# Contents

## Part I Imaging

- 1 An Introduction to Brain Tumor Imaging.....** 3  
Amit Mehndiratta, Yee Kai Tee, Stephen J. Payne,  
Michael A. Chappell, and Frederik L. Giesel
- 2 Molecular Imaging of Brain Tumors.....** 21  
Nora Sandu, Toma Spiriev, and Bernhard Schaller
- 3 Use of  $^{11}\text{C}$ -4DST-PET for Imaging of Human Brain Tumors.....** 41  
Tadashi Nariai, Motoki Inaji, Muneyuki Sakata,  
and Jun Toyohara

## Part II Glioma and Glioblastoma

- 4 Diffusion Tensor Magnetic Resonance Imaging-Based Tractography for Glioma Surgery.....** 51  
Shiro Ohue, Shohei Kohno, Yoshiaki Kumon,  
and Takanori Ohnishi
- 5 Angiocentric Glioma, Pilomyxoid Astrocytoma, and Pituicytoma: New Entities in the World Health Organization Classification .....** 63  
Jamie L. Odem and Douglas C. Miller
- 6 Diffuse Intrinsic Pontine Gliomas in Children: Treatment (An Update) .....** 75  
Amy Lee Bredlau and David N. Korones
- 7 Gliomatosis Cerebri: Implications of Genetic Findings .....** 85  
Marcel Seiz and Christian Hartmann
- 8 Impact of Bevacizumab Chemotherapy on Glioblastomas.....** 93  
Brandyn A. Castro and Manish K. Aghi
- 9 Glioblastoma Microvesicles Transport RNA and Proteins, Promoting Tumor Growth.....** 101  
David Gonda, Amit Goyal, Johnny Akers,  
Clark Chen, and Bob Carter

<b>10</b>	<b>MicroRNA in the Pathophysiology of Glioblastoma.....</b>	<b>113</b>
	Jessian Munoz, Steven J. Greco, and Pranela Rameshwar	
<b>11</b>	<b>Surgical Management of Incidentally Discovered Diffuse Low-Grade Gliomas.....</b>	<b>119</b>
	Johan Pallud and Emmanuel Mandonnet	

### **Part III Stereotactic Radiosurgery**

<b>12</b>	<b>Stereotactic Radiosurgery for the Treatment of Brain Metastases.....</b>	<b>133</b>
	Emmanouil Fokas	
<b>13</b>	<b>Local Control of Low-Volume Brain Metastasis Using Stereotactic Radiosurgery .....</b>	<b>141</b>
	Howard Hsu, Stephen Rush, Christine Min, and John G. Golfinos	
<b>14</b>	<b>Tumor Seeding After Stereotactic Brain Biopsy .....</b>	<b>157</b>
	Gordan Grahovac	
<b>15</b>	<b>Intracranial Stereotactic Radiosurgery in High Risk Patients with Metastases from Radioresistant Primary Tumors .....</b>	<b>163</b>
	Varun Kumar Chowdhry and Seung Shin Hahn	
<b>16</b>	<b>Brain Metastases: Treatment with Stereotactic Iodine-125 Brachytherapy.....</b>	<b>173</b>
	Maximilian I. Ruge, Philipp Kickingeder, and Harald Treuer	
<b>17</b>	<b>Stereotactic Radiosurgery for Skull Base Meningiomas .....</b>	<b>187</b>
	Daniel M.S. Raper, Robert M. Starke, and Ricardo J. Komotar	

### **Part IV Spinal Cord Tumors**

<b>18</b>	<b>Pediatric Spinal Cord Tumors .....</b>	<b>197</b>
	Chiazo Amene, Michael Levy, and John Crawford	
<b>19</b>	<b>Radiosurgery for Intramedullary Spinal Cord Tumors.....</b>	<b>213</b>
	Anand Veeravagu, Cassie Ludwig, Bowen Jiang, and Steven D. Chang	
<b>20</b>	<b>Novalis Spinal Radiosurgery.....</b>	<b>223</b>
	David Ly, Christopher J. Anker, and Meic H. Schmidt	
<b>21</b>	<b>Etiology and Outcomes of Pediatric Spinal Cord Tumors.....</b>	<b>237</b>
	Susan Biffi	

## Part V Meningioma

- 22 Selection of Elderly Meningioma Patients for Surgery Using a Clinical-Radiological Grading System as a Predictor of Outcome** ..... 255  
 Manuela Caroli, Andrea Di Cristofori, Francesca Lucarella, Leonardo Zottarelli, Barbara Zarino, and Samis Zella
- 23 Cranial Meningioma in Neurofibromatosis Type 2 Patients: Role of Mutations** ..... 271  
 Miriam J. Smith and D. Gareth R. Evans
- 24 Classification of Meningioma Using Immunogenic Antigens** ..... 277  
 Nicole Ludwig
- 25 Treatment of Benign Meningiomas Using Radiosurgery** ..... 285  
 Antonio Santacrose, Marcel A. Kamp, Ioannis Simiantonakis, Hans Jakob Steiger, Wilfried Budach, and Jean Regis
- 26 Rhabdoid Meningiomas: Histopathological Diagnosis** ..... 305  
 Ewa Matyja and Wiesława Grajkowska

## Part VI Schwannomas

- 27 Multiple Schwannomas: Diagnosis and Treatment** ..... 315  
 Takashi Eguchi, Keiichiro Takasuna, Atsushi Sato, Yusaku Shimizu, Yohei Hidai, Makoto Matsubara, Atsunori Shinoda, Masayuki Fujiwara, Kazuo Yoshida, and Jun Amano
- 28 Treatment of Patients with Vestibular Schwannomas Using Gamma Knife Radiosurgery** ..... 323  
 Toshinori Hasegawa
- 29 Schwannomas in the Craniocervical Region: Complete Surgical Removal** ..... 331  
 Zaman Mirzadeh and Robert F. Spetzler
- 30 Cranial Base Surgery of Hypoglossal Schwannomas** ..... 345  
 Yoichi Nonaka and Takanori Fukushima
- Index** ..... 355

Tumors of the Central Nervous System, Volume 11

Pineal, Pituitary, and Spinal Tumors

Hayat, M.A. (Ed.)

2014, XLV, 371 p. 56 illus., 37 illus. in color.,

ISBN: 978-94-007-7037-9
