

Contents

Part I Chronic Pain in Humans

- Persistent Postsurgical Pain: Evidence from Breast Cancer Surgery, Groin Hernia Repair, and Lung Cancer Surgery. . . .** 3
Mads Utke Werner and Joakim Mutahi Bischoff

Part II Pharmacology of Chronic Pain

- Behavioral Pharmacology of Pain.** 33
Odd-Geir Berge
- Animal Models and Pharmacology of Herpetic and Postherpetic Pain** 57
Yasushi Kuraishi and Atsushi Sasaki
- Mechanisms and Pharmacology of Neuropathic Pain in Multiple Sclerosis** 75
T. Iannitti, B. J. Kerr and B. K. Taylor

Part III Preclinical Models of Chronic Pain

- Preclinical Assessment of Pain: Improving Models in Discovery Research** 101
Tamara King and Frank Porreca
- Operant Assays for Assessing Pain in Preclinical Rodent Models: Highlights from an Orofacial Assay** 121
Niall P. Murphy, Richard H. Mills, Robert M. Caudle and John K. Neubert

Animal Models of Diabetes-Induced Neuropathic Pain	147
Corinne A. Lee-Kubli, Teresa Mixcoatl-Zecuatl, Corinne G. Jolivald and Nigel A. Calcutt	
Visceral Pain	171
Erica S. Schwartz and G. F. Gebhart	
 Part IV Cognitive and Affective Aspects	
Pain and Cognition in Multiple Sclerosis	201
Curtis Benson and Bradley J. Kerr	
The Self-administration of Analgesic Drugs in Experimentally Induced Chronic Pain	217
Carrie L. Wade and Carolyn A. Fairbanks	
The Interaction Between Pain and Social Behavior in Humans and Rodents	233
Loren J. Martin, Alexander H. Tuttle and Jeffrey S. Mogil	
Neurobiology of Stress-Induced Hyperalgesia	251
Weredeselam M. Olango and David P. Finn	
 Part V Plasticity and Chronic Pain	
Endogenous Analgesia, Dependence, and Latent Pain Sensitization . . .	283
Bradley K. Taylor and Gregory Corder	
Anatomical and Physiological Factors Contributing to Chronic Muscle Pain	327
Nicholas S. Gregory and Kathleen A. Sluka	
Acute and Chronic Pain in Children	349
Gareth J. Hathway	
Index	367

Behavioral Neurobiology of Chronic Pain

Taylor, B.K.; Finn, D. (Eds.)

2014, VIII, 372 p. 37 illus., 21 illus. in color., Hardcover

ISBN: 978-3-662-45093-2
