

Contents

Extremophile Fishes: An Introduction	1
Martin Plath, Michael Tobler, and Rüdiger Riesch	
Low-Oxygen Lifestyles	9
Lauren J. Chapman	
The Adaptive Radiation of Notothenioid Fishes in the Waters of Antarctica	35
Michael Matschiner, Marco Colombo, Malte Damerau, Santiago Ceballos, Reinhold Hanel, and Walter Salzburger	
Desert Environments	59
Stanley D. Hillyard, Jason E. Podrabsky, and Frank van Breukelen	
Hypersaline Environments	85
Gary Laverty and Erik Skadhauge	
Life in the Fast Lane: A Review of Rheophily in Freshwater Fishes . . .	107
Nathan K. Lujan and Kevin W. Conway	
Hydrogen Sulfide-Toxic Habitats	137
Rüdiger Riesch, Michael Tobler, and Martin Plath	
Cave Environments	161
Matthew L. Niemiller and Daphne Soares	
Pickled Fish Anyone?	193
Jay A. Nelson	
Temporary Environments	217
Matej Poláčik and Jason E. Podrabsky	

Evolutionary Toxicology: Population Adaptation in Response to Anthropogenic Pollution	247
Elias M. Oziolor and Cole W. Matson	
Extremophile Fishes: An Integrative Synthesis	279
Michael Tobler, Rüdiger Riesch, and Martin Plath	
Appendix	297
Index	309

Extremophile Fishes

Ecology, Evolution, and Physiology of Teleosts in
Extreme Environments

Riesch, R.; Tobler, M.; Plath, M. (Eds.)

2015, XII, 326 p. 30 illus., 16 illus. in color., Hardcover

ISBN: 978-3-319-13361-4
