

Contents

1	A Problem-Oriented View of Large-Scale Conservation	1
	Susan G. Clark, Catherine H. Picard and Aaron M. Hohl	
Part I Overview		
2	The Importance of People, Institutions, and Resources in Large-Scale Conservation	15
	Susan G. Clark, Aaron M. Hohl and Catherine H. Picard	
3	Approaches to Large-Scale Conservation: A Survey	29
	Aaron M. Hohl, Catherine H. Picard, Susan G. Clark and Arthur Middleton	
Part II Rapid Assessments		
4	The Connecticut River Watershed: Using Adaptive Governance Arenas for Collaboration and Integration	55
	David Cherney, Yuko Kurauchi and Alex McIntosh	
5	The Greater Yellowstone Ecosystem: A Rapid Appraisal and Recommendations	71
	Darcy Peth, Jennifer Hoyle, Emily Alcott, Jessica Siegal, Shristi Kamal, Rae Wynn-Grant and Susan G. Clark	
6	The Last Green Valley: Modernization and Sustainability in a Three-State Area	93
	Mariana Sarmiento, Megan McVey, Matt Decker, Jonathan Peterson and Susan G. Clark	

Part III Participant Observations

- 7 Conserving Trail Corridors: The Pacific Crest National Scenic Trail.....** 115
Elizabeth Thomas
- 8 Conserving Tanzania's Wildlife: What is the Policy Problem?** 139
Catherine H. Picard
- 9 The Humboldt Bay Initiative: Integrating People and Natural Resources in Northern California.....** 159
Rebecca Price-Hall, Aaron M. Hohl and Susan Schlosser

Part IV Conclusion

- 10 Large-Scale Conservation in the Common Interest: Conclusions and Recommendations.....** 185
Aaron M. Hohl, Susan G. Clark and Catherine H. Picard
- Index.....** 189

Large-Scale Conservation in the Common Interest

Clark, S.G.; Hohl, A.M.; Picard, C.H.; Thomas, E. (Eds.)

2015, XIV, 191 p. 8 illus., Hardcover

ISBN: 978-3-319-07418-4
