
Contents

1	An Introduction to Marine Renewable Energy	1
	Mark A. Shields	
2	The Physics and Hydrodynamic Setting of Marine Renewable Energy	5
	David K. Woolf, Matthew C. Easton, Peter A. Bowyer and Jason McIlvenny	
3	Baselines and Monitoring Methods for Detecting Impacts of Hydrodynamic Energy Extraction on Intertidal Communities of Rocky Shores	21
	Andrew Want, Robert A. Beharie, Michael C. Bell and Jon C. Side	
4	Assessing the Impact of Windfarms in Subtidal, Exposed Marine Areas	39
	Thomas G. Dahlgren, Marie-Lise Schläppy, Aleksey Šaškov, Mathias H. Andersson, Yuri Rzhanov and Ilker Fer	
5	The Influence of Fisheries Exclusion and Addition of Hard Substrata on Fish and Crustaceans	49
	Dan Wilhelmsson and Olivia Langhamer	
6	Marine Renewable Energy, Electromagnetic (EM) Fields and EM-Sensitive Animals	61
	Andrew B. Gill, Ian Gloyne-Philips, Joel Kimber and Peter Sigray	
7	Seabirds and Marine Renewables: Are we Asking the Right Questions?	81
	Beth E. Scott, Rebecca Langton, Evelyn Philpott and James J. Waggitt	
8	Marine Renewable Energy and Environmental Interactions: Baseline Assessments of Seabirds, Marine Mammals, Sea Turtles and Benthic Communities on the Oregon Shelf	93
	Sarah K. Henkel, Robert M. Suryan and Barbara A. Lagerquist	
9	Rethinking Underwater Sound-Recording Methods to Work at Tidal-Stream and Wave-Energy Sites	111
	Ben Wilson, Paul A. Lepper, Caroline Carter and Stephen P. Robinson	
10	Tracking Technologies for Quantifying Marine Mammal Interactions with Tidal Turbines: Pitfalls and Possibilities	127
	Gordon D. Hastie, Douglas M. Gillespie, Jonathan C. D. Gordon, Jamie D. J. Macaulay, Bernie J. McConnell and Carol E. Sparling	
11	Strategic Sectoral Planning for Offshore Renewable Energy in Scotland	141
	Ian M. Davies and David Pratt	

12 Strangford Lough and the SeaGen Tidal Turbine.	153
Graham Savidge, David Ainsworth, Stuart Bearhop, Nadja Christen, Bjoern Elsaesser, Frank Fortune, Rich Inger, Robert Kennedy, Angus McRobert, Kate E. Plummer, Daniel W. Pritchard, Carol E. Sparling and Trevor J. T. Whittaker	
Index.	173

Marine Renewable Energy Technology and
Environmental Interactions

Shields, M.A.; Payne, A.I.L. (Eds.)

2014, IX, 176 p. 39 illus., 10 illus. in color., Hardcover

ISBN: 978-94-017-8001-8
