Part I Introduction

1	General Introduction	3
1.1	Introduction	3
1.2	Research Problem, Importance, Relevance and Method	3
1.3	Objectives, Hypotheses and Questions of the Research	7
1.4	Structure of the Research	8
	References	10
2	Overview of Sudanese Economy and the Status of ICT in Sudan . . .	13
2.1	Introduction	13
2.2	Socio-economic Characteristics of the Sudanese Economy	13
2.3	Background on the Importance and Diffusion of Core ICT Indicators in Sudan, Arab Countries and World Regions, (2000–2013)	22
2.4	Conclusions	39
	References	40

Part II Conceptual and Theoretical Framework

3	Conceptual Framework and Reviews of Theoretical and Empirical Literature	43
3.1	Introduction	43
3.2	Conceptual Framework: Definition of Information and Communications Technology, Digital Divide, Global Digital Divide, and Gender Digital Divide	45
3.2.1	Information and Communications Technology	45
3.2.2	Digital Divide	45
3.3	Theoretical Framework and Reviews of Empirical Literature . . .	48
3.3.1	ICT and Digital Divide: Theoretical Framework and Empirical Literature	49
3.3.2	ICT and Economic Growth: Empirical Literature	57

3.3.3	ICT and Education: Empirical Literature	60
3.3.4	ICT and Enhancing Knowledge in Africa	63
3.4	Conclusions	68
	References	68

Part III Empirical Application

4	Research Methodology and Methods of Data Collection	77
4.1	Introduction	77
4.2	Motivation and Selection of a Case Study	77
4.3	The Selection of the Sample and Composition of the Survey	80
4.4	Structure and Design of the Questionnaire	81
4.5	Conclusions	83
	References	84
5	The Demand Side of ICT	87
5.1	Introduction	87
5.2	Main Characteristics of the Sample	87
5.3	The Demand Perspective of the Use of ICT	90
5.3.1	The Pattern, Trend, Nature and Extent of the Use of ICT	90
5.3.2	Comparison Between Different Advantages of the Different Modes of ICT	99
5.4	The Income and Price Effects of the Use of ICT from the Demand Perspective	103
5.5	Conclusions	123
	References	126
6	Overview of the Use of ICT and the Digital Divide in Sudan	127
6.1	Introduction	127
6.2	The Use of Mobile and Digital Divide in Sudan	129
6.2.1	Ownership and Use of Mobile by Households	129
6.2.2	Spending on Mobile Services and Fixed Telephone	129
6.2.3	Ownership and Use of Mobile by Individuals	132
6.2.4	Purposes of the Use of Mobile	135
6.2.5	Knowledge of the Use of Mobile	146
6.2.6	Prices and Costs of the Uses of Mobile	150
6.3	The Use of Computer and Digital Divide in Sudan	154
6.3.1	Ownership and Use of Computer by Households	154
6.3.2	Knowledge, Provision and Use of Computer by Individuals	158
6.3.3	Purposes of the Use of Computer	164
6.3.4	Impediment Factors Impeded the Use of Computer	175
6.4	The Use of Internet and Digital Divide in Sudan	185
6.4.1	Pattern of Access to and Spending on the Internet by Households	186

6.4.2	Knowledge and Use of the Internet by Individuals	188
6.4.3	Language of Connectivity and Use of the Internet	192
6.4.4	Means of Connectivity and Use of the Internet	200
6.4.5	Locations of Connectivity and Use of the Internet	205
6.4.6	Purposes of Connectivity and Use of the Internet	216
6.4.7	Impediment Factors Impeded the Use of the Internet	228
6.4.8	Costs of Connectivity and Use of the Internet	232
6.5	Determinants of the Digital Divide	236
6.5.1	Relationships Between the Use of ICT, Age, Educational Level and Professional Level	237
6.5.2	Relationships Between the Use of ICT, Per Capita Income, Poverty and Urbanization	252
6.6	Conclusion	262
	References	266
7	The Supply Side of ICT	267
7.1	Introduction	267
7.2	Overview of ICT Regulatory Framework and ICT Market Structure in Sudan	268
7.2.1	ICT Regulatory Framework and Regulation in Sudan	268
7.2.2	ICT Market Structure: Level of Competition and Market Shares in ICT Market in Sudan	269
7.3	Characteristics of the Supply Side of ICT at Macro–Micro Levels in Sudan	276
7.3.1	Characteristics of the Supply Side of ICT at the Macro Level in Sudan	277
7.3.2	Characteristics of the Supply Side of ICT at the Micro Level in Sudan	281
7.4	Difficulties on the Supply and Demand Sides	290
7.5	Suggestion for Solutions on the Supply and Demand Sides	297
7.6	Conclusions	301
	References	303
8	The Effect of ICT in Knowledge in Sudanese Universities and the Labour Market	305
8.1	Introduction	305
8.2	The Sudanese National ICT Strategy and Policy in Higher Education	306
8.3	ICT and Knowledge Production Institutions in Sudanese Universities	307
8.4	The Effect of ICT on Knowledge: ICT Opportunities and Challenges for Connection and Knowledge	317
8.4.1	ICT (Internet) Impacts: Opportunities and Challenges	318
8.4.2	The Effect of ICT in the Labour Market and on Knowledge	332
8.5	Conclusions	336
	References	337

Part IV Policy Recommendations, Summary and Conclusions

9 Summary and Conclusions 341
 References 353

Appendix: Questionnaire: The Use and Economic Impacts of ICT:
The Case of Sudan 355
About the Author 373

Information and Communication Technology in Sudan
An Economic Analysis of Impact and Use in Universities

Mohamed Nour, S.

2015, XXXIV, 374 p. 32 illus., 30 illus. in color.,

Hardcover
