

Contents

1	Law of Nature for Electronics	1
1.1	Rules of Nature for Human's Technology	1
1.2	Something Allowed by Nature	3
1.3	Rules of Nature not Found	11
	References	12
2	How Electronic Devices are Made?	13
2.1	Use of Electronic Devices	13
2.2	Inside of Electronic Devices	17
3	Evolution of Semiconductor Technologies	21
3.1	The Internals of Electronic Components	21
3.2	Semiconductor Chips	28
3.3	The Operations of Semiconductor Chips	30
3.3.1	Logic Circuits	31
3.3.2	Analog Circuits	54
3.3.3	Devices	88
	References	114
4	Foundation of Information Technologies	115
4.1	System Perspectives	115
4.2	CPU (Central Processing Unit)	116
4.3	Memories and Storages	121
4.4	OS (Operating Systems)	134
4.5	Summary	142
	References	143
	Index	145

Semiconductor Technologies in the Era of Electronics

Kang, Y.H.

2014, VII, 149 p. 98 illus., Hardcover

ISBN: 978-94-017-8767-3
