Part I Curriculum Innovation

Preparing Teachers for Sustainable Development in Higher Education	3
Iolanda Bueno de Camargo Cortelazzo	
A Minor Programme on Sustainability for the Engineering Curriculum at the University of Chile	21
Luis S. Vargas and Claudia Mac Lean	
Food for Thought: A University-Wide Approach to Stimulate Curricular and Extracurricular ESD Activity	31
Helen Puntha, Petra Molthan-Hill, Aldilla Dharmasmita and Eunice Simmons	
Sustainability and Employability: Alliances at the University of Bedfordshire	49
Diana Pritchard and Mark Atlay	
The Environmental Sustainability of Brazilian Universities: Barriers and Pre-conditions	63
Luciana Londero Brandli, Walter Leal Filho, Marcos Antonio Leite Frandoloso, Eduardo Pavan Korf and Denise Daris	
Implementing a Sustainability Strategy: A Case Study from the University of Leeds	75
Louise Ellis and Jessica Martin	

It's Contagious! Developing Sustainability Perspectives in Academic Life at a UK University	89
Stephen Scoffham and Nicola Kemp	
A Strategic Framework for Developing Interdisciplinary Minors on Climate Change and Sustainability Policy: The CLIMASP-Tempus Example	103
Vassilios Makrakis and Nelly Kostoulas-Makrakis	
Sustainable Development Integration Strategies in Higher Education: Case Study of Two Universities and Five Colleges in Quebec	117
Véronique Bisailon, Mourad Ben Amor and Alain Webster	
Making Money and Saving the World: Empowering Students for Sustainability Through Social Enterprise.	131
Kate Arnold	
Promoting Education for Sustainable Development at the University of Prishtina, Kosovo	139
Arlinda Beka and Adriano Ciani	
Increasing Global Environmental Literacy via Faculty Experiential Learning	153
Antje Danielson and Panagiota Kaltsa	
What Does the Concept of Responsibility Contribute to the Teaching of Sustainability in Universities?	169
Harold Goodwin	
The Road Less (Sustainably) Traveled: A Case Study of Academic Travel at Franklin University Switzerland.	183
Brack W. Hale and Alison Vogelaar	
One Metaphor—Several Meanings: An Interdisciplinary Approach to Sustainable Development	197
Astrid Ouahyb Sundsbø, Benjamin R.K. Runkle, Sarah McMonagle, Kerstin Jantke, Florian Lottermoser, Manuel Gottschick, Sönke Häsel, Juan Miguel Rodriguez Lopez and Marcus Scheele	
Campus Ecological Footprint Versus the Global Influence of Sustainability Related Campus Activities: How Do They Compare?	215
Tim Lang and Christopher Kennedy	

Developing Action Strategies for Sustainable Living Amongst Employees	231
Alexandra Mifsud	
An Instructor's Experience: Implementing Sustainable Development in the Curriculum	247
Sima I. Mpofu	
Sustainability into the University of Sao Paulo (USP), São Carlos Engineering School (EESC)—Brazil	265
Yovana M.B. Saavedra, Fabio Neves Puglieri, Vitor Ranieri, Rosane A. Aranda, Patrícia Silva Leme and Aldo Roberto Ometto	
Quality Air Monitoring in a Brazilian University: The Use of Passive Samplers	281
Eduardo Pavan Korf, Denise Daris, Luciana Londero Brandli, Marcos Antonio Leite Frandoloso and Giulius Sebastian Soares Schwanz	
 Part II Best Practice	
Embedding Environmental Sustainable Development Within Social Enterprise at the University of Northampton	295
Simon Mark Pole	
Improvements for a Sustainable Distance Education with the New UNED On-Site System for Virtualization of Exams: Malaga Region (Andalucía, Spain) as Case Study	309
M. Olga Guerrero-Pérez, Gustavo Román and Concepción Travesedo	
Overview of the Sustainability in Brazilian Information and Communications Technology Market	319
Bruna Grascyela Schaefer Paese and Márcia Cassitas Hino	
Virtual Learning Environments for Transformation to Sustainability: A Case Study from the "South"	335
Rudi Pretorius, Melanie Nicolau, Jaco Immelman, Anna de Jager, Marié Nöthling and Anja du Plessis	
The Deployment of Sustainability in the Higher Education Business Studies Curriculum: Centrality, Pervasiveness and Practical Teaching and Learning	349
Clare Hagerup and Russell Woodward	

