

Contents

1 Introduction	1
Tobias Fischer, Martin Langanke, Paul Marschall and Susanne Michl	
Part I Definition and Concept of Individualized Medicine	
2 The Meaning of “Individualized Medicine”: A Terminological Adjustment of a Perplexing Term	11
Martin Langanke, Wolfgang Lieb, Pia Erdmann, Marcus Dörr, Tobias Fischer, Heyo K. Kroemer, Steffen Flessa and Heinrich Assel	
3 Individualized Medicine Within the GANI_MED Project	29
Hans-Jörgen Grabe and Henri Wallaschofski	
Part II Perspectives of Socio-Cultural and Historical Studies	
4 Inventing Traditions, Raising Expectations. Recent Debates on “Personalized Medicine”	45
Susanne Michl	
5 The Epistemics of “Personalized Medicine”. Rebranding Pharmacogenetics	61
Susanne Michl	
Part III Medical Perspectives	
6 Use of Biomarkers for the Prediction of Treatment Response: Immunoabsorption in Dilated Cardiomyopathy as a Clinical Example	81
Marcus Dörr, Uwe Völker and Stephan B. Felix	
7 The Role of Pharmacogenomics in Individualized Medicine	93
Henriette E. Meyer zu Schwabedissen	

Part IV Concept-Based Ethical Questions

- 8 On a Philosophy of Individualized Medicine: Conceptual and Ethical Questions** 115
Konrad Ott and Tobias Fischer
- 9 The Concept of Disease in the Era of Prediction**..... 165
Johann-Christian Pöder and Heinrich Assel

Part V Applied Research Ethics

- 10 Informed Consent in GANI_MED—A Sectional Design for Clinical Epidemiological Studies Within Individualized Medicine** 183
Martin Langanke, Jakob Fasold, Pia Erdmann, Roberto Lorbeer and Wenke Liedtke
- 11 Ethics Meets IT: Aspects and Elements of Computer-based Informed Consent Processing** 209
Thomas Bahls, Wenke Liedtke, Lars Geidel and Martin Langanke
- 12 Handling Incidental Findings from Imaging Within IM Related Research—Results from an Empirical-Ethical Study** 231
Pia Erdmann

Part VI Health Economic Assessment of Individualized Medicine

- 13 Individualized Medicine: From Potential to Macro Innovation**..... 253
Steffen Flessa and Paul Marschall
- 14 Assessing Individualized Medicine—The Example of Immunoabsorption** 273
Paul Marschall, Timm Laslo, Wolfgang Hoffmann, Kerstin Weitmann and Steffen Flessa
- 15 How Individualized is Medicine Today?** 293
Timm Laslo, Paul Marschall and Steffen Flessa
- 16 Conclusions and Recommendations** 311
Tobias Fischer, Martin Langanke, Paul Marschall and Susanne Michl
- Index**..... 321

Individualized Medicine

Ethical, Economical and Historical Perspectives

Fischer, T.; Langanke, M.; Marschall, P.; Michl, S. (Eds.)

2015, XVI, 323 p. 24 illus., 18 illus. in color., Hardcover

ISBN: 978-3-319-11718-8
