Developing a Cover Letter .....	154
6.7 Operationalisation of Concepts .....	155
6.8 Constructing the Questionnaire .....	166
6.9 Pre-Testing the Survey .....	169
6.10 Sample Definition .....	170
6.11 Sampling Approach .....	173
6.11.1 Incentives for Participation .....	173
6.11.2 Contacting Participants .....	175
6.11.3 Sampling Bias .....	176
6.11.4 Stratified Probability Sampling .....	177
6.12 Administration of the Survey .....	178
6.13 Analysis of Sample Population .....	178
6.14 Descriptive Data Analysis .....	183
6.15 Hypothesis Testing .....	188
6.16 Overview of Statistical Tests .....	192
6.17 Parametric and Nonparametric Statistics .....	193
6.18 Testing Variable Correlations .....	195
6.19 Observed and Latent Variables .....	200
6.20 Factor Analysis Techniques .....	201
6.21 Factor Analysis of Predictors .....	203
6.22 Reliability Analysis of the Factors .....	206
6.23 Regression Analysis .....	211
6.24 Developing Factor Scores for Regression Analysis .....	212
6.25 Ordinal Regression Analysis .....	214
6.26 Linear Regression Analysis .....	221
6.27 Comparison of Ordinal and Linear Regression Model Results .....	224
6.28 Structural Equation Modelling .....	225
6.29 Evaluating Model Fit in Structural Equation Modelling .....	228
6.30 Evaluating the Quality of the Proposed Model .....	231
6.31 Testing for Group Differences .....	232
6.32 Comparing Innovativeness with Adoption Time .....	241
6.33 Chapter Conclusion .....	246
Chapter 7: Discussion of Findings .....	249
7.1 Chapter Objectives .....	249

7.2	Discussion of the Results: Predictors .....	249
7.2.1	Perceived Safety and Comfort Benefit .....	250
7.2.2	General Innovativeness .....	250
7.2.3	Desire to Exert Control .....	251
7.2.4	Omitted Factors .....	251
7.3	Discussion of the Results: Background Variables .....	253
7.3.1	Gender .....	253
7.3.2	Age .....	254
7.3.3	Car Ownership .....	255
7.3.4	Experience .....	255
7.3.5	Car Type .....	256
7.3.6	Car Brand .....	256
7.4	Discussion of the Results: Cross-Cultural Perspective .....	257
7.5	Discussion: Summary of Main Findings .....	261
7.6	Discussion: Final Model for ADAS Acceptance .....	262
7.7	Discussion: Revisiting the Hypotheses .....	265
7.8	Recommendations Proposed on the Basis of the Results .....	267
7.8.1	Theoretical Implications .....	267
7.8.2	Methodological Implications .....	269
7.8.3	Managerial and Practical Implications .....	271
7.8.4	Governmental Implications .....	274
7.9	Potential Limitations of the Methodology Chosen .....	275
7.9.1	Sample .....	275
7.9.2	Context and External Validity .....	276
7.9.3	Interviewer Bias .....	277
7.9.4	Normality of Data and Construct Reliability .....	277
7.9.5	Causal Relationships .....	278
7.9.6	Conclusion on Limitations .....	278
7.10	Contribution to Knowledge .....	278
7.11	Propositions for Further Research .....	280
7.12	Chapter Conclusion .....	281
	References .....	283
	Appendix .....	315

Innovation Acceptance

The Case of Advanced Driver-Assistance Systems

Planing, P.

2014, XVIII, 326 p. 51 illus., Softcover

ISBN: 978-3-658-05004-7
