Wave Propagation in Functionally Graded Material Bar	
Due to Collision	1
Tadaharu Adachi and Masahiro Higuchi	
1 Introduction	1
2 Analysis.....	2
2.1 Analytical Collision Model	2
2.2 Step Response of FGM Bar.....	3
2.3 Analytical Procedure.....	4
2.4 Numerical Laplace Transformation	5
3 Numerical Results	6
4 Conclusion.....	8
References	8
Rough Dynamic Response Prediction for Simple Railway	
Bridges Subjected to High-Speed Trains	11
Christoph Adam and Patrick Salcher	
1 Introduction.....	11
2 Mechanical Model of the Bridge-Train Interaction System	12
3 Proposed Response Spectra	14
4 Application	15
5 Example.....	16
References	18
Speed-Gradient Control of Mechanical Systems with Constraints	21
M.S. Ananyevskiy and A.L. Fradkov	
1 Problem Formulation.....	21
2 Speed-Gradient Method	22
2.1 Universal Speed-Gradient Method	22
2.2 Universal Speed-Gradient Method with Constraints	24
3 Two Pendulums Example	24

4	Molecular Example	26
5	Conclusion	28
	References	28
