Part I Basic Concepts

1 History of Mesenteric Vascular Disease.....	3
Kenneth J. Cherry Jr.	
2 Normal and Variant Mesenteric Anatomy	9
Randall R. De Martino	
3 Pathophysiology	25
Gustavo S. Oderich and Leonardo Reis de Souza	
4 Epidemiology and Natural History	33
Thomas Curran and Marc L. Schermerhorn	
5 Duplex Ultrasound of the Mesenteric Vessels.....	49
Thanila A. Macedo and Leonardo Reis de Souza	
6 Functional Testing in the Diagnosis of Chronic Mesenteric Ischemia	63
Jihan Harki, Eric T.T.L. Tjwa, and Désirée van Noord	
7 Noninvasive Arterial Imaging: Computed Tomography and Magnetic Resonance Angiography	79
Kirk J. Giesbrandt and Phillip M. Young	
8 Diagnostic Angiography	95
Gustavo S. Oderich and Leonardo Reis de Souza	

Part II Chronic Mesenteric Ischemia

9 Clinical Presentation, Etiology, and Diagnostic Considerations	105
Lars Stangenberg and Marc L. Schermerhorn	
10 Non-atherosclerotic Causes of Mesenteric Arterial Disease	123
Mateus P. Correa and Gustavo S. Oderich	

11	Techniques of Open Mesenteric Reconstructions	145
	Thomas C. Bower	
12	Results of Open Mesenteric Reconstructions	157
	Thomas C. Bower	
13	Techniques of Endovascular Mesenteric Revascularization	165
	Gustavo S. Oderich and Leonardo Reis de Souza	
14	Results of Endovascular Mesenteric Revascularization	187
	Timur P. Sarac	

Part III Acute Mesenteric Ischemia

15	Clinical Presentation, Etiology, and Diagnostic Considerations	199
	Ramoncito A. David, Young Erben, and Manju Kalra	
16	Technique of Open Mesenteric Catheter Embolectomy	211
	Young Erben and Manju Kalra	
17	Techniques of Open and Hybrid Mesenteric Revascularization for Acute Mesenteric Ischemia	225
	Jason R. Moore, Sadaf Sadie Ahanchi, and Jean M. Panneton	
18	Techniques of Endovascular Revascularization for Acute Mesenteric Ischemia	241
	Timur P. Sarac	
19	Second-Look Laparotomy, the Open Abdomen, and Temporary Abdominal Closure in Acute Mesenteric Ischemia	253
	Rishi Kundi and Todd E. Rasmussen	
20	Results of Open and Endovascular Revascularization for Acute Mesenteric Ischemia	265
	Ramoncito A. David and Manju Kalra	
21	Medical Management of Short Bowel Syndrome and Nutritional Support	277
	Jithinraj Edakkanambeth Varayil and Ryan T. Hurt	

Part IV Mesenteric Venous Thrombosis

22	Clinical Presentation, Etiology, and Diagnostic Considerations	295
	Michael G. Sarr, Shaun M. Gifford, and Patrick S. Kamath	
23	Thrombophilia Testing in Splanchnic Vein Thrombosis	309
	Robert D. McBane II and Waldemar E. Wysokinski	
24	Treatment of Mesenteric Venous Thrombosis	325
	Shaun M. Gifford, Michael G. Sarr, and Patrick S. Kamath	

Part V Non-Occlusive Mesenteric Ischemia

25 Clinical Presentation and Diagnosis	337
A. S. Bode, M. Dekkers, T. R. van Oudheusden, J. A. Teijink, and M.D. Luyer	
26 Management and Results	343
T. R. van Oudheusden, M. Dekkers, A. S. Bode, J. A. Teijink, and M. D. Luyer	

Part VI Median Arcuate Ligament Syndrome

27 Clinical Presentation and Diagnostic Considerations	349
Audra A. Duncan	
28 Open Surgical Treatment	357
Audra A. Duncan	
29 Laparoscopic Transperitoneal Approach	361
Usah Khrucharoen, Erik P. Dutson, and Juan Carlos Jimenez	
30 Results of Open and Laparoscopic Median Arcuate Ligament Release	375
Juan Carlos Jimenez and Erik P. Dutson	

Part VII Isolated Mesenteric Artery Dissection

31 Clinical Presentation, Etiology, and Diagnostic Considerations of Isolated Visceral Artery Dissections	387
Ying Huang and Peter Gloviczki	
32 Open Surgical and Endovascular Revascularizations of Isolated Visceral Artery Dissections	407
Ying Huang and Peter Gloviczki	
33 Results of Medical, Interventional, and Surgical Treatment	419
John H. Landau and Adam H. Power	

Part VIII Mesenteric Aneurysms

34 Clinical Presentation, Etiology, Diagnostic Considerations, Treatment, and Results	431
Ying Huang, Leonardo Reis de Souza, Gustavo S. Oderich, and William M. Stone	
Index	459