A Sustainable Development Management System for the University of Coimbra	361
Maximilian Karl Votteler and Antonio Gomes Martins	
Encouraging Engineering Students to Question Technological Solutions for Complex Ecological and Social Problems	375
Sabine Pongratz and André Baier	
Sustainability and Service-Learning: Creating a Rubric for Stewardship Across Courses	387
Amber Narro	
University Networks in Italy and Their Intellectual Contribution to Implement Sustainable Development Issues in the CV	399
Carolina Collaro	
What Are the European Legal Duties to Conserve Biodiversity in University Campuses?	413
Konstantinos Tzoulas, Philip James, Elizabeth Price and Phil Wheeler	
The Benefits and Challenges of Developing and Implementing an Environmental Management System Using a Participatory Approach: A Case Study of Manchester Metropolitan University, UK	425
Helena Tinker and Konstantinos Tzoulas	
Introducing Sustainability Values: The Case of Ibri College of Applied Sciences (Sultanate of Oman)	439
Sadiq Hussain	
Social Feasibility in the Adoption of Renewable Energy: A Case Study of REGSA Project	453
José Baltazar Salgueirinho Osório de Andrade Guerra, Youssef Ahmad Youssef, Leandro Piazza dos Santos and Ane Cristina Figueiredo Pereira de Faria	
An Innovative Model of Student-Led Sustainability in Higher Education. Green Dragons, City University London Students' Union	473
Maria Xypaki	

Revealing Complexity in Educating for Sustainability: An Update on the Work of the Roundtable on Environment and Sustainability.	497
Paul A. Barresi, Will J. Focht, Michael A. Reiter, Richard C. Smardon, Michael Humphreys, Kimberly D. Reiter and Steven A. Kolmes	
Embedding Sustainability Across the Curriculum via Collaboration: A Review of Progress in the University of the West of England	513
Georgina K. Gough and James W.S. Longhurst	
Developing a Holistic Approach to Implementing Education for Sustainable Development Across a Higher Educational Institute: A Longitudinal Study of the University of the West of England, Bristol	527
James W.S. Longhurst, Georgina K. Gough, Marcus Grant and Sarah Hills	
Environmental Education for Staff at the University of São Paulo, Brazil: Capillarity and Critical Environmental Education Put into Action.	543
Daniela Cássia Sudan, Ana Maria de Meira, Marcos Sorrentino, Fernanda da Rocha Brando Fernandez, Rosana Louro Ferreira Silva, Laura Alves Martirani, Denise Maria Gândara Alves, Paulo Ernesto Diaz Rocha, Silvia Aparecida Martins dos Santos, Taitiany Karita Bonzanini, Maria Estela Gaglianone Moro, Wellington Braz Carvalho Delitti and Marcelo de Andrade Romero	
Values, Behaviors, and Economic Outcomes: Sustainability in the Teaching of Economics.	559
Madhavi Venkatesan	
Elaboration and Implementation of a Waste Management Policy at the University of São Paulo (USP)	569
M. Cooper, Adriano C. Pimenta, Aline Mellucci, Ana Maria de Meira, Arthur R. Silva, Maria Cecília H.T. Cavalheiro, Clara M. Zorigian, Daniela C. Sudan, Danilo Vitorino, Elizabeth T. Lima, Fabrício Rossi, Glaucio A. Tavares, Juliana Monti, Maria Estela Gaglianone Moro, Patrícia B. Di Vitta, Patrícia G. Moreira, Patrícia C.S. Leme, Simone B.J. Simonelli, Tamara Gomes, Vera Gandra C. Albuquerque, Wellington B.C. Delitti and Marcelo Romero	

Incorporating an Ethos of Sustainability into the Conceptualisation and Development of an Academic Building: The Kings Cross Development in London	579
Fayyaz Vellani and Naveed Nanjee	
 Implementing a Holistic and Student Centered Outreach Programme Towards Integrated Sustainable Development of the Campus—A Case Study of a Residential School from South India	 591
Nandhivarman Muthu, Bhaskaran Shanmugam, Poyyamoli Gopalsamy and Golda A. Edwin	
 Thinking Differently About Sustainability: Experiences from the UK Open University	 613
Christine Blackmore, Ray Ison and Martin Reynolds	

Integrating Sustainability Thinking in Science and
Engineering Curricula

Innovative Approaches, Methods and Tools

Leal Filho, W.; Azeiteiro, U.M.; Caeiro, S.; Alves, F. (Eds.)

2015, XII, 630 p. 115 illus., 65 illus. in color., Hardcover
