1	Introduction	1
1.1	Microzooplankton and Tintinnid	2
1.2	Why Tintinnid Has Been Given Priority?	4
	References	5
2	Methodology	7
2.1	Study Sites	7
2.2	Sampling Strategy and Analytical Protocol	8
2.2.1	Collection and Preservation of Tintinnid	8
2.2.2	Collection and Analysis of Water Samples	11
2.2.3	Statistical Analyses	14
2.3	General Morphology of a Tintinnid ciliate	15
2.4	Salient Features of Tintinnids Encountered in Sundarbans	
	Coastal Regions	16
2.4.1	<i>Tintinnopsis beroidea</i> (Stein, 1867)	17
2.4.2	<i>Tintinnopsis minuta</i> (Wailes, 1925)	19
2.4.3	<i>Tintinnopsis lohmani</i> (Laackmann, 1906)	20
2.4.4	<i>Tintinnopsis cylindrica</i> (Daday, 1887)	21
2.4.5	<i>Tintinnopsis lobiancoi</i> (Daday, 1887)	22
2.4.6	<i>Tintinnopsis tocaninensis</i> (Kofoid and Campbell, 1929)	23
2.4.7	<i>Tintinnopsis uruguyansis</i> (Nie and Cheng, 1947)	24
2.4.8	<i>Tintinnopsis tubulosa</i> (Levander, 1900)	25
2.4.9	<i>Tintinnopsis nucula</i> (Fol, 1884)	27
2.4.10	<i>Tintinnopsis parva</i> (Merkle, 1909)	28
2.4.11	<i>Tintinnopsis butschlii</i> (Daday, 1887)	29
2.4.12	<i>Tintinnopsis mortensenii</i> (Schmidt, 1901)	30
2.4.13	<i>Tintinnopsis kofoidi</i> (Hada, 1932)	31
2.4.14	<i>Tintinnopsis directa</i> (Hada, 1932)	32
2.4.15	<i>Tintinnopsis brasiliensis</i> (Kofoid and Campbell, 1929)	33
2.4.16	<i>Tintinnopsis amoyensis</i> (Nie, 1934)	34
2.4.17	<i>Tintinnopsis radix</i> (Imhof, 1886)	35

2.4.18	<i>Tintinnopsis orientalis</i> (Kofoid and Campbell, 1929)	37
2.4.19	<i>Tintinnopsis karajacensis</i> (Brandt, 1896).	38
2.4.20	<i>Tintinnopsis gracilis</i> (Kofoid and Campbell, 1929).	39
2.4.21	<i>Tintinnopsis parvula</i> (Jørgensen, 1912).	40
2.4.22	<i>Tintinnopsis urnula</i> (Meunier, 1910).	41
2.4.23	<i>Tintinnopsis rotundata</i> (Kofoid and Campbell, 1929)	42
2.4.24	<i>Tintinnopsis acuminata</i> (Daday, 1887).	43
2.4.25	<i>Leprotintinnus simplex</i> (Schmidt, 1901)	44
2.4.26	<i>Leprotintinnus norqvisti</i> (Kofoid and Campbell, 1929)	46
2.4.27	<i>Tintinnidium primitivum</i> (Busch, 1923).	47
2.4.28	<i>Tintinnidium mucicola</i> (Claparède and Lachmann, 1858) Daday, 1887	48
2.4.29	<i>Codonellopsis schabi</i> (Brandt, 1906) Kofoid and Campbell, 1929	49
2.4.30	<i>Stenosemella ventricosa</i> (Claparède and Laachmann, 1858) Jørgensen, 1924	50
2.4.31	<i>Favella ehrenbergii</i> (Claparède and Laachmann, 1858)	51
2.4.32	<i>Amphorellopsis acuta</i> (Schmidt, 1901)	53
2.4.33	<i>Eutintinnus sp.</i> (Kofoid and Campbell, 1939)	54
2.4.34	<i>Metacylis mediterranea</i> (Mereschkowsky, 1880) Jørgensen, 1924	55
2.4.35	<i>Metacyllis sp.</i> (Jørgensen, 1924)	56
2.4.36	<i>Helicostomella sp.</i> (Jørgensen, 1924).	57
2.4.37	<i>Wangiella dicollaria</i> (Nie, 1934)	58
