2.2.4	Aboud's integrative frame model on the development of prejudices	40
2.2.5	Bar-Tal and Teichman's integrative model of the formation of stereotypes and prejudice.....	44
2.3	A synthesis of the developmental theories	47
2.3.1	Framework of the present study	48
2.4	Factors influencing the level of prejudice in adolescence	50
2.4.1	Personality	50
2.4.2	Individual background	53
2.4.3	The micro-context	56
2.4.4	The broader context.....	58
3	A society trapped in prejudice: the case of Hungary	61
3.1	Empirical studies on the intergroup attitudes of the Hungarians.....	61
3.1.1	Studies among the adult population	61
3.1.2	Studies among adolescents.....	63

3.1.3	Further research projects	71
3.1.4	Summary and evaluation of the studies	73
3.2	Living in poverty, facing segregation – everyday experiences of the Roma in Hungary	75
3.2.1	School segregation	76
3.2.2	The Roma in Budapest	77
3.2.3	Discrimination against the Roma in Hungary	78
3.2.4	Public picture of the Roma	79
3.2.5	Perspective of the Roma	80
3.3	Further minorities in Hungary and Budapest	81
3.4	Education and the youth in Hungary	82
The present study: Attitudes towards the Roma among Hungarian teenagers		85
4	Methods of the present study	85
4.1	Questionnaire development	85
4.1.1	Conceptualising group discussions	85
4.1.2	Review of measures, draft questionnaire and feedback	86
4.1.3	Qualitative and quantitative pretests	87
4.1.4	Structure of the questionnaire	88
4.2	Terminological ethics in the discussions and the questionnaire	89
4.3	Respondents	90
4.3.1	Sample from Budapest	92
4.4	General procedure	93
4.5	Data collection	94
4.6	Special events during the fieldwork	95
4.7	Methods of analysis	95
5	Becoming prejudiced / becoming tolerant – Crystallisation of the attitudes towards the Roma	97
5.1	Brief theoretical overview and hypotheses	98
5.1.1	Hypotheses	100
5.2	Measures	100
5.2.1	The dependent variable: anti-Roma prejudice	100
5.2.2	Socio-economic background	103
5.2.3	Inter-group contact	104

5.2.4	Belief in the inequality of humans	105
5.2.5	Empathy	106
5.3	Results	106
5.3.1	Social distance from the Roma and other outgroups	106
5.3.2	Structure of the anti-Roma prejudice	110
5.3.3	Cognitive developmental stage and prejudice	113
5.3.4	Factors influencing the level of anti-Roma prejudice	115
5.3.5	Integrated model.....	121
5.4	Summary and discussion of the results.....	123
6	Do friends have similar attitudes towards the Roma? –	
	The shared nature of prejudice.....	125
6.1	Theoretical overview.....	125
6.1.1	Friendship in adolescence	126
6.1.2	Homophily.....	127
6.1.3	Attitude homophily in adolescence.....	128
6.1.4	Selection and socialisation: the two processes leading to homophily.....	129
6.1.5	Sociological perspective.....	130
6.2	Main questions, objective and hypotheses.....	131
6.3	Measures and sample	133
6.3.1	Friendships	133
6.3.2	Measure of homophily and attitude similarity	134
6.3.3	Measure of perceived similarity of attitudes among friends.....	136
6.3.4	Measure of familiarity with the best friend's attitude.....	137
6.3.5	Measure of the importance of the friend's intergroup attitudes in the friendship	137
6.3.6	Measure of the frequency of discussions about intergroup relations	138
6.3.7	Individual-level analysis of micro-context effects.....	138
6.4	Results.....	140
6.4.1	Description of Friendships	140
6.4.2	Value homophily: similarity of the attitude towards the Roma among best friends.....	142
6.4.3	Linear regression analysis	147

6.4.4	Perceived attitude similarity.....	150
6.4.5	Familiarity with the best friend's attitude	152
6.4.6	Anti-Roma prejudice as a shared intergroup attitude among best friends	154
6.4.7	Shared attitude and the level of anti-Roma prejudice	156
6.5	Summary and discussion of the results	157
7	“Everyone who’s normal hates the Gypsies” – Prejudice in context.....	159
7.1	Theoretical overview.....	160
7.1.1	Conformity, social norms, and the development of prejudice in adolescence	160
7.1.2	Reference groups in adolescence	162
7.1.3	Peer influence and the development of prejudice	163
7.1.4	Pluralistic ignorance and the spiral of silence.....	164
7.2	The normative context: the public acceptance of anti-Roma prejudice in Hungary	167
7.3	Analysis 1: Perceived norms and prejudice against the Roma	168
7.3.1	Overview and hypotheses	168
7.3.2	Measures.....	169
7.3.3	Results	171
7.3.4	Summary of the findings on perceived norms and prejudice against the Roma	181
7.4	Analysis 2: Effects of the school class attitude climate on the individual attitudes	182
7.4.1	Overview and hypotheses	182
7.4.2	Data	183
7.4.3	Measures.....	184
7.4.4	Differences between the classes.....	185
7.4.5	The effect of the school class attitude climate on individual anti-Roma prejudice – Multilevel analyses	186
7.4.6	Summary of the findings on the effect of the school class attitude climate on the level of individual anti-Roma prejudice	191
7.5	Analysis 3: Perceived and objective majority view of the acceptance of anti-Roma remarks.....	192

7.5.1	Overview and hypotheses	192
7.5.2	Measures.....	193
7.5.3	Results	194
7.5.4	Possible reasons of pluralistic ignorance and conservative bias	198
7.5.5	Conservative bias and the persistence of anti-Roma attitudes: a thought experiment	200
7.6	Summary and discussion of the results	202
8	Conclusion	205
8.1	Summary of the findings regarding the attitudes of the Hungarian teenagers.....	206
8.2	General findings in the field of prejudice development in adolescence	207
8.3	Limitations and directions for future research	210
8.4	What can be done? What should be done? – Recommendations for prejudice reduction.....	212
	References.....	215
