

Contents

1	Introduction	1
1.1	Nature of the Work	1
1.2	Area and Material of Study	1
1.3	Methodology	2
1.4	Background	5
1.4.1	The Entrerriense-Paranense Transgression	5
1.4.2	The Laguna Paiva Transgression	11
1.4.3	Miocene Transgressions in South America	13
1.4.4	State of the Art	15
2	Results and Discussion	21
2.1	The Chacoparanense and Salado Basins	21
2.1.1	The Laguna Paiva Transgression	21
2.1.2	The Entrerriense-Paranense Transgression	36
2.1.3	Main Features of the Basins	45
2.1.4	Proposed Litostratigraphic Units	45
2.1.5	Regional Context of the TLP and TEP	53
2.2	Península de Valdés	56
2.2.1	Main Features of the Sections	56
2.2.2	Microfossils	57
2.2.3	Mineralogy and Paleoclimate	59
3	Conclusions	65
	Appendix A: Profiles	69
	Appendix B: Mineralogical Analysis	103
	Appendix C: Distribution Charts	109

Appendix D: Systematics	123
Appendix E: Plates	171
References	203

Neogene Micropaleontology and Stratigraphy of
Argentina

The Chaco-Paranense Basin and the Península de
Valdés

Marengo, H.

2015, XIV, 218 p. 77 illus., 4 illus. in color., Softcover
