## Part I Theoretical Contributions

<b>1</b>	<b>Does Being Human Matter?</b>	<b>3</b>
<b>2</b>	<b>The Development of the Person: An Experiential Perspective on the Ontogenesis of Psychological Complexity</b>	<b>7</b>
	What is a Person?	7
	Person and Personality	9
	The Construction of Personhood Over the Life Span	10
	Ideal Outcomes of Adult Development	13
	Complexity and Development	19
	Piagetian Theory and Complex Relationships	20
	Optimal Experience and Development: Some Previous Perspectives	22
	Flow Theory and Complex Relationships	24
	Flow and Development	27
	Complex Relationships and the Complex Person	29
	Examples of Complexity in Later Life	33
	Seven Dimensions of Complexity	35
	Dialectical Thinking and Optimal Experience	42
	Complexity and Wisdom	45
	Complexity, Ego Control, and Ego Resiliency	48
	The Foundations of Complexity in Child Development	51
	The Importance of Social Context	52
	An Extension of Baldwin's Views on Development in Context	52
	Parent-Child Interaction and the Growth of Complexity	55
	Further Thoughts on Child-Centered and Adult-Centered Parenting	63
	Neoteny and Complexity: The Evolutionary Logic of Unending Childhood	65
	The Syntelic Character of Play	67
	Conclusions: The Role of Experience in Development	69
	References	71

<b>3</b>	<b>Life Themes: A Theoretical and Empirical Exploration of Their Origins and Effects</b>	81
	Conceptual Definition.	81
	Recognition of an Existential Stress	83
	Finding the Problem	84
	Stating the Problem	84
	Method of Solution	84
	An Empirical Approach	85
	Procedures.	85
	Results	86
	John	87
	Harry	88
	Significant Problems of Childhood.	89
	George	90
	Sam	90
	Max	91
	Patterns.	91
	Conclusion	93
	Discussion.	94
	Further Concerns	95
	References	96
<b>4</b>	<b>The Role of Emotions in the Development of Wisdom</b>	99
	Wisdom and Knowledge: An Evolutionary Perspective	100
	The Phenomenology of Wisdom	104
	The Development of Wisdom	107
	The Measurement of Wisdom	112
	Conclusions.	114

## **Part II Empirical Studies**

<b>12 The Ecology of Adolescent Activity and Experience</b> . . . . .	241
Introduction. . . . .	242
Method. . . . .	243
Procedure . . . . .	243
Sample . . . . .	243
The Self-Report Form. . . . .	244
Analysis and Interpretation of the Data. . . . .	245
Results . . . . .	245
The Structure of Adolescent Activity Patterns . . . . .	245
Experiences Associated with Adolescent Activities:	
Rationale, Quality of Interaction, and Moods. . . . .	247
Rationale for Activities. . . . .	248
Quality of Interaction . . . . .	248
Moods and Physical States . . . . .	250
Discussion. . . . .	252
References . . . . .	254
<b>13 Experiential Correlates of Time Alone in Adolescence</b> . . . . .	255
Introduction. . . . .	255
Method. . . . .	256
Procedure . . . . .	256
Sample . . . . .	257
The Self-Report Form. . . . .	257
Results . . . . .	259
The Context of Time Alone in Adolescence . . . . .	259
The Experience of Time Alone in Adolescence . . . . .	259
Individual Differences: Correlates of Time Spent Alone . . . . .	264
Discussion. . . . .	266
Summary . . . . .	268
References . . . . .	268

Enjoyment and the Survival of School Systems . . . . .	272
Crime and Enjoyment. . . . .	273
A Theory of Enjoyment . . . . .	275
Flow and School Crime . . . . .	278
Antisocial Action Systems . . . . .	280
Implications for the Reduction of School Crime . . . . .	282
<b>15 Mood Variability and the Psycho-social Adjustment of Adolescents</b> . . . . .	285
Introduction. . . . .	286
Adolescent Variability and the Disequilibrium Model. . . . .	286
Method. . . . .	287
Illustration of One Person's Mood Fluctuations . . . . .	289
Are Adolescents More Variable? . . . . .	291
Degree of Mood Variation . . . . .	292
The Changeability of Moods . . . . .	294
The Unpredictability of Moods . . . . .	295
Is Mood Variability Associated with Stress, Lack of Control, and Psychosocial Maladaptation? . . . . .	295
Statistical Indices of Mood Variability . . . . .	297
The Relation of Mood Variability to Stress and Lack of Control. . . . .	298
The Relation of Mood Variability to Psychological and Social Adjustment . . . . .	300
Mood Variability and Life Style . . . . .	300
Discussion. . . . .	302
References . . . . .	303
<b>16 Affiliation Motivation and Daily Experience: Some Issues on Gender Differences</b> . . . . .	305
Method. . . . .	310
Subjects . . . . .	310
Data . . . . .	311
Procedure . . . . .	312
Results . . . . .	313
Affiliation Scores. . . . .	313
Expressed Wishes . . . . .	313
Companions . . . . .	314
Activities . . . . .	314
Thoughts. . . . .	315
Quality of Experience. . . . .	315

Relationship Between Affiliation and Other Personality Variables . . . . .	318
Discussion. . . . .	319
References . . . . .	323
<b>17 Relations Between Identity in Young Adulthood and Intimacy at Midlife . . . . .</b>	<b>327</b>
Method . . . . .	329
Sample . . . . .	329
Measures. . . . .	329
Results . . . . .	330
Identity and Marital Status . . . . .	332
Identity and Well-Being . . . . .	334
Discussion. . . . .	335
Identity and Intimacy . . . . .	335
Identity and Well-Being . . . . .	336
Generalizability of the Findings . . . . .	337
Conclusion . . . . .	337
References . . . . .	338
<b>18 The Quality of Experience of Asian American Adolescents in Activities Related to Future Goals . . . . .</b>	<b>339</b>
Introduction. . . . .	340
Methods . . . . .	343
Sample . . . . .	343
Procedure . . . . .	345
Measures. . . . .	346
Results . . . . .	348
The Quality of Experience . . . . .	348
Parental Practices Concerning Children's Academic Activities . . .	351
Discussion. . . . .	354
References . . . . .	357
<b>19 Adolescent Happiness and Family Interaction . . . . .</b>	<b>359</b>
Complex Families and the Quality of Experience at Home . . . . .	360
Method . . . . .	362
Subjects . . . . .	362
Procedure . . . . .	363
Measures. . . . .	363
Results . . . . .	365
Happiness at Home . . . . .	365
Family Complexity and Parental Practices . . . . .	366
Happiness and Family Context . . . . .	368
Discussion. . . . .	370

The Question of Response Bias . . . . .	372
General Issues and Conclusions . . . . .	373
Directions for Future Research . . . . .	374
Appendix: Parent-Practices Questionnaire (from Devereux et al. 1969) . . . . .	375
References . . . . .	377
